Drug and alcohol (wax) prevention

Need to have advance classes/courses for elementary students who exceeds state/local standards. These students are not being challenged. They need to be challenged, they are the future Inventors, Neurosurgeons, Engineers, and Scientists, etc. Otherwise, if not challenged students may not know their potential that they can be a scholar.  
Personalized learning and building up principals to be full-time instructional leaders

### Parent

ELD should be a sense of urgency. All school stakeholders should be reflective of their impact on student learning and follow through with "good first teaching." (Intentional planning) Accountability and Support also needs to be a sense of urgency for our site leaders.

Groups that boost the kids self esteem. In that area to help stop bullying.

Hold teachers accountable for not providing the proper grade standard

I have found TJ and MHS to be difficult to figure out from a parent perspective. Sometimes, they are simply not very friendly. Rather than looking at individual students, the administration takes the "company line" in order to make things easier for them. They will meet with parents, but not much comes of the meetings. It is frustrating. I have found the counselors and most office staff to be fabulous. It is administration that stands in the way of changes that might help individual students. I understand why so many people remove students from MUSD.

Less homework

Madera Unified School District needs to meet regularly and begin to be more supportive to the programs and staffing for Madera Adult School since many of the students that attend the Adult School are parents of the K-12 system for Madera Unified. By educating the parents more, then they are able to help their children with their education and be more involved.

More teacher supervision to make sure they are holding to the district standards in all areas

MUSD needs to reduce class size to 20 or 23 student per classroom. Teachers lose the ability to be able to have a one to one interaction with each students.

Psychology needs to advance testing or repeat more then x a day presently

Teachers are being told what to teach and how to teach it. High standards are important, however, many teachers feel they are not being treated as professionals. District Office personnel, academic "coaches" (who have little or no experience in the grade levels they are supposed to provide instructional models for), are taking a substantial amount of funding that could be better utilized for more support for struggling students, extra programs for advanced students, or reducing class sizes in Kinder and 1st grade.

Teachers have too many students with a wide range of needs.

Teachers need to be more involved with students

There is a serious problem with the quality of math instructors teaching Freshmen. I am not impressed with with the level of communication to parents about mastery grading either.

We need more emotional/mental support for kids. Behavior is a big factor in lack of learning and most of it is going back to lack of mental/emotional support.

### Site Admin

PBIS is helping to reduce discipline with the 85% group. But, there are extreme cases that are causing major disruptions in the classrooms. This effects the learning of all the students in that classroom.

### Student

Stronger Academic Courses and Summer School Credit opportunities are a necessity. As a student, I and several other peers feel as if our district fails to prepare us for college courses and fails to provide us with programs/classes that will make us competitive applicants during the college application process.

### Teacher

A lot of money is spent on academic coaches and vice principals, these staff members have the lease impact on our students' learning.

Class size is a major concern. No more than 30 students per classroom in the intermediate and no more than 25 in the primary grades.

Kinder and first should have no more than 20.

Class sizes are too large and allow students who need more attention but aren't disruptive or outspoken to slip through the cracks.

higher tech coaches for each site. I understand you just redirected them back to classrooms. By 2025 students will have to be tech savvy to support them in the work force. It makes no sense to cut back in this area.

Increase technology that is available to kids at the elementary levels and in kinder, first and second.

It is a disservice to only allow kids at a certain school summer school opportunities. All students in the district (at least struggling) should have an equal opportunity to attend summer school.

LCAP monies in districts/schools where test scores are low, should be directed toward intervention and/or ELD support to help close that gap and address the academic needs of these groups of students.

Math intervention for students who are more than a year behind.

Planning time is essential for effective implementation.

School safety

Smaller class sizes are very beneficial to the students. There should be no more than 20 students in a TK-3 grade classroom.

Some how being able to provide an internet connection by internet providers at a lower cost to parents so students are able to complete any homework that requires the internet at home

stop giving so many tests so much

Students need access to curriculum that actually addresses the current standards, not outdated ones. Teachers also need access to resources to provide interventions to students who are not performing at grade level: guided reading programs for upper elementary grades, comprehensive reading software, training, etc

Teachers on special assignment TSA / PLuss could job share teaching a class and do TSA / Pluss half day each. This would allow elementary teachers to see these teachers in action in their classroom setting. Show how they apply the coaching and best practices. General Ed elementary teachers could go observe these practices in a realistic classroom setting. Coaching would valid, district could save money on high end salary teachers currently serving these TSA/ Pluss positions. There are 70+ teachers being paid that do not have a class roster.

The lack of an organization (in communication, roles, etc) is holding us back.

Tutoring after school or school and school hours

Upgrade and/or increase number of laboratory classrooms to teach laboratory science.

We need to have more academic support for struggling students.

## Student Engagement Comments

Office support (clerical)

Students continue to come and /or excel because they have friends there or are motivated to learn . if not one then the other has to be there.

### Community Member

Need to find a way to connect all students to school. Communicating to students in a timely manner what is available is key for buy in.

### Parent

Adult Ed students need more extended learning time by offering summer school so that those students that were a few credits away from getting their high school diploma or passing a few tests to get the GED Certificate could help these students get this done sooner than to have to wait a few months after the summer break to return back to the school and try to finish where they left off. Madera Adult School does need a counselor on campus that can guide students into a career or college pathway after finishing with the Adult School. Also the counselor will help to read the transcripts and be able to place students in the appropriate high school diploma or GED class.

The counselors on campus are pretty terrible.

Train HS teachers (again if necessary) on de-escalating tense situations with students. Also, there are teachers of history who have failing students and the grade book is EMPTY for the first 6+ weeks of school. Then suddenly 3 things are graded and student is failing 3 weeks before grade report. I thought VPs monitored this?

We need motivated teachers with the passion to teach.

We need to bring back trade schools for those not college bound. We need to be proud of a trades again and not put them down if not going to college.

### Teacher

Accountability with regards to the implementation of district initiatives.

Demonstrate your support for our community by supporting teachers. They have a hard job. It seems the trustees lack understanding of education in real life. Perhaps our trustees have other agendas like promoting each other for the next election to see how elevated they are able to go. Very sad.

Elementary students need Music, PE, Library, Computer and ART. Students need a special class to attend each day of the week with a real teacher specializing in this area. The power of a liberal arts education is highly beneficial.

If students are low performing up to their 10th grade year, they should be put in a skill based learning environment so they can become a productive member of society by graduation and not become a dropout.

Parents need to be held accountable for their child's chronic absenteeism and tardies.

Prioritize education and success in core subject areas over athletic involvement. Too many students are allowed to participate in extra-curriculars despite not meeting minimum GPA.

Requires less boundaries mileage for pick up students

Smaller classes would also help all students with engagement.

Strong nuclear families are the key to academic success in our country. The schools were never designed to be "all things, to all people, at all times, under all circumstances-no matter what. The parents need to be encouraged to be 50/50 partners in education.

The district needs to have a solution/help/program for students that are dangerous to others and constantly disrupting the learning of other students.

We need more rigor (higher academic programs) in our schools to challenge the high-achieving students.

## Other Student Outcomes Comments

7-12 would benefit from a writing revision tool like Grammarly or Turnitin.com so that students can learn from their own self correction in addition to their teachers' feedback.

Integrated math almost entirely eliminates the opportunity for students to earn AP credit in math courses before senior year.

## School Climate Comments

We need to celebrate those who do well more often. PRIDE Paws are a great addition this year. Would like to see a continued and increased focus on those students who are doing the right things.

Our safety officers do the best they can but we need more. Our site has so many different areas that need the manpower, but we just don't have it.

### Parent

Accountability

All classroom doors need to be able to be locked from the inside. Security cameras need to be installed. Elementary schools over a certain threshold should have a full time counselor, full time psych, full time intervention teacher and 2nd vp trained to handle extreme behaviors. My school has a larger student population than TJ, but we don't have anywhere near the support staff.

Less homework

Lets make posters, flyer for parents and maybe a magnet for each child to take home and parents have at hand if their child is being bullied.

A hotline or a direct number to their school.

PL for teachers around ensuring students learn rather than that they taught. Many if not most still feel their job is to deliver instruction and if student doesn't learn - too bad. Some classrooms need much more engagement for students- they sleep in class and teachers are ok with it!

It's posted on Snapchat frequently. Last, why do so many teachers let students use phones in class for everything but learning?

PL for teachers on this is needed. I realize HS teachers are unique. but...it's not okav.

Security: There should be an entrance where you must be cleared to enter in every school, or an armed officer at each campus.

Students say that bullying is an increasingly serious problem and there is an uptick in how many students have anxiety, panic attacks, self-harm, and other serious mental issues.

We need to put those kids somewhere else, online school! We could provide a computer lab for these students and staff it with a

teacher/tech to help them as needed. We would still collect ADA for them, they would continue to have access to curriculum at their grade level, and they would be out of the way of mainstream learning.

### Teacher

I believe that conflict resolution and agreements are a means of helping students, teachers, and community to resolve conflict in a positive manner.

I highly recommend our board members and district officials to visit our middle schools and high schools more frequently to see the real setting our students/teachers are in on a daily basis. It is very rare we see them on our campuses but yet the funding is decided by them. Please come out and visit our schools.

Mental health is a huge concern in the primary classrooms.

Mental health is much needed in society. Our Madera Unified students do not have the support from their homes. MUSD needs more support to help children with mental health and wellness.

Provide more/better incentives for teachers to get involved.

We need more programs that focus on Social and Emotional Learning (recognizing and managing emotions, caring about others, making good decisions and developing positive relationships). Some students do not have positive role models at home, so we need to focus more on this at school.

We need tools to be able to defend ourselves. Not guns, but perhaps pepper spray. They are so much stronger than us, we don't feel safe.

## Parent Involvement Comments

### Parent

Difficult to get communication from some teachers and Principal has not been supportive of teachers communicating or posting grades in a timely manner

Fix the older schools. Be equal with all the students don't just focus on new developments.

How do we hold the principal accountable?

Less homework

Need more interaction with parents.

School is different with the common core so we need to show parents what is expected of our students. Most parents tell teachers they didn't learn this way we can't help and the kids/teachers are failing without the support of parents. School isn't the priority when parents tell kids I didn't learn this and I'm okay. It the wrong message and it makes it harder to get the kids on board with learning.

The PRC is wonderful, but it is under used.

translation support for teachers of newcomers

### Teacher

Let parents come and visit their children's classes.

The new Camarena Health Center is awesome!

The parents of Madera Unified with a child who is facing challenges are in need of programs to educate them. These parents need to connect to their child's education and be involved through a successful program to help them improve their child's life. Some / too many parents tend to see school as a "break" from their child. This trend is growing and our special education teachers and mental counselors are in need of more support to make the changes for these children.

These are things that I think we need to see more of on sites.

We serve adults only

## Basic Services Comments

### Classified Staff

the middle and upper grades only seem to visit the library for a project, they seem to have stopped reading for enjoyment.

### Parent

Accountability

Cannot expect discipline and organization if start and end of school is chaos

Less homework

MHS needs serious updates for bathrooms (no privacy for boys), drinking fountains, old desks/equipment.

### Teacher

Increase the bus transportation. Parents can pick up children at a bus stop instead of the school site. This would save parents money on fuel. This would create a far safer arrival and dismissal daily. The stress to manage these times of day are placed on teachers and administrators.

Many classrooms are not suited to the content being taught. Science classes should be taught in science labs or have access to labs for their curricular needs. Similar needs with CTE classes.

My classroom has had a rip on the wall for a year and a half, and it still has not been addressed despite multiple mentions.

PBL with technology is a winner:)

Portable building classrooms need sinks.

Teachers are not supported by admin. Teachers get blamed for everything.

The ongoing Math Textbook contract with Springboard must be terminated/abrogated as soon as possible. It is presently an "albatross" around the neck the neck of the math department, preventing the adoption of better and more appropriate Common Core based math instructional materials which are now widely available from all types of publishing sources.  
We consistently have too few buses, have had kids have to wait for a bus to drop kids off and come back for them, and have even had kids waiting for over an hour to be picked up in the morning, WALK home, and hope they can get in their house/have someone take them to school.  
We have 3 janitors and still the facilities are not as clean as they should be. Restrooms should be cleaned more than 2 times a day

## Implementation of State Standards Comments

### Classified Staff

Planning/Training time for staff structured and non structured for technology and curriculum.  
teachers are always out on professional developments less PDs and More actual teaching in class

### Parent

Bring back the opportunity for teachers to attend their own PD options and implement new techniques they've learned  
I believe reducing class size will help with teachers being able to help individual students more often and to the need of each student.

Implementation and follow through of teacher trainings.

Less homework

Parent cannot help with what they do not know or understand

Professional Development & training should be after school and VOLUNTARY. The PD this year was redundant and unorganized between site & district level. I had it first at my site, and then repeated again at the extended day PD. I had the same 3 act math lesson three times and science lesson twice. Offer the PD after school for those that want & need it. PD should be differentiated based on the needs of the teacher.

Support staff (Reassign the District Coaches) could provide intervention for those students who need academic support.

### Student

Certain Teachers/Staff lack the ability to explain/describe a subject they are trying to teach. Personally, I believe that being able to explain a topic, should be a necessity when being a teacher.

### Teacher

Saturday schools would be good for extra curricular activities.

Some teachers (art, science, CTE) need more time to do other tasks such as inventory, disposal, cleaning glassware/chemicals, etc.

We as teachers have plenty of planning time. We are trained constantly. Often the training is not new. (the exception is technology) Trainings to refresh are helpful, but to train as a "new" is only new to new teachers to education. District needs all teachers working directly with children. All trainings would be by far more successful if it were observed in an actual classroom by the teacher teaching best practices. Guest teachers provide a model but there is no way to track.

## Course Access Comments

### Other Staff

This would increase the availability of electives for students.

### Teacher

Career technical education should be a priority. The majority of students will not go to college, but will benefit from learning about or apprenticeships skilled trades. I also think we need a partnership with the community college district so that students who wish to go to college can earn an associates degree in while in high school.  
kids need to know they matter. they need support in deciding where their gifts and talents would best be utilized...more vocational classes beginning in middle school. Lets bring carpentry back, sewing and design classes...

# LCAP Community Meeting Feedback

LCAP input meetings were held with parents to obtain their respective feedback on the most important state priorities and resources needed to address the state priorities. People in attendance discussed, prioritized, and voted on the top areas they would like the district to dedicate resources/services toward. The results were tallied at the end of each meeting and the entire group then reviewed the results. The parents generated a number of unique ideas/solutions.

# We Believe Conference Feedback

Madera Unified held its first annual We Believe conference on March 6, 2018 where attendees were asked to *Think Big and Dream Big* on the future strategic direction of the district. Over 250 parents, students, staff, and community members gathered to learn about on-going projects at Madera Unified and to provide their feedback.

Superintendent's Executive Cabinet Core Values						
Excellence for All	Equity before Equality	Learning Organization	Collaborative Culture	Results Oriented	Student Centered Decision Making	Community Relationships
High Expectations!	Everyone gets a chance!	Must be working together!	Must have time to share!	Must be accountable!	Kids are smarter and wiser than we think!	It's all about working together!
#1 in importance.	Overlooked for so long.	An ongoing endeavor.	A progressive of evolution.	That's what we're here for!	Always at the forefront.	Many successful efforts in place.
The right focus to make a real difference for all students.						
Good.	Yes.	Good.	Great.	Imperative.	Yes! My favorite.	Absolutely.
						This is a great set of standards to filter all levels in the district.
I like them all. I want to challenge us to think about "Equity before Equality" in terms of not just students but teachers as well. How can we ensure equity for our students if our teachers are not treated equitably? How are they (teachers) able to do that for students if they themselves do not experience it?						
Too broad.					Great idea.	Great idea.
	Equity allows all students to learn.		Everyone needs to be included doing collaboration.	Data analysis is important.	All decisions should center around student learning.	
All means all.	Meeting specific needs.	Everyone is on a learning continuum.	Essential.	Knowing where you're going and monitoring that progress is done by monitoring results.	Student input increases student engagement.	Community support is critical.

I agree. Continue to deliver the message.	I agree.	Build on the knowledge of our school community. I agree.	The best model. We are strongest when we work, think together regularly.	The only way to go. Why do it if you do not get the results you want, desire.	Always, why else do it?	There are lots of resources, right in this community. Let's work to continue to develop those relationships.
These core values will help Madera Unified to create a culture of learning for all students.						
Great! This is something we should expect from all students.	Every child deserves it!					
						Error on first 2 slides, 100 "To few..."
A priority.			Essential element for success for a team, and its members.	Important for decision making.	Very important as they are the reason we have an educational institution!	Very Important.
Great	Yes!	We all need to become more aware of what's out there.	Needs to improve.	?	Surveys?	Need more!
Everyday!	A must!	Always Learning.	Always!	Stay focused.	First priority!	This achievement!
Loved this.	Yes!	Interesting.	Seemed boring.	Liked the stats.		
<u>These are values I can buy into and uphold They are foundational and translate to all levels of education.</u>						
Great idea, everyone deserves excellence.	Did not fully understand.	Have students involved in the organizations.	Always have different cultures work together.	Results are always something we need to strive.	Students first, really liked the decision making they get.	The best core value, being involved in the community is the best.
Good idea to teach two languages.	One of the best topics. We must all be the same but since the schools that need more given them more.	Open more topics and opportunities for students.			Good to let students make their own decisions.	

## Constructing and Renovating our Schools for the Future

Q1: Considering the presentation, what did you enjoy most?	Q2: Considering the presentation, what ways we can improve or areas of feedback?	Q3: Any additional comments or questions?
A good review of the past and looking to the needs of the future!	A little shorter presentation.	Great job
I enjoyed learning about what the District is doing to ensure that we have adequate facilities for our students.	more.	
Explanation of what are facility needs and why.	Clearer explanation of why projects so expensive, especially for community members.	
About the new structures of school areas.	Focus on older schools and remodel them.	Schools should be more secure and protected against attacks.
Visuals, great presentation	Continue asking for feedback	
New schools with better technology.	Implement in all the schools, the same plan to improve student progress.	Why do only some schools have the privilege of succeeding academically. They should have equal scholastic levels district wide. That's a simple comment.
Data, charts, brief history, establishing a sense of engagement.		I really appreciated the info.
Info on modernization.	Increase involvement of parents at the conference.	
The knowledge that new schools are coming.		
Seeing the data to prove the need for bonds.	How school locations are selected since we have crowding in most area to which school are built to close.	
Learning the details of improvement projects throughout the district, as well as the vision for the future.	Share transparency and rationales for decisions made such as tonight.	Thank you!
The thoroughness of the presentation		
Hearing the philosophy about the connection of language environment to learning. Can't say that enough.	Show the list, then just highlight a couple.	It's pretty exciting to see your forward thinking.
I really enjoyed the D.O. keeping as well informed of the constructing and renovating of our schools in Madera.	I can't think of anything at the moment.	
All of it was informative.	Provide updates.	
More photos (add kids even though it's about facilities).	Easier to read graphs, etc.	
Great update on facilities. Sandon was impressive with his presentation!		Thank you for providing valuable information to the community, staff, and stakeholders.
The future schools	Build & improve number of staff restrooms at MHS.	
Same!!		
The detail on the information provided, including the pictures and charts, were helpful.		

All of it.	None.	Very well planned out!
Sandon and his delivery of info related to elections/bonds.	Shorter length of time. Break up info & presenters.	
Actual costs, projects to come.	N/A	N/A
The booklet with enlarged pictures and important facts.	Include financial charts in booklet	Namely for the students to make it more appealing is to offer prizes for quiz after presentations to ensure understanding. Also make sure conference doesn't fall on Kid's Day.
	Talk to students if you really care about their opinion. You claim to want it. MHS is treated secondary.	If the district wishes to be "#1" we need to invest our time and capitol in college prep and focus on futures of these children. I'm happy athletics are being attended to, but I see a gap in the attention in clubs & curriculum.
Great info.	Streaming info, less can be more. The slides at the end too much info.	
Seeing the pictures and the budgets in both the presentation and handouts.	More student's voices!	Nicely done.
The comprehension description (including photos) of the progress.		Maybe spend a little more time describing the rating scale and detailing upcoming projects.
Data on current reality.		N/A
Updated dates & costs of building new schools	Better visuals.	Very good job.
The animation of the new high school was interesting and engaging.	Use more actual photos of current facilities or projects. Sandon talks more than Todd! Wrap it up!	Why is there no mention of utilizing solar energy sources. Other districts have solar. Why not us?
The idea of where we have been and where we are going.	...?	
N/A	Budgets always seem over inflated- no details provided.	
Getting updates on all the projects being built within MUSD.	There's a need to break down the sessions into smaller sessions or less time.	There was a need to allow time for audience questions. There was a need for more interaction from audience.
Listening to all the projects MUSD has in plan marries vision with <u>ACTION</u> . Felicidades.	N/A	
Visuals.	Presentations were a bit dry.	
The wealth of information.	Remember to address the students audience. Primarily, presenters did not look or address the student audience.	
To see the new plans for the new High School.	Make it a little more interesting.	

Seeing the new and exciting facilities planned for Madera Unified.	Font sizes on PPT slides were too small to read as a member of the audience. This was a less engaging presentation.	-What about updating computers that are older and outdated? -Doubting the accuracy of the campus aesthetic survey results.
The information given to us.		
HS Career Pathways. 7th Grade Wheel electives.	Q2: or should be "our"	HS Career Pathways. 7th Grade Wheel electives.
Seeing the new buildings and knowing what improvements were done recently.	Larger text on presentation slide.	
Kelly Porterfield is intern superintendent in Central as of today.		
	Is there a life skill class in HS.	Joe Doyland (title?)
Facilities break out was very informative. Pictures of all the work you have done and plan in future! To see it all together is Amazing.	Great information! I hope you filmed it to show our community members who could not make it tonight.	
Knowing what is going on behind the scenes. How much is needed for improvement at keeping up on schools.	This needs to be out to the public. I don't think the average citizen understands the costs or how old our facilities really are.	Need another band. Would love to have classes smaller at all levels.
I enjoyed the early selection of career pathways.	Consider career pathway changes.	None.
What I liked the most was the dual language in K-6 classrooms. As well as the "Madera Believes in me" programs.		I really enjoyed being here and being able to be involved in the information that was given, especially being a student in high school I'm glad I was able to be part of this and would like to attend more of these.
The "What we need" chart, we got to more forward and make our schools better.	Parent and student input!	Great "We Believe Conference" Thank you!
Observing NON MUSD attendees being impressed.		
Knowing where facilities moves go and allocations.		
Very informative.	Present data and goals.	
The presentation was great.	Needs to get better facilities.	
The information.	More time for questions.	
Good Presentation.		
I liked how students were informed on spending in the district.	The speaker beat around the bush. Next time answer the actual question.	
I enjoyed all the future plans that may have going on for schools.	I have no areas of feedback.	
Very informative and well presented. I enjoyed the transparency of the District.	Although the information was good it was a bit less detailed. possibly point broader strokes.	

The breakdown of the number of students who are in permanent buildings and portables.	Have this information available to the public and website.	When will the next "We Believe" conference be.
I enjoyed that different languages are being taught at such young ages	Maybe some time for ideas and questions.	No.
I appreciate the head-on and hands-on approach board addressing needs at our existing and older facilities.	Continue to solicit feedback---you have to start by seeing, before doing, and allowing community members, decision makers and staff see the needs first hand helps a great deal.	Great presentation!
To see what the money is being spent on and the design of the new High School.	N/A	N/A
The plans for renovating the schools and the visuals that came along.	Elaborate on ideas more.	What schools would close due to the new schools opening?
Knowing there is an alignment from top down of the goals/visions for future plans. The sharing of achievements/celebrations of the district as a whole.	Presentations had a lot of dense/detailed info that was difficult to read/decrease text on slides when possible & use visuals as much as possible to capture content you want to share.	Video clip wasn't able to play; permission to share was not given "access to share".
Questions.	Better responses to questions.	
Spanish learning at younger age.		
Positive atmosphere	Shorten it.	
The Spanish and English learning starting at kindergarten.	Involve more of the students.	When is the STEM program happening?
Well, they are are working a lot to improve the schools but don't forget about Washington.	That they don't abandon those schools. Thank you.	Washington School was built in 1937, what can you do to make it better? It is the lowest performing school at level. I would also like to revise the water fountains they are in bad conditions. Thank you.
I enjoyed that this plan on making schools better for the future.	Ask more specific questions.	What do we plan on doing for our students safety? Gun violence?
I enjoyed the High School 3b Town	Have students ask questions.	No.
Enjoyed seeing the sketches of the upcoming schools.	School Board should create new methods to keep students safer in case of a lethal attack.	How many students will be able to enroll in the new Torres High School.

## Empowering the Students in our Community

Q1: Considering the presentation, what did you enjoy most?	Q2: Considering the presentation, what ways we can improve or areas of feedback?	Q3: Any additional comments or questions?
Covering so many areas.	A little shorter	Great job
The DLI program.	I don't feel like the involved classified staff.	
What I liked is all the support that the children are receiving.	Technology needs to be implemented in all schools such like in the modern ones it should be in the sixty year old ones.	New schools should also have bilingual classes.
Hearing from a lot of people about current programs.		
If there funds to mobilize the schools.	That there should be scholastic equality, no privileges.	
DLI, CTE	To much jargon for non-educators.	
Career portion, it was good to see students given partial skills and training that is interesting for them.		
Learning more about the bilingual program.	More classified involvement and acknowledgement training for classified/PD for classified.	CSEA to be invited to help with decisions and to be more welcomed when it comes to WE BELIEVE and input.
The variety and breadth of information.		Thanks for providing clarity and motivation on the exciting things to come.
The update on what's happening in our district.		
Exciting to hear all that is going on to improve learning for students.	Public will demand to see progress in ELA & Math. How do you keep your eyes on that ball as well as the focus or the real life skills kids needs.	
I enjoyed listening to all of the presenters.	Nothing at this time.	
All presentations were informative.	Presentations were just right... not too long just right.	None.
Joe's philosophy.		
College Career Readiness. Excellent!	I liked that the presentations were short and precise.	
More special programs.	More support for teachers that advocate for students.	
Organization and that it kept moving.	Improve on presentation or the District?. Unclear.	Thank you.
The variety of topics. Well organized, Zoe-DLI.		
The clarity of the presentation.		Good job!
The one-two punch of Sisil & McKenna.	Shorter length of presentation & break up speaking.	More advanced notice & feed back from sites.
CTE model and future stops.	PLC was very basic, superficial information.	Great concert, Saturday? Individualized sessions? Short/more sessions
Loved the Dual Language video.		Opportunity for more interactions amongst attendees. Less talk, more group sharing. Small breakout sessions with quick facts and more visuals.

	Equal treatment towards all areas of education, rather than building large stadiums, baseball fields, etc. Engage all students in all areas of interest (music programs, clubs).	Why is MHS receiving less maintenance than other school? Restored baseball fields are meaningless if curriculum is ignored and money isn't invested in flooding problems and other crucial areas. I don't see a Camarena Health Program at MHS? Our weight room is in a warehouse?
I enjoyed the variety of info, most of all the Dual Language Instruction portion.	There were too many side conversations by people. It was very distracting.	
Hearing from the various Directors and Coordinators on the accomplishments and work being done.	More student's voices!	Great evening! Maybe more students exhibiting what they are learning and doing (More Student's Voices). *Coffee*
Technology report.		
CTE growth. Academic PLC work.		
Love hearing about the increased more for career exploration & CTE.		Well done. Good pace & good idea to have short presentation by a multitude of presenters.
The representing groups describing what they represent so well was great.	Our presentators did an amazing job especially with their colleagues talking.	So much while they were trying to do so.
Having students here and getting them engaged.	Maybe more community outreach for more stakeholder engagement.	Great presentations and areas of concern.
Lots of information presented about upcoming projects.	QA session should be a bit longer.	
The information was interesting regarding the use of technology at MUSD.	There was a need to use more videos and visuals doing powerpoint presentations. There was too much text. The presentations were too long and didn't allow time for questions from audience, or interactions.	
I enjoyed the explanations for each programs offered by our district.	I believe much progress has taken place. Many areas of the online sites have these embedded within them.	
The quick presentations covering a variety of topics.		
Lots of presenters kept the audience engaged.	CTE Presenters: Secondary presenters, wait off to the side until it is your time to speak. (both were very good).	
The information presented. Dual Language Instruction should be at more schools.	Elaborate more on each presentation, especially the career pathways.	Great presentations.
Learning about the exciting CTE connections that are being planned for our students!	Incorporate the middle schools into the 6th grade curriculums pathway conversations.	I would love to be involved in the planning for the concurrent enrollment middle school. How do I go about this?
Image Information was really great. I teach this and I think it is really really helpful. Kids can be excited about pathways.	More time to ask questions.	
The continual positive changes.	Great presentations overall.	Very informative.
Technology that is in classroom and future of tech.		
The info was presented clearly.	Transitions between speakers and topics.	
CTE- Good to see things happening at 6th grade.	EL- Being a counselor at MSHS it has been the biggest frustration. I know that we were fined, but it has been	

	hard since the direction has not been clear.	
The different programs available.	More conferences like these.	None, Thank you!
Different presenters.	Some information was already presented to certain stakeholders. Split sessions for District employees and community members.	
The information given	More time for questions.	
The food, and the speaker's efforts.	Try to engage audience more.	
The assertiveness of the speakers.	It was incredibly long. I suggest maybe having shorter presentations.	
What I enjoyed the most was one all programs because it encourages students to learn other languages.		
Learning about the DLI program because it encourages students to learn a new language at an early age.	None. Great Presentation.	Great snacks.
Knowing what's going on and progress.		
The technology piece was excellent. the CTE talk was very clear and helpful.	The SAP information was a bit dry and hard to follow for people.	There were a large number of district office staff talking in the back of our room, very disruptive to be around all speakers.
Tech. in being proactive in fixing problems before the teachers or students ever know.	More information to parents about A-G, CTE courses students can take.	
I enjoyed the new facilities.	Some time for questions and ideas.	No.
I enjoyed learning about how the district is adapting to industry needs as part of curriculum.	I thought it was an informative on eye opening presentation.	Keep it up!
To hear all the new improvements and plans for curriculum changes.	N/A	How will you make sure the bilingual classes are so-so?
New plans/ideas to get kids back on track.	Elaborate on ideas more.	None.
The snapshot of info from our district presenters.	Movement/active engagement vs. passive listening activities as the amount of sitting stagnant was really too much.	Imago-online Career Exploration in 6th grade. Where is the middle school elective wheel course going to be offered? Or piloted?
	The questions part.	Better responses to questions.
New High School log out.		
Positive atmosphere.	Shorten it. More group participation, provide salad w/ food.	
How are schools working to improve students in learning English.	To focus more on the children that need improvements. Just like in the primary schools.	I am very happy for the Dual Program. I can't wait to see it continue with the other schools.
Some of the topics and how they plan to fix and work to fix things.	Ask more questions to students about how they feel things need to change.	N/A
I enjoyed the bilingual program.	Ask the students more questions for their insight.	No.
I enjoyed seeing programs to help students learn spanish at a younger age.	More spanish or bilingual programs should be established to increase diversity among students.	

# Madera Unified Teachers Association (MUTA) - LCAP Feedback by School Site

During the 2014-15 school year, Madera Unified Teachers' Association (MUTA) held LCAP input meetings where they were asked to provide their respective feedback on the resources needed to address the district's goals. Over 1,000 teachers participated in the LCAP input meetings. The teacher meetings generated 47 pages of notes on how to meet our district goals and state priorities. During the 2015-16 school year, teachers were asked to review the historical feedback and determine which items were fully completed, partially completed, not completed or not applicable. Additionally, teachers added new items to the list which they felt should be prioritized. During the 2016-17 school year, MUTA led LCAP meetings where teachers once again reviewed their feedback notes and determine which items were fully completed, partially completed, not completed or not applicable. During the 2017-18 school year, teachers engaged in the process.

## **Parent Advisory Committee (PAC) LCAP Feedback**

During the 2017-18 school year, LCAP input meetings were held with parent committees to obtain their respective feedback on the most important state priorities and resources needed to address those priorities.

The Parent Advisory Committee (PAC) would like to recommend the Board and Superintendent consider implementing the following top recommendations:

- **Specialty Programs**
- **English Language Development and Math Monitor at the individual student level**
- **Training for all types of parents for how to advocate for their child**
- **English Only and English Learners**
- **Math Intervention plus teachers including english and computer skills**

The PAC feels that these recommendations will help improve the following goals and targets:

- Suspension Rate
- English Learner Progress
- Graduation Rate
- College and Career Readiness Rate
- English Language Arts
- Mathematics

Other Items Suggested During the Feedback Session:

- Reduce class sizes
- Improve customer service at all school sites
- Uniforms at school sites
- More shade structures

- Install cold drinking water fountains
- Water for athletes
- Shorten cafeteria lines
- Genuine parent and student engagement
- Provide more time for students to spend on chromebooks
- Provide more presentations on anti-bullying for students at all levels
- Reputation improvement

## **District English Language Advisory Committee (DELAC) LCAP Feedback**

During the 2017-18 school year, LCAP input meetings were held with parent committees to obtain their respective feedback on the most important state priorities and resources needed to address those priorities.

The District English Learners Advisory Committee (DELAC) would like to recommend the Board and Superintendent consider implementing the following three recommendations:

- Teachers Should be Trained and Prepared at Grade Level to Teach English Language Learners
- More Funds Should be Invested for English Language Learners
- After School Programs Should be Productive and Taught by Qualified Teachers and not by College Students

The DELAC feels that these recommendations will help improve the following goals and targets:

- Suspension Rate
- English Learner Progress
- Graduation Rate
- College and Career Readiness Rate
- English Language Arts
- Mathematics

Other Items Suggested During the Feedback Session:

- Improve Supervision of EL programs at the School Sites
- More Reading Programs to Help Students
- Contract more Teacher Assistants

- Computer Classes
- Provide Updated Student Information
- Reduce class size to 25 students
- Teachers should want parent help

## Student LCAP Meeting with District & Community Leadership April 16, 2018

Students met with district and community leadership to obtain their respective feedback on the most important priorities and resources needed to address the state priorities.

### Agenda

- Review School Climate Data
  - School Climate Initiatives
  - Student Feedback & Discussion
- Breakout Groups

- Group 1: Mayor Andy Medillon, Lavleen Sandhu, Avery C, Alyssa B, Sabrina M
- Group 2: Al Galvez, Jayla Cuevas, Janel Joya, Dylan Miracle, Daniel Daza, Myka Garcia, Angel Tijero
- Group 3: Julie Larrivee, Jonathan Solorio
- Group 4: Ericka Moran
- Group 5: David Holder, Juan Acevedo

- Large Group Share Out

### **Group #1 Member Names: Lavleen S, Avery C, Alyssa B, Sabrina M, and Mayor Medillon**

#### How often do students get into physical fights at your school?

- What is your initial reaction to the results?

We are not surprised by the results.

- What surprised you about the results?

We are surprised that at Madera South there are not many fights because there are always rumors of a lot of fights at Madera South.

- What did not surprise you about the results?

Nothing

- In comparison to last year, have you seen improvements within this area at your school. Please explain why, or why not.

Comparison to last year, I have seen security has been more strict and there are not many fights at school.

#### How much respect do students in your school show you?

- What is your initial reaction to the results?

We are shocked by the results.

- What surprised you about the results?

We are surprised because at Madera High we promote respect a lot and the results show the opposite.

- What did not surprise you about the results?

We are not surprised by Madera South's data.

#### How often do you worry about violence at your school?

- What is your initial reaction to the results?

We were shocked because how many students feel unsafe at school due to a threat.

- What surprised you about the results?

The data surprised us because the number of kids who feel unsafe were low, but when there is a problem, a lot of people change their perspective quickly.

- What did not surprise you about the results?

Some of the data did not surprise us because of what schools and students are going through at this day in age.

How much do you matter to others at this school?

- What is your initial reaction to the results?

Our initial reaction was equally divided. We approached the question from two perspectives, upperclassmen and lowerclassmen.

- What surprised you about the results?

The results were somewhat shocking because we do our best to make everyone feel equal.

- What did not surprise you about the results?

After discussing the results of the data, my group and I were not surprised that there were some students who do not feel equal, but we do our best to acknowledge everyone, and treat them with respect.

Overall, how interested are you in your classes?

- What is your initial reaction to the results?

Our initial reaction was equally divided on the subject. We were able to agree some classes are the "highlight" of the day and some are "down side" of the day.

- What surprised you about the results?

We were surprised that a majority of the students were interested in their classes, but they dread going to certain classes. Weather it's the teacher or the subject.

- What did not surprise you about the results?

We were not surprised that some students did appreciate their classes.

- In comparison to last year, have you seen improvements within this area at your school. Please explain why, or why not.

We have seen some improvements through the school year, it mostly depends on the teacher's approach.

**Breakout Group #2 Member Names: Jayla Cuevas, Dylan Miracle, Daniel Daza, Myka Garcia, Janel Joya, Angel Tijero**

How often do students get into physical fights at your school?

- What is your initial reaction to the results?

Not surprised at Souths higher rate for fights

Madera High students feel that they don't see many fights

- What surprised you about the results?

We were surprised that the data was significantly different

- What did not surprise you about the results?

We weren't surprised that Madera High had a higher result of almost never or once in a while

- In comparison to last year, have you seen improvements within this area at your school. Please explain why, or why not.

Yes we feel that there was more fights in both schools in the previous years

How much respect do students in your school show you?

- What is your initial reaction to the results?

We weren't surprised.

- What surprised you about the results?

We weren't surprised

- What did not surprise you about the results?

The fact that madera high had a smaller percentage than madera south.

- In comparison to last year, have you seen improvements within this area at your school. Please explain why, or why not.

No, there really haven't been any improvements made in our school.

How often do you worry about violence at your school?

- What is your initial reaction to the results?

We feel as if the results were skewed because us south students feel that violence is low

- What surprised you about the results?

Madera High students were surprised that their almost never was not at a lower percentage

- What did not surprise you about the results?

That is was relatively high

- In comparison to last year, have you seen improvements within this area at your school. Please explain why, or why not.

Yes we have because of action such as the orange vest and the new door locks

How much do you matter to others at this school?

- What is your initial reaction to the results?

- What surprised you about the results?
- What did not surprise you about the results?

That Madera High's percentage was lower because there seems to be more cliques or groups in the school rather than Madera South.

- In comparison to last year, have you seen improvements within this area at your school. Please explain why, or why not.

Yes, because having link crew and breaking down the walls allows people to be aware that they do matter.

How often are people disrespectful to others at your school?

- What is your initial reaction to the results?

We expected the percentages to be lower because a lot of people don't really put any attention or effort into their classes.

- What surprised you about the results?

These results surprised us because they were a little higher than we would've assumed.

- What did not surprise you about the results?
- In comparison to last year, have you seen improvements within this area at your school. Please explain why, or why not.

Overall, how interested are you in your classes?

- What is your initial reaction to the results?

We expected the results have a lower interest in classes

- What surprised you about the results?

We were surprised that their percentage was higher

- What did not surprise you about the results?

Both schools were really close and we did expect that.

- In comparison to last year, have you seen improvements within this area at your school. Please explain why, or why not.

Because of the pathway system people are able to take classes based on the career choice and interests.

*I typed these out not necessarily answering the questions but more or less just typing what we were speaking of at the time, so some of this might not make sense because I was trying to get everything down.*

How often do students get into physical fights at your school?

- What is your initial reaction to the results?

We don't really hear about them, up until everyone else thinks about. But these statistics are all based off of what other people's perceptions are on them, what matters is how many people there are so since we as Madera South have more people there are bound to be more people fighting at our school, these statistics did not surprise us because of how people are at our school but we didn't think we were going to have this big of a gap in terms of the fights.

- What surprised you about the results?

The gap between both of the schools

- What did not surprise you about the results?

The fact that we had so much fights in south

- In comparison to last year, have you seen improvements within this area at your school. Please explain why, or why not.

How much respect do students in your school show you?

- What is your initial reaction to the results?

Students at schools don't really care, initially we brought up the fact that people don't really care if they aren't well known because they don't really have

- What surprised you about the results?

Not surprised at all we have a lot of nice people

- What did not surprise you about the results?

The statistics.

- In comparison to last year, have you seen improvements within this area at your school. Please explain why, or why not.

How often do you worry about violence at your school?

- What is your initial reaction to the results?

In terms of what could actually happen like if a school shooting were to happen I don't think I would or anyone in the group would feel safe.

- What surprised you about the results?
- What did not surprise you about the results?
- In comparison to last year, have you seen improvements within this area at your school. Please explain why, or why not.

not.

How much do you matter to others at this school?

- What is your initial reaction to the results?

Initial reaction is that we don't really matter because everything will keep going, but as a group we do.

Its just the way some people see themselves

- What surprised you about the results?

How many people think they don't matter, and how sad it is but its realistic and maybe something

- What did not surprise you about the results?

Surprised how low it is

- In comparison to last year, have you seen improvements within this area at your school. Please explain why, or why not.

Haven't seen improvements at all

Overall, how interested are you in your classes?

- What is your initial reaction to the results?

Not really, but in some classes yes.

- What surprised you about the results?

How low the statistics are

- What did not surprise you about the results?

Nothing really.

  - We never have fights- MHS
  - The only people who get in fight are girls- MHS
  - Ours are girls too- MSHS
- What surprised you about the results?
  - I think it is kinda high, I don't know why students think there are that many fights
  - I don't think that South has that many fights
  - We don't think that it is as bad as people think
- What did not surprise you about the results?
  - I wasn't surprised that MSHS voted higher than High, because of the perception that South students are more violent and ghetto.
- In comparison to last year, have you seen improvements within this area at your school. Please explain why, or why not.

How much respect do students in your school show you?

- What is your initial reaction to the results?
  - Some of the kids at our school are assholes-MHS
  - We don't really interact-MSHS
  - There are a lot of stuck up people-MHS
  - We do have respect and stuff for teachers, there are some that are disrespectful, but not that many-MSHS
- What surprised you about the results?
  - I believe that the numbers should be higher because it is the right thing
- What did not surprise you about the results?
  - I wasn't surprised by the results- MHS
- In comparison to last year, have you seen improvements within this area at your school. Please explain why, or why not.
  - I feel this year is so chill. I feel that the group of frosh that we got, they are just mellow.-MHS
  - Underclassman are so disrespectful this year- MSHS
  - Our underclassman are pretty good this year, it's the Juniors that are bad. -MHS

How often do you worry about violence at your school?

- What is your initial reaction to the results?
  - I'm not worried about it because I think they (staff) is doing a good job. - MHS
  - We don't have to worry about it as much as people think we do-both
  - We shouldn't have to worry about it-Both
  - We have the SO/SO office/they are on bikes/the SO are big dudes we are good. -MHS

- What surprised you about the results?
  - Not really-MHS
  - I don't fear going to school-MSHS
  - It's not bad the way people think - MSHS
  - The teachers and SO are trying their best-MSHS
- What did not surprise you about the results?
  - Not really
- In comparison to last year, have you seen improvements within this area at your school. Please explain why, or why not.
  - I think our number would be a lot lower because of what happened on the bathroom walls-MHS
  - I think because of the media and stuff it's a little worse ( MHS threat incidents)- MSHS

How much do you matter to others at this school?

- What is your initial reaction to the results?
  - That is basically saying how much they matter to other students- that's sad.
  - We try a lot to make it fun
  - We reach out a lot to other students, but they don't take it in.
  - We got some really lonely kids at school.
  - That's really bad, if they are thinking about their teachers
    - Kids are mean to
  - Teachers and counselors care about us, when we are actually able to get that time with them- MSHS
  - It is up to the students to make sure they get that time-MSHS
- What surprised you about the results?
  - That's a lot of people who feel they are not cared about-MSHS
  - I don't see a lot of loners- MHS
  - I feel like some of these kids are just bubbling in without thinking about it.
- What did not surprise you about the results?

## LARGE GROUP SHARE-OUT

How often do students get into physical fights at your school?

- What is your initial reaction to the results?

MHS - This school year, there have only been two fights and they were girls, security is quick to react, if students fight, it's not at school, I was not surprised

MSHS - Surprised and not surprised, fights are handled quickly by security, no one cares about other students fighting because no one runs to them anymore, fights are no longer a big deal.

How much respect do students in your school show you?

- What is your initial reaction to the results?

MHS - Students should show respect by participating in rallies, no one should be disrespected

MSHS - No comment

How often do you worry about violence at your school?

- What is your initial reaction to the results?

MHS - We got a new police office so we see police officers on campus, safety office and safety officer everywhere, we really shouldn't be worried because we have a lot in place to make us feel safe.

MSHS - We do feel safe but as a student, you do think about safety

How much do you matter to others at this school?

- What is your initial reaction to the results?

MHS - As a freshman, you don't really matter to others, others pick on you, but as you get to know more people, you get more popular and involved once you're a senior

MSHS - At Madera South, you matter as equals, shocked it wasn't higher because when someone gets an award, they get acknowledged by others, see them as equal freshman to senior

Overall, how interested are you in your classes?

- What is your initial reaction to the results?

If a teacher is bored, then the class is boring.

## Student and Staff Safety Ideas

- Security check more backpacks more often. People have drugs and other things in them that they shouldn't have in school.
- Inform students in a better way (video) of what MSHS is doing to keep up safe - Cameras, PD on campus, Lock Blok, Titan App, New gates, etc..) Many kids do not know all of the newest steps that MUSD has taken to create a safer campus.
- More Locker Checks - students store items in there
- Fights occur when kids walk home from school (safety officers to follow or something to protect)
- Actual Madera PD on campus seems a bit scary, is there any way they don't have to carry a gun? Can they do a introduction on who they are so kids are aware?
- All staff undergo training on protection mechanisms and ways to shield and protect themselves and students
- Give a lesson on things for students to be aware of (students have weapons on keychains, vape pens, etc...)

## Student & Staff Safety, Cont.'d

- Create an open dialogue for new protocols and safety strategies
  - Utilize campus-wide video and multi-media platforms
  - Drug dogs on campus more often w/ random sweeps
  - Survey parents and community members (active participants)
- » Use resources available to us such as Safe School Ambassadors, Security Team, and counselors

## IDEAS

- Safe School Ambassadors maintain their activeness to help decrease in fights, confrontations, etc..
- Peer Counseling Groups (student to student). Discussion of school problems and preventative measures.
- Have a safety officer attend monthly Student Council and Stallion Parliament meeting where these issues can be addressed
- Create a video at MSHS to show emergency steps and lockdown protocols.

**“Marijuana is definitely the #1 used substance among our students. It appears that using marijuana wax is the most used form because the vape pens are a lot more discrete and mask the odor better. This has made it easier for students to use at school.” - MSHS Drug Counselor**

### What is the #1 problem

**“Xanax is another commonly used substance among the students I've worked with, as well as edibles. Some students have claimed to be unaware that they were purchasing edibles, so educating students about buying/ getting edibles/ candies from other students would be important to highlight the risks involved from buy from unauthorized vendors.”**  
**- MSHS Drug Counselor**

### Another substance concern

- Create a video or hire a company to design one to really help students understand the dangers of substance abuse.
- Possibly bring in guest speaker who has gone through addiction or lost someone because it could be a big help because people react better to hearing other stories.
- Current intimate or even a correctional officer to share what their daily life consists of. There are programs such as Scared Straight, Red Ribbon Activities, Madera Mental Health Specialist, and Every 15 Minutes that can truly give students a powerful message.
- Hidden camera in the bathrooms (not the stalls), but in other areas because that's where most students tend to use drugs as well as to help graffiti or interrogations.

### Preventive Strategies to Decrease Drug Use

- Students complete an annual anonymous survey measuring their knowledge and participation in substance use.
- Students take an interests/ personality assessments, possibly at orientation, to connect them to activities, clubs, volunteering opportunities in fields of their interest available campus or in the community. Use those results in designing events and activities to cater to student interests. Club Fair, Challenge Day and more opportunities to feel connected to MSHS. If we can increase their sense of belonging and involvement, they will be less likely to use drugs or alcohol out of boredom.
- Have assemblies and real life videos that can really get them to think about what they are doing is really bad especially for their age.
- Show monthly or bimonthly videos more often about the risks and remind kids that what they can now can ever lasting effects. Encourage kids to "snitch" if a friend might get hurt doing drugs or taking them.

## Preventive Strategies to Decrease Drug Use

### Preventive Strategies to Decrease Drug Use

- Schoolwide presentations/assemblies
- Statewide/National programs such as Every 15 Minutes and Breaking Down the Walls
- Offer more non-traditional activities to increase participation for all students (incentives)

## STUDENT ENGAGEMENT IN CLASS

## IDEAS

- Fun and educational activities that can relate to real life situations
- Teachers assign projects or ask us if we need help and not have us walk up to them.
- When teachers actually teach their classes instead of just giving us loads of worksheets and sitting at their desk !
- Group projects that do not require my own time outside of the class because they need to keep in mind that we have other classes and they give homework as well and may not be able to get together with other students due to schedule conflicts.

# HOW TO GET STUDENTS ENGAGED?

- Give objects that are hands on and not lectures all the time. Get the class to talk and communicate with one another.
- Enthusiasm, giving us a good project, one on ones rather than a whole class discussion and a good challenge. One really good engaging assignment/work I personally like is a political debate or a simple discussion, we never get to really speak about other people's perspectives in class other than in some presentations and even then their not really opinionated, more often than not they're googled answers no one pays attention to.
- The way I learn more efficiently is when my teachers do hands on projects. Instead of watching countless videos and doing millions of worksheets, If they could apply the subject at hand into a project that could somehow relate to something in real life, learning would be easier.
- Videos they show us helps a lot because there's sometimes they explain a certain thing & we don't understand it, but then they show us a video, it can help us understand better.

## HOW TO GET STUDENTS ENGAGED?

- Offer workshops and activities for students of all backgrounds/groups
- Include staff and offer more motivational opportunities for staff
- Use longer Wednesday periods to create interactive lessons

## HOW TO GET STUDENTS ENGAGED?

- Use resources and rigor to keep students engaged
  - I.e. Keith Hawkins program "Days of Understanding" or Breaking Down the Walls

- In terms of student/teacher relationships teachers could give us more of a voice on what we learn rather than giving us topics we don't learn anything from simply because we do it only for the grade.
- The teachers I have are amazing because they are willing to help me out during lunch AND after school.
- I have made connections when I get a bad grade on a test and the teacher offers more help or suggests ways I can improve instead of just going about their day. In order to feel connected to a teacher they have to show they care.
- They ask us our opinions to feel more connected to what we are discussing.
- They give us advice and talk to us when something is wrong. Just them acknowledging us, makes us feel that we matter and we are important.
- They share their life lessons and stories with us. It makes us feel closer and more comfortable with them. I like when teachers emails me reminders and good notes .
- Teachers move us seats around and make us communicate with our group members and i meet news people that way.

- **I am Form**
- **Get to know me Chart**
- **Displaying Goals in classroom**
- **Incentives to work for**
- **Monthly Recognition**
- **Class Competitions**
- **Suitcase Story**
- **Share 1 picture**
- **Share the peak and pit**
- **3 word weekend**

**TEACHER MOTIVATIONAL TRAININGS**

- **MOTIVATIONAL SPEAKERS JUST FOR STAFF TO UNDERSTAND THIS GENERATION AND EMPOWER TEACHER'S STRENGTHS.**
- **PROGRAMS SUCH AS CHARACTER STRONG TO GUIDE EDUCATORS ON EFFECTIVE CONNECTIONS.**

*Character Strong*

# Student Survey Results

1 change i would make to make it feel safer would be to have more security.

1. let students us phones before school and during lunch because is their free time after working hard in their classes.

10 foot fence around the land

1st of all, i don't know what y'all were thinking about the lunch menu, it was so much better before, now so many people are not eating because its so long. And they end up being late and it isn't they're fault. it yours, second of all, when someone looses something. aka someone stole it confirmed, don't just tell them to make a report because what is that going to do? you guys are going to anything and leave it rotting in the back of whatever you put the other reports that have probably been there longer than anyone enrolled into this school's been alive. i can't even eat lunch because of the new menu. its so dumb the food is good from what i've been told but, that was a stupid idea on your side.

thank you for reading.

2 different lunches

2 lunches

5 polisc ofersers to stop fits

8th graders with the same grade 7th graders with 7th grades

8th grades with the same grade and 7th with 7th grader

A female security guard

A better fighting consequence

A big basement under in case of a person with a gun.

A change i would make is make the teachers make em feel safer

A change i'd make telling students that it has to get better. The way we treat each other.

A entry where kids have to get their backpacks checked once in a while.

A list of rules on the playground

A little more campus police.

A little more safety officers because sometimes teachers call for a safety officer just to escort a student out of class and they don't have a safety officer free to do that.

A little more security

A longer lunch and no class on Fridays

A police station near by

A real lock for bikes.

A shocking rope.

A special person you can go to if you are being bullied.

A stronger fence and a metal detechtor

A thing that can change the school to be safer is having a class that when you have a bad grade you can go and learn in that class room.

ACT HAPPY

AT lunch teachers need to leave the students alone more.

Access to cellphones so if someone brings a weapon so you can call the cops.

Access to our phones.

Activites every Friday

Actually LOCK the doors and not just put a block on it.

Actually do something about the problems we have get better supply of materials have there be a time where students can talk about problems alone with an adult instead of a whole class

Actually hire teachers who care about their students

Actually listen to the students , and spend more time talking to them .

Add Camera's

Add Cameras

Add a couple more security guards in different location where kids are isolated.

Add a electric gate

Add a little bit more security and have them on guard most of the time during school hours

Add a lunch line

Add a motor

Add bullet proof glass on the windows.

Add cameras and have more security.

Add higher levels of security, just to be extra safe that no student is doing or carrying something that they shouldn't.

Add little bit more security to the school to be everywhere in case there a fight or something.

Add metal detectors at all entry points and have drug smelling dogs.

Add metal detectors, and guns for teachers.

Add more Security guards and show even more clips and slides to the kids.

Add more cameras .

Add more cameras around areas where there might be fights.

Add more cameras in places where the cameras cant see

Add more guards

Add more guards.

Add more safety officers with a hold of a weapon

Add more security and allow students to get access into indoor bathrooms and i would expand lunch because it take forver to get lunch

Add more security and have ADT so we know who's on campus and the students get an alert from their phone

Add more security cameras because there's been times where people been bullied verbally .

Add more security guards around the school camp ground .

Add more security guards like in Middle schools.

Add more security on school.

Add more security to supervise more areas around the school.

Add more security to the school campus.

Add more security.

Add more security.

Add more sequierty gaurding every entrance

Add more staff.

Add more stricter rules and be more cautious.

Add one or more security's

Add safe rooms in case there is a lock down, (lock down drill) fire, earthquake, or any other type of emergency.

Add security Guards or security Cameras.

Add security cameras

Add security cameras in the hallways.

Add security guards around school.

Add security.

Add some more people

Address awareness of bullying to teachers a little bit more so that they are more aware of when bullying is happening inside and outside of class.

Admit less children in the school.

Adults could be more aware of the fights before they happen.

Adults walk around campus and let there be more parking spaces to across the street because parents don't know were else to park and they might be in the hurry.

Alarm

All day security at the main entrances.

All doors have locks

All kid that been suspended more then 6 times should be expelled

All my thoughts are already rules.

All teachers should carry a gun.

All the bad kids have no break and half a lunch.

Allow Phones ate free time and Gum for 5-6

Allow girls and boys in seperent classes.

Allow phones ar break or when finshed with work.

Allow phones during lunch and break.

Allow security to have weapons

Allow the students to be free but with privilege, and consequences.

Allowing kids to have a longer recess.

Always have the gates locked

Annihilate Freshmen and close the school down.

Any fight can ban you from any school activity.

Any kind of people are welcome to the school and no bullying.

Any type of shoes, and clothes also any type of color just like the way you dress at home.

Anyone who doesn't want to learn will be putt into another class separated from the people who want to learn. There will be a security check in point because people bring illegal things to school.

Anything that can make the school safer?!

Apply all the rules to every student no matter what.

Arm security gaurds

Arm teachers

Armed security!

As a principle I'm guessing you want everyone to get along with each other. A fun way to do this is our rallys. If we all had a great time with each other it would be there, but the rally's themselves are not the best they can be. If everyone was together and things were made interesting I would enjoy and look forward towards them.

As a principle the one change I would make to the school to make it feel safer is to add more security.

As me being a student I see and analyze all the stuff around me and trust me the school is safe , but the think that bothers me is the officer's. How they act around the so called popular people, like when our table has to stay and clean up our mess which wasn't even ours. While the table that was in front of us had a food fight and was more messy than ours. We still had to stay while a security officer let the other people go. I hate when teachers and staff have favorites.

Assign teachers some safety things such as a tazer or pepper spray

BE NICER

Backpack Check

Backpack and locker checks every once in a while to make that no one brings weapons to school.

Bad kids cant participate in activities or also they cant go to lunch or break.

Barbed wire fences and security guards would be armed with guns.

Be able to have their phone on in case there is an emergency.

Be able to use phones.

Be more attentive with students

Be more fair.

Be more involed with the students and have more activities

Be more protective by letting them have a little more of freedom.

Be more strict on the rules and give quite harsh consecquences .

Be more strict on what you can bring to school, maybe even go through backpacks once in a while

Be nicer to the students and be a friend to them.

Because of the school shooters that have been happening lately, i think i would have guard dogs at our school that will be patrolling with our security guards. you don't have to pay the dogs other than feeding them and after school hours they have a nice place to be at.

Being able to go to the restroom at any time.

Being able to sell food on campus

Better Security

Better drinking water

Better fencing

Better food

Better food

Better gates.

Better lunch and free to use technology

Better lunch food

Better lunches if possible

Better planned drills.

Better rally's. Maybe add some of the popular vines and memes into it.

Better security

Better security that are active and try.

Better security.

Better teachers

Better teachers and good people.

Better understand the children as people, and not just numbers for which you get paid by. Actually look at them from a human stand point. Oh, and also allow CCW for staff.

Better ways of security.

Bigger area to walk down the halls.

Blocking sites.

Brick wall

Bring a DJ like once a month and have rally's twice a month and have at least 5 grub downs for the entire year and make the school fun.

Bring drug dogs more often.

Build a better fence like a wall and securities.

Build a fence in the front of the school.

Build a wall around the school.

Build a wall.

Build higher fences and stronger ones too. To make sure no one gets in.

Build walls around the school.

Bullet proof windows.

Bullet proof windows.

Bullet proof windows.

Bullying

Bullying

But a security guard

But guards around the school

Buy everybody guns

By having more saftey officers so they can protect students.

By letting students keep their phone on them at all time.

By making sure the school is peaceful.

Close the fences all the time. Put more shade spots.

Cameras And More Security Each Corner.

Can't do anything.

Cancel school on rainy days.

Cell phones should be allowed just in case of a big emergency.

Change dress code, there is nothing wrong with showing your shoulders or belly button or any skin at all!

Change the amount of students in school

Change the behavior

Change the cafeteria staff because they make us worry to eat our lunch fast and they scream and embarrass us for silly reasons like placing the plastic in the green trash can. Plus they make students cry and they scare me that they might scream at me.

Change the dress code because not showing our shoulders or stomach is dumb. And not being able to wear sandals is dumb too. I didn't think showing our feet and shoulders was so bad

Change the food to be cooked by real cooks so I won't feel like I will eat something that will give me food poisoning

Change the grading system back to the way it was.

Change the punishment to something worse.

Change the way the lines work

Change the ways of our active shooter drills, I honestly don't think hiding in the corner of the room will keep anyone safe. Yet, hearing from other students they would just jump the fence to leave campus. Make indoor locks have the students more involved of what to do in that scenario because 9/10 most of the students would not make it into a classroom

Check On Peoples Backpack Check If They Have Drugs, Weapons, Dangerous Devices.

Check all bags.

Check backpacks before entering school

Check backpacks of kids with security.

Check every student if they have any drugs on them.

Check everyone's backpack and pockets.

Check kids and their attitude since some kids hate others.

Check kids for dangerous items before they come onto campus.

Check kids you know that are harmful before going into school.

Check student backpacks every 3 weeks to make sure they don't have weapons.

Check student backpacks for drugs.

Check students backpack every 3 weeks they make sure they don't have weapon.

Check students backpack everyday.

Check students in mornings before they enter class if they have any weapons that could harm other and check if they do or have an inappropriate item to school

Check students backpack every month.

Classes are shorter.

Classes will be shorter

Come 3 times a week

Communicate with my students more frequently rather than never.

Controlling the lunch lines I can never get my food.

Cook the food right and not let my students eat raw food.

Could wear any clothes they want!!!!!!!!!!

Cover the holes in the ground because people like me keep tripping in the field and in the playground and next to my line to go line up that one thing

Create a system on the stairs where you can either only go up or only go down.

Create an optional indoor seating area.

Do a test to see what we know if something bad happened.

Do better checks on the teachers...

Do drills every Monday and Friday for fires and school shooters.

Do fun activities such as dress up day , concerts, partys more exquisite foods colorful school

Do more engaging activities in school and out of school.

Do more lock down drills

Do more school events for everyone, not just specific events for seniors, juniors, etc.

Do not run on the black top on the black top, 25 minutes of play time, P.E. three times a week.

Do not wand us and to stop worrying about us.

Don't always leave the gate open because someone can just walk into the school and you don't even know if there here for there child.

Don't always trust the snitch.

Don't be upright with the students

Don't bring anything from home that can hurt other kids at school

Don't have super seniors (seniors that are held back) unless they want to learn because they are taking away materials from other people

Don't throw trash.

Dont bring gang colors to school.

Dress code

Dress code for gang related clothes like colors and teams .

EVERY DRESS CODE ITS DUMB TO BE HONEST

EVERYTHING

Eat food in class when your hungry.

Emergency hiding spots in case of lock down

Enact less laws for security increase parking.

Enforcing rules about people coming in and out of school.

Equality.

Every Friday we would have a good snack bar and music at lunch so we aren't doing the same boring stuff we'd feel more comfortable.

Every grade should have its own recess instead of two grades sharing a recess.

Every student gets a clear backpack

Everybody should all become close friends so they can all feel safe.

Everyone stay home

Everything feels safe.

Everything is good how it is.

Everything. Also to hire better teachers that can actually teach us all, not like Mr. Morales or Mr. Lanford who is always on his phone and can't teach. Also to let us use phones and to not stress the fuck out of us.

Expel some of these kids

FIX THE WATER SO IT TASTE LIKE WATER AND NOT LIKE DEATH.

Feel saver at the labury.

Fire All unfair p.e. teachers. Fire teacherds I don't like.

Fire Mrs pool, Mrs Dewey,Mr Fierro

Fire mr.duncan

Fire route 42 busdriver

Fire teachers who aren't doing anyone any good.

First I would have construction done in the cafeteria to make it as big as two hight school stadiums and let all of the grades eat in there at the same time and at the end call class and grade by grade to play outside and use the bathroom/restroom.

First of all you need to make the students trust you by the positive decisions you make.

The good students should be able to choose their seat in class so that they won't get bullied or teased.

Teachers should be aware at all times on what goes on during class.

First of all, if I were the principal I would take matters into my hands to stop fights between kids, stop kids from doing drugs, and have bullying stopped by suspensions, expulsions, and other punishments.

Fix the holes that come from the grass, please fill it up with dirt .

Football program

For adults to care for you

For everyone to get along and for students not to get in trouble or bring things they shouldn't bring.

For security to have guns in case of a shooter.

For some changes i would make a lot of things safer.

For teachers to check your backpack everyday because people can have dangrous things.

For the kids to stop bringing drugs to school and if they bring drugs to expel them really quickly because they might get other kids in doing drugs and thats not right.

For the yard duty not to grab kid anymore

For this question i'am not really sure on how to answer it all the things here are pretty safe already so maybe nothing.

For when we have a lock down drill to have a secret place built in to hide in.

Hmm, I would make it so when kids are bulled then the bully gets removed immediately.

Honestly if there were a school shooting that was "suppose to happen" I would have no of teachers, staff, and students come too school. Its there safety that matters. Not have police while kids are here at school. Our principle did not handle this situation carefully, or think clearly.

Honestly this school should be more strict.

Honestly you cant do anything people are always gonna want to do what they want to do.

Honestly, I wouldn't know because there is still gonna be people that wont follow the rules.

How i would make this school more safer is by having better and safer rules for our saftey

How much security there is

I don't know because I am not a teacher and I would if I was an adult teacher because if I were to put somthing down I would put somthing that makes school more fun.

I will change rule

I will change is make more space in the class rooms

I would kick out the kids with bad behavior and bad grades out of this school because they are a distraction.

I would not change nothing it fin how its is I like how the school is.

I wound change that no student is allowed to mess around with the gates door.

I Think is to change the school to be safer and change everything like the rules .

I Would Get More Security

I Would Give Better Food To The Students

I Would let kids be more free

I Would make more rules and make it where if no bullying occurs the school would get prizes

I actually think that this school already feels safe but I would make sure there is a lock on every gate.

I already feel safe

I already feel safe at school.

I always worried about kids walking home with out a parent so what I would do is tell there parent if they can't come to send someone to pick them up or if there parent are good friends with someone to ask them if pick could pick them up or a babysitter or to stay in the after school program because when kids go walking and they don't go straight home there parent start to blame the school that there not hone and it always cause a problem for the school and also the parents but if they wait at the school or went to ASP to pick them up then it wouldn't cause anymore problem's.

I am be save in the school.

I believe that the school should have a few designated teachers that are armed so that in the case of some one trying to do harm to us students those teachers will be able to act faster then if we had to call and wait for a deputy or an officer to show up here.

I can't think of anything to change for our safety, I would leave everything on how it is.

I do no know how to make it feel safer.

I do not necessarily believe it is my job to do this but maybe try to talk with the students more?

I don't feel unsafe, but i would try to make it a less stressful environment so people aren't so stressed to the point where they don't like anything.

I don't know because our school is all ready safe.

I don't know but do something ok bye

I don't know cause I'm not one.

I don't know i woudn't really have any new ideas

I don't know if there is a way to stop beef and fights around school but teachers could implement a rewards system for student who have a positive nature in the classroom or towards others.

I don't know it is pretty great.

I don't know maybe find out what's happening and all the drama that makes people get bullied etc.

I don't know maybe prevent bullying if you see something not right stop it.

I don't know of anything at the moment, I'm a fairly new student.

I don't know the situations can be erratic.

I don't know this school is pretty much safe

I don't know what I would change the school is already safe.

I don't know, I don't like being here.

I don't know, I wouldn't probably be the best principal...

I don't no because ink principal is not the sis

I don't really know cause i don't want to be a principal.

I don't really know its kinda already safe.

I don't think I would change anything since it's pretty safe here but maybe some cameras outside like some outside the media center, pe gyms, office and just around the school since you never know what can happen and with cameras you can record and use it encase of evidence if something bad like a fight was to happen.

I don't think I would change anything.

I don't think I would change anything.

I don't think I would make any changes.

I don't think any changes need to be made.

I don't think anything needs to be changed.

I don't want to change anything

I don't know because I don't want to be a principal

I don't know. I feel safe I just don't agree with some dresscode things.

I don't know the school is fine the way it is.

If I was principal I would put a locked gate on the way back of the field because there are some open gates and people might come through there and might harm us kids.

I feel as if the "drug test" method the safety officers use is highly incorrect, they suspended numerous amount of students who were not intoxicated nor high just for a little suspicion of "swaying back in and forth or the miscount of numbers". I find that method highly inaccurate and feel as if we need a better and more efficient way.

I feel it's as safe it's going to get

I feel like if we used cell phones we would be more focused on that and there would be no drama.

I feel like the only change that would need to be made is that there should be more people on the yard during lunch/recess.

I feel like this school is already safe

I feel like we should have one lunch more often and be able to listen to music in class, so it's easy to focus. I also think it's unfair for couples to be because they aren't allowed to date or be a couple. I also think that students should be allowed to chew gum.

I feel really safe at school I don't think I would change anything.

I feel safe

I feel safe at this school so I don't really see what can be done to make it safer

I feel that it would be a good idea to take the veterans that are coming home from their military service that are unemployed and give them security jobs around the campus.

I feel safe so we should not change anything.

I find a way for kids not to get bullied

I go to list and track crvos

I have no idea what I would do. But I do have something to say, I think the girls dress code is too much. I think girls should have less dress rules.

I have no ideas on how to make a change to make the school safer.

I have seen kids that cut themselves so I would take them to talk with someone about that.

I honestly don't know. The students always figure out a way to not make it safe.

I honestly don't really know.

I honestly think that they should be more careful of letting people on our campus because the person that doesn't go to this school can be harmful to us students and they should be more careful with kids bringing weapons, lighter, and matches because I always see kids with those types of things.

I know this doesn't go with make it safer but if change the grading system as it's completely broken, you fail a test or something and you automatically have an F and if you raise it up you still have an F

I make a rule where if someone sees trash they have to pick it up and throw it away.

I make it feel safer by having more security by the fence.

I might add a little more yard duties at recess.

One thing that I would make the school safer is have security cameras.

I probably would ban relationships- that's what most fights are about anyway.

I really don't know what I would do to make school safer.

I really don't know but maybe a few more security to watch out what happens

I really wouldn't change anything.

I really wouldn't change anything.

I safety officers at the office and at every gate or door to get in the school.

I sometime work noting principal people inform.

I talk more to students so they can feel more safe at school.

I think I would change some of the safety officer next to the gate and when lunch time the same thing officer next to the gate.

I think I would change the break I would make it longer like 15 minutes because students have longer classes and they need a

break .

I think I would have more security, have separate lunches

I think I would just remodel the whole school make it newer.

I think I would keep the fences that are around the school, and make all the classes have their doors locked because some of the classes don't keep their doors locked.

I think I would make lock downs like maybe once a week.

I think I would make sure that security will be by the exits.

I think I would put more people to be aware of BULLYING because there has been some cases were kids can't handle it anymore and they kill themselves

I think I wouldn't change anything

I think as a principal i would stop the bullying in the this school because kids that get bully must not feel good

I think having less fights

I think i would allowed my students to be able to eat in class or at least the first and last 15 minutes of class.

I think i would maybe have a small rally once a month for all students to go to feel welcomed and safe at school

I think i would put a security alarm so that the school is safe.

I think i'll put metal detectors in the front .

I think i'm very safe at school.

I think if i was principal and i can change anything i would have more security so us teens have no chance in starting a fight.

I think it would be better the teachers make everyone get along. Once they are forced to get along then the feud or problem can go away and positive attitudes can start to form.

I think one change that make the school safer is some Walkie

Talkie's for the TA's so the could get better communication with each other and/or with the staff.

I think our principal already makes this school feel safer by having so many officials and security.They have made strict rules but they keep us safe.

I think something I would do to make the school safer is fix the metal gates because someone could trip and fall over the gate or they could fall and accidentally get stabbed by the metal.

I think something that our principal to put in cameras .

I think that I would get more strict rules on fooling around in the classroom because some teachers have a hard time getting the class under control.

I think that I would like to change the restrooms because sometimes the doors don't lock and that is weird for me go to the restroom without a lock.

I think that if i was principal i would change the way kids act and if they act up then maybe give them a warning.

I think that it would be safer if we had an x-ray machine to see if they have anything dangerous in there backpacks or there pockets.

I think that my school is already safe the way that it is.

I think that the school is mostly fine and that most only concerns me.

I think that there should be camera's to make sure everybody is safe.

I think that there should be yard duties everywhere so nobody gets hurt.

I think that they should have a box and kids could write letter about things they see . like if another person is getting bullied or there getting bullied but they do not feel right talking to them , they do not want to be a snitch and i think that anonymous letters to security would help a lot .

I think that they should put more cameras .

I think that they system itself, when one or even two people are caustanly causing drama and rumors. But never get the punishments they deserve.

I think that we should have more safety.

I think the principal should add cameras all around school.

I think the school is perfect the way it is under Mr. Rodriguez' control.

I think the school need more safer because if there any danger in school and need protest the student.

I think there's nothing to change.

I think there is no need for change.

I think they should put bigger fences and close the all the office doors at 8:25 so nobody bad could get into the school.

I think to make it safer they could just care more and be aware

I think we should make teachers watch out for students

I want Madera High kids to be involved in the school, overall I feel like Madera High is an extremely safe place to be and has good drills and practices for in case something happens. I feel we should also make more practice drills so it were to happen in real life we would be super prepared.

I want more cops and no fights.

I will just change some rules.

I will have people to look out for the kids at school so they don't get hurt.

I will Change extended learning back to intervention so students can get free time to make them happier and safer .

I will add more safety officer to be out there in most of the places.

I will bring police officers

I will bring real police officers.

I will camera outside of the classes so we know what's going on at school

I will change is stop bullying.

I will change is the time for lunch.

I will change it by giving them more activities outside to be safe with your health.

I will change nothing.

I will change one thing it will be cameras

I will change the front of the school and put some guards to check people for guns or weapons.

I will do nothing because it's good just the way it is

I will do nothing but add security to make sure nothing really bad happens

I will find the weakness of the school and try to solve one by one until there is not much weakness.

I will get guards

I will get more ufsor

I will have added cameras.

I will have alarms.

I will have cameras and security guards.

I will have cop with guns in the all the the school for shootouts.

I will have more activities like dance class and have a dance battle or a singing battle.

I will have more teachers outside while we are at break

I will hire police officers .

I will hire some security guards to protect the students and put a alarm if someone is getting attack or someone is stealing by the camera's.

I will install a metal detector.

I will keep in touch with the students and have the police expectation 2 times a year.

I will like to have more than one secertygard.

I will make a change of kids can to stop bullying other kids in school.

I will make a police station in front of the school so when there is a shooting they can get her fast and have some teachers with guns.

I will make a underground base.

I will make bigger bathrooms.

I will make it feel safer.

I will make sure to have gates lock and they will have to put a code to get in or i will have police on campus.

I will make the classes , more interesting and get the kids more eager about learning . I will also leave lop out .

I will make the cop come to are school to be safe.

I will make the place better and less fights

I will make the school more safer.

I will make the school safe that they have to be more adults so they could take care of students.

I will make the student happy by making cool activities

I will make this school safer by hiring some more security and make the students educate in the way they want and let them have a free period to have fun and after that they can study sincerely.

I will more heavy on students about the swearing and kids being rude. And make teachers more strict and have clubs for church and math and robotics. And tell kids the truth about history and science. And let kids be on there phones on brake and lunch.

I will not change anything in this school.

I will not change anything.

I will put better gates at this school to make it safer.

I will put cameras in the school.

I will put electric fences outside the school.

I will put fences around the school so nothing bad or dangerous could happen to the kids

I will put fome under the playground so when kids fall they fall on nice fome and not hard wood chips.

I will put more gates around our school and get three security guards.

I will put police guys everywhere.

I will put up rules and new stuff that will make everyone comfortable.

I will supervise all the time people walk out the classroom and com back in.

I will tell students to not bully on students. When there done eating lunch gotta keep the cafeteria clean and the school clean.

I will tell them to man up and figure it out I'm not a guardian or their protector if they paid me for it then ill help.

I will try to get more securitys.

I will bring 10 security guards to look at every place and make mean teachers fired and have free day every friday

I won't allow students to bring anything to school unless it's something they need for learning.

I wood make kids that bully others to stop and if they don't listen to have not recess that way people that were around bullies will feel safer at school.

I would change that students don't sit on the dots.

I would eat in class and during test test like sbac.

I would have a detector to detect guns and knives or dangerous things in the entrance of the school.

I would have metal detectors and dogs by both enter ways so if anyone has any weapons or drugs the dogs and metal detectors can pick it up and catch the people/kids with them and that will make the school safe.

I would have more security

I would have more security for student safety

I would have the security guards off their phones, while adding more securities to go around not only the inside of the campus, but the outside of the campus to check.

I would hire securities that were trained in the military or law enforcement and physically shaped.

I would make it the same.

I would make parents check in before entering the school campus. I also would make parent bring some evidence to show that it's there kid when they pick up their kids.

I would make rules about not fighting

I would make the windows bullet proof and make the door out of brass

I would probably put a bigger fence for the kids won't kick the soccer balls over the fence and try to go get them

I would stop the violence and be fair with the students

I would take off all the rules and there won't be any rules.

I would Change all the rules in the school.

I would I don't know have a police officer when all the grates are at, I don't know.

I would ID every single student entering the premises

I would Keep watch of the Children and Actually pay attention to the ones that need attention

I would NOT give guns to teachers.

I would actually care about the students and let them have a few different options(example games,free time, better lunches) , but if they misbehave i would take that away. also, i would try to be more fair.

I would actually punish kids by giving more behavior checks instead of just saying it and not doing it at all.

I would add 2 police officers that stay at school.

I would add Wifi that is cheap and affordable on a yearly plan so that kids can be more focused on their phones and it cuts out time for bullying.

I would add a better fence because the fence we have now is breaking.

I would add a machine that detects violent weapons when walking through it.

I would add a person who walks around capase to make sure there's nobody trying to come to are school.

I would add a police officer at or school so they students can feel much safer and after the students are done doing big test they will take a week off of school because they were testing a lot.

I would add a scanner. It would be helpful because to make sure no one is caring drugs and weapons.

I would add better locks to the classroom door.

I would add bullet proof windows

I would add cameras and hire security guards.

I would add cameras many places to see what is happening.

I would add cameras to the school and cameras in the classes to.

I would add cameras to the school.

I would add electric fences to keep all the negative stuff outside the school

I would add friendly dogs that get along with the students

I would add guards so no bullying.

I would add in more cameras to keep an eye on kids.

I would add metal detectors

I would add metal detectors on both sides of campus to prevent more gun shootings.

I would add mini soccer,basketball, and flag football tournaments during recess that will catch kids attention.

I would add more bonding activities like a school fair or carnival. We should have more fun at school. I understand that school is not supposed to be fun, they would like it to but they don't try to.

I would add more cameras on campus.

I would add more police officers instead of just securities.

I would add more police officials on campus.

I would add more police to our school to make us safer.

I would add more safety officers.

I would add more securities at the gates so the students feel secure and safe in every situation.

I would add more securities.

I would add more security

I would add more security and make the fences a bit more stronger than just weak fences and its really near the road so its dangerous, I would also add more cameras not just 2 I would also make a fence in the parking lot where the teachers park their cars for protection.

I would add more security and maybe have some cop cars around once in a while to talk to us, on how they will keep us safe and do activities with us.

I would add more security and solve problems with students in class to prevent fights.

I would add more security around each gate and some buildings not only because of the dangers from outside but the dangers some low leveled kids may bring to this school.

I would add more security cameras.

I would add more security during school and after school to help prevent a fight from happening.

I would add more security guard with a type of firearm or a taser and police officers to be driving around the school at times.

I would add more security guards in the school so we can be and feel safer. And maybe some cops around the school grounds.

I would add more security guards to monitor bullies all throughout the school and for some teachers to actually care when someone is getting bullied and have no tolerance for school interruptions

I would add more security guards.

I would add more security guards.

I would add more security guards.

I would add more security guards.

I would add more security if I was a principal.

I would add more security officers to ensure that all parts of the campus were safer.

I would add more security since there is a lot of students more security could make sure nothing happens.

I would add more security so they could patrol more areas of the school.

I would add more security to make it feel safer

I would add more security to stop violence.

I would add more security.

I would add more security.

I would add more security.

I would add more security.

I would add more security.

I would add more shade and areas to hang out at when it is raining.

I would add more surveillance.

I would add more time in school so parents can have time to work.

I would add more toilet paper to the restrooms.

I would add more yard duties and more activities.

I would add new safety things to the classes. I would also make them take classes about safety and protecting themselves.

I would add one more security guard

I would add one more security officer and have one police surrounding the school.

I would add safety officers to make it safer, And protect our school.

I would add safety x-rays in the school entrances that would scan guns, or any unsafe material. Or be more strict in regards who enters the school.

I would add security

I would add security cameras just in case someone try do do something bad

I would add security all around campus

I would add security because we don't have any at our school.

I would add security cameras just in case someone tries to do something bad.

I would add security cameras.

I would add security guards to the school.

I would add security in the school campus because schools usually only hire security after something bad happened but if you add security before anything happens at a school then there could be less damage done.

I would add security's about 3 or 2 . Also cameras so that the kids feel safe and secure.

I would add some officers and metal detectors in every entrance of the school too check for any weapons on students/teachers.

I would add some security's to this school.

I would add suder to make it safer.

I would add the rule that is called buddy day were 8th grade find a seventh grade and help them out and give them advice.

I would add wired gates

I would admit less students

I would allow kids to be inside the academic buildings.

I would allow kids to go to the restroom anytime they want except during testing so they can relieve stress and clear their

mind to focus better.

I would allow more activities/sports into the school.

I would allow phones to be used anytime.

I would allow phones. I believe it is a great way to communicate if you are ever lost. Not in classes of course, but at recess or in breaks.

I would allow security to have guns because if there is a school shooter then the security could help.

I would allow students to be excused from a specific class if they felt threatened by someone.

I would allow students to bring pepper spray to school and more security.

I would allow students to do what they as long as it's safe

I would allow students to have their phone on in case of emergencies that occur at school.

I would allow students to wear a hood in class.

I would allow the students to be on their devices, BUT only for emergency/safety purposes.

I would allow the students to chew gum because I chew gum when I'm nervous or when I'm taking a test. It also helps me not talk during class because my mouth is busy chewing gum.

I would allow the students to stay in the gym while waiting for a ride home.

I would allow the students to use their phones when the teacher allows them to.

I would allow the teacher to arm themselves.

I would allowed students to use and leave on their phones

I would always keep the school gates closed when it is not time for school to start or end and if people would want to get in, they would have to push a button to call our security.

I would apply more security at the school

I would arm at least 3-5 teachers and staff members per building with a standard home defense shot gun, I would also buy a safe that students don't have access to the firearm, also I would remove all windows access able to intruders and add electronical locking doors that can be shut and locked with the press of a button.

I would arm teachers with tasers.

I would arm the security guards WITH ACTUAL DAMN WEAPONS INSTEAD OF PEPPER SPRAY!

I would armed teachers.

I would ask students to stop the violence or there will be serious consequences.

I would ask teachers to pay better attention to their students

I would ask to place more security to make it safer.

I would ass more security to the premises. Also the public entrance to the camerana health center would be shut down.

I would at least put like a camera or two because you never know what might happen.

I would band. Is pointy Sharp sometimes the punishment for P.e if we can try probably take out those ones just to be safe

I would be happy and make p.e more fun ,make classes more interesting, i would also leave src out because kids think its fun in there.

I would be like a friend to a student so when something is wrong with them they fell safe when talking to me about whatever.

I would be making sure that security are doing their job.

I would be more connected with the students, so they can understand what I expect from them. If I understand the things they want too, then they wouldn't have to resort to sneaking things and such.

I would be more in charge of the student. And Close the gate to be more secure.

I would be nice.

I would be nicer so people can trust me.

I would be safer with the rules.

I would be stricter about the rules and would go around classes to check.

I would be stricter on the bad students.

I would better the black top and make sure there is no bullies.

I would bring a safety police so that if students get into a fight the police officer can deal with it better than a staff and cold help out the security.

I would bring in more guards

I would bring more security guards to the school to stop the fighting and other illegal activities on campus.

I would bring other businesses into the school. I would also label buildings by subjects.

I would buff up security and bring drug dogs to come to school.

I would build sidewalks that goes to the school and the houses of the kids who live close by. Would have a not to judge mental dress code. Start looking at the teachers and the students view of an issue not just the teacher and say "the teacher is the most reliable so she/he is right".

I would build a room in the field that is fire proof and gun proof for everyone to go for a fire or a lock down.

I would build bigger fences so that no other people other than visitors get in

I would but more security.

I would but a security on the cross road when its time to go home.

I would but a thicker fence were the play ground is because if there was a school shooter he/she would be able to shoot kids.

I would buy better fences.

I would buy bullet proof mats in every class room.

I would calm down on the dress code.

I would change

I would change

I would change a few things about this school. I would have more yard duty staff to prevent some fights or help settle arguments.

I would change allowing kids that are not responsible to not be able to use P.E equipment like bats or rackets because they can hurt someone and our coach is not listened to when giving instruction on what to do and what not to do with equipment.

I would change anything

I would change bully's to SRC and get them suspended for three days.

I would change by making it easier.

I would change by making the school safer or trying activities to do once in a while.

I would change everything at the school I would have kids wear white black gray and brown so there would not be anything wrong so every one could wear the same thing

I would change how certain rules are. Because from what I know, the rules do affect the safety at the school.

I would change how easy it is for someone to get off and on campus for sure.

I would change how it looks open in the back if the school because someone can jupe the rens

I would change how much homework students get because I believe that students should get less homework to be less stressed about their grades.

I would change how strict the teachers are.

I would change how the lunch lines work, they've become very chaotic and unsafe.

I would change if the library is bigger.

I would change is adding one more rule to the school. The rule that I would add is there are no guns or toys or any sharp weapons allowed in school property.

I would change it to no phones allowed

I would change letting anyone being our sub.

I would change nothing because the school is already safe.

I would change nothing.

I would change nothing.

I would change one of the rules that aren't fair.

I would change our no gum at school rule, and I would change a lot of others.

I would change probably the fact that teachers are unfair and to make them be fair

I would change rules to make the school better instead of rules that are sometimes unfair .

I would change school times.

I would change some classes so that they would not be so difficult for the students and their classes would be more fun.

I would change some of the rules like the dress code it's not really fair for the students to not be able to dress how they want.

I would change some of the school dress codes.

I would change some of the strict rules that are given.

I would change some rules

I would change some rules to help kids feel better and to feel safer. I would also change student activities to help them communicate with each other better.

I would change that each grade gets their own recess.

I would change that every day was a one lunch.

I would change that if there was a small lock down far away from campus to still go under the desks or in a corner.

I would change that if you get any lunch detention we would call your parents.

I would change that teachers could have weapons to help them in case a intruder comes but they have to keep it in a safe place for kids wont get it.

I would change that they should look out the windows once in a while so if they see some they could report them to the office.

I would change that when it's rains that we don't have to dress out because people can get easily sick or when its windy.

I would change the amout of min the kids have in the hallways

I would change the bell schedules

I would change the bullying if they do they get suspended for a 5 days

I would change the cellphone policy.

I would change the consequences

I would change the dress code

I would change the dress code a little bit

I would change the dress code a little bit

I would change the dress code a little. I will also mix up the grades.

I would change the dress code because ei believe it is dumb and unfair and the drees codes they have are mostly dumb.

I would change the dress code.

I would change the dress code.

I would change the end of the day. Its all crazy and a little kid can get hurt or miss the bus.

I would change the fact that I haven't seen any security guard guarding the fence that goes around the school. There is no barbed wire and it isn't an electrical fence, so it is an easy access point into the school.

I would change the fact that some 7th and 8th graders have P.E together. I think we should have it separate.

I would change the fact that the lunch lines are always to big. If something happens during lunch then all the kids would be crowded and they wouldn't be able to get out.

I would change the fact that you have to stay in class room when you have bad grades or a relly .

I would change the fact that your can have your teacher back for an example Ms.Suarez.

I would change the fences around the school for kids not to leave or ditch and animals would not come.

I would change the fire drill to lock down drill and increase the security.

I would change the food because there is sometimes nasty stuff in there.

I would change the food that they give the students.

I would change the food.

I would change the food.

I would change the food.

I would change the gates because they are pretty short at some times.

I would change the gates so that they would be safer and taller.

I would change the gum rule. Gum during tests focuses you brain and you can get better scores.

I would change the hallways and provide more security.

I would change the locks on the door

I would change the lunch menu to healthy and some fair food

I would change the lunches so there no fights as much .

I would change the no phones at school.

I would change the number of security guards.

I would change the our procedure in case of a school shooter.

I would change the place that the school is at.

I would change the policies of some things.

I would change the procedures of the emergencies.

I would change the rule about phones on campus because some kids have health problems and like if they are somewhere on campus where the adults are not watching they could use the phone to call for help.

I would change the rule where students have to wear uniforms so there wouldn't be violence.

I would change the rules

I would change the rules a little bit.

I would change the rules about hair color to let students seem more different from others to be expressive. and i would change the graduation rules about how fireworks are not allowed cause without fireworks graduation would seem like our 8th grade promotion it just makes not special at all.

I would change the rules about not being able to wear certain things that you would want to wear.

I would change the rules of phones for lunch and break.

I would change the rules.

I would change the school lunches.

I would change the students that are misbehaving.

I would change the teachers and maybe have them a little more stricter when it comes to discipline.

I would change the the lop.

I would change the threats and comments to others

I would change the way kids are to teachers because the kids are disrespectful and teachers don't do anything about it like if there scared of them

I would change the way how students leave food on campus.

I would change the way people get juged

I would change the way some kids feel when they get hut by someone.

I would change the way some outfits or shoes aren't loud to wear. Why ? because students should have the chance to be able to wear what ever they want and to express them self to the students. Unless is something way to inappropriate.

I would change the way some security treats students.

I would change the way teachers teach and add more involvement activities

I would change the way that there is little securities on whole campus. There should be more securities around the school so that there is more people watching the students so that they can be safe.

I would change the way the cellphone usage is used some teachers exaggerate by simply having an earbud out to take the phone away which is pointless and to not give referrals for unnecessary things.

I would change the way the school is organized.

I would change the whole wall of windows. I would keep the top row of windows and then the rest would turn into a wall and then keep the window door.

I would change the windows.

I would change to food.

I would change to pay more attention to people that don't behavior well at school. If this happens frequently there should be a change.

I would change where the cars move so everyone can walk safe .

I would change where the place we go for emergence to the outfield because we should be in the classes or is not there then we should go cross from the school.

I would changes rally and make it better music more games on it like more music and better ones.

I would check on the kids once in awhile or at least make the counselors and I would have more securities around.

I would check the students before entering school

I would check their backpacks to see if they have anything harmful.

I would close the gate at all times.

I would communicate with my student's and find out what's happening throughout the school.

I would consider making more drills.

I would convince the staff board to extend lunch so that each student has a right to get lunch and eat. I would also want to make sure all teachers put in grades each week so that students can be notify each week about their grade.

I would correct the curriculum to be more enjoyable to most people and make it so everyone enjoys themselves instead of worrying about their grades or just being bored.

I would cover up all the holes in the grass so they don't fall

I would crack down on all of the cyber-bullying going on between the students.

I would create a meeting for all the teachers and give them a training, so they won't single out any kid and make every kid feel eager to participate.

I would create a system where kids who feel like they are having problems can write a letter that describes what they're going through and can submit it to a box, where either I, a counselor, or someone at the office can read it and either bring the student in to talk to them, or write a letter back if they don't feel like talking. I feel like this would be effective because it's sometimes hard for people to talk about their feelings, and this can help before the students takes things out of hand.

I would cut people some more slack. I would also get more involved in the students minds to help them out more if they need any kind of help.

I would deal with tensions between people when teachers or staff hear about it so fights dont happen.

I would decrease the alarm noise of drills because they are loud. Also since all the school shootings by nearby schools i would add security guards.

I would definitely encourage teachers to seem more positive and eager to teach. This makes me as a student want to learn that much more. I feel it also encourages other students to show their true curiosity and intelligence.

I would definitely incorporate a larger amount of counselors/security so that kids feel safe to be able to talk to adults or that certain kids see counselors once every 2-3 weeks.

I would do a check to see if there were any kids who had sharp objects.

I would do a search on students back packs every couple weeks.

I would do a vote towards all the students to see what they would want and agree on rules that seem fair for them and to make sure that they are comfortable with the rules.

I would do all 7 graders in 1 lunch and all 8 graders in another.

I would do drills (fire drills and lockdowns etc.) while some kids are at recess or in a different class than their homeroom, so they can be prepared for if a real lockdown or fire evacuation happened when they were at recess or a different class. I also want to comment on BARK; I thinks it is very flawed and disingenuous, and makes me want to do the opposite of what it stands for. The great kindness challenge was also very flawed, because it turned acts of kindness into a statistic.

I would do drug checks every once a month.

I would do more drills for school shootings etc. and i would take out the windows in classrooms.

I would do more drills or presentations to teach students.

I would do more lock down drills a month.

I would do my best to pay attention to the bullying that is going on in the school and when people look they are going to fight try to stop the fight before it even starts.

I would do no changes it feels pretty safe .

I would do nothing (maybe one thing).

I would do nothing because if I were principle the ones making decisions wouldn't be me but the district.

I would do nothing because nothing is really going on right now.

I would do nothing because this school feel safe to me

I would do nothing everything is fine as it is.

I would do rally's and assemblies to bring light on bullying and sexual harassment .

I would do something courages

I would do something involving the amount of violence in the school. I would probably try to get more security guards or have

them keep a tighter watch on suspicious students.

I would eat wingstop to make myself feel safe

I would employ more safety officers.

I would enforce stricter rules so kids could have better behavior in classes.

I would expel many of the children that don't want to learn and that are only causing trouble.

I would expell all the bullies that I knew about.

I would explain all of the rules in the beginning of the year so throughout the year i wont have to make new rules that students didn't know n then get them into trouble for rules that i didn't explain in the beginning of the year

I would extend break and lunch just a little bit

I would extended both lunch and break. Also to be more options in lunch and events so students can get involved in something.

I would fair teachers that don't teach right

I would fell safer if you added walk through meatel detectors and you have to walk through them when you go to school and leave.

I would fire all bad teachers. Like Mr.fierros because he acts like a bitch and he will get you in trouble for no damn reason also mr.dunkin because he is very rude and us students don't like that. Also mrs.elliot is just like mr.dunkin.

I would focus more on the kids that have problems at home and that need help with their learning.

I would forbid the cussing words for good and for life in school and also forbid violent youtube videos and they should watch normal and funny and tv show like videos.

I would gather more police to protect the school from possible treats.

I would get a better/stronger security system for the school.

I would get a couple more securities in order for everything to be safe , also to keep watch on what kids should and shouldn't do.

I would get a little more security guards

I would get a security in front of all of the entrances .

I would get a vending machine for the school.

I would get at least 3 more security's on campus.

I would get better counselors to ensure the students have someone that they trust in to talk to. Also, I would make sure that security keeps an eye on mysterious people. I would also make sure there is a emergency protocall just incase something happens.

I would get better food it is important to have a good breakfast

I would get big fences and have security.

I would get cops at the school,lock the gates all the time,and get teachers to have guns.

I would get enough security to at least cover each opening to get into the school so nobody suspicious can get in.

I would get fix the way some teachers teach and get rid of mastery grading.

I would get internet for the students

I would get meddle fences and make it bigger.

I would get more adult to watch the school.

I would get more adults outside and talk more to their students to see if they have any problems at home.

I would get more adults at school.

I would get more connected with the students to get a better understanding of what's going on.

I would get more guards.

I would get more involved with social media and communicating with the students.

I would get more people to help

I would get more people to protect the school

I would get more police guards here at school to keep us safe.

I would get more secure locks on the door such as a dead bolt. I would also has minimum two locks. Also to make the school more fun have more dress up days for example jersey day. Also have the rally all together and make them for interactive with

the students. They should be at the stadium.

I would get more securities.

I would get more security around the school since there has been some shootings.

I would get more security around the school, always watching a specific part of the school so no one gets in randomly.

I would get more security for the school

I would get more security guard on the campus , because there isn't too many security on this campus.

I would get more security guards or make them more aware of actual threats or problems.

I would get more security.

I would get more teachers that students can talk to if something's happening or someone is bullying them so students have more people to talk to if something's happening

I would get new chromebooks

I would get other students to interact with each other so people won't feel alone and have to be involved in conflicts that will get them in trouble.

I would get police guards.

I would get rid of the bad lunches and also get rid of the dress code because students should be allowed to wear what they want. Also I would get more security guards who are young and in shape. Finally ask for more security guards

I would get rid of the kids that make trouble. And the mastery grading, also to get rid of some teachers because some are just terrible.

I would get security for the school.

I would get secures at the back gate and front gate.

I would get security dogs because some people bring drugs and stuff that normal security cant see or smell.

I would get security guards and cameras to make sure every kid is safe.

I would get security like the high schools do.

I would get security so that they can be there to help out the teachers when they are having trouble with some kid in there class.

I would get security to do better.

I would get stronger security.

I would get the district to hire an armed security guard on campus so that we can feel safer.

I would get the students better food for lunch.

I would get these staff do be better at their and to respect the kids more.

I would get to know the kids more so they can trust the adults more to tell them when they know something is going to happen.

I would give a group of students someone to talk to every week so there would be 20 kids per adult to talk to.

I would give everyone Pop-Tarts everyday!!!!!!

I would give everyone shock collars and if they get in fights they get shocked.

I would give less tests and give more chances.

I would give more options to raise grades and Change the grade book system

I would give more rights and freedom for the students but not to much that they would start to take advantage.

I would give more time for lunch.

I would give security a gun on campus.

I would give severe consequences to kids that try to do something that is harmful for the others in school

I would give tasers to security

I would give the a trampoline to the 6th and 5th playground and add a little trampoline to the little kids playground.

I would give the students ID's to make sure they belong at this school.

I would give them a lecture of what happens when you pick on others,what happens to their self-esteem.Show them an educational video that explains it and Short films about bulling.

I would give two lunches

I would give work to the children that they can comprehend so they don't get flusterated like i do when i get to much work on

my plate

I would have 2 cops around campus in case there was a shooting

I would have a better nurse and more gates because many things can happen and people can just come in.

I would have a box added where you can put a note (without your name, kind of like a tip) into a box at the office and on the note would be like the name of bullies at school or like when a fight is gonna happen and where or things like that.

I would have a class for teachers to defend students in case of an emergency but they can volunteer.

I would have a classroom where if you don't feel comfortable you could always go there.

I would have a couple more drills so kids are really prepared if anything happens.

I would have a couple of security guards with a firearm weapons to use it when needed

I would have a few more security officers on campus.

I would have a few police officers on campus at all times and make rewards for those who never get into trouble.

I would have a little bit more security.

I would have a little more security.

I would have a metal detector through entrances in the classrooms or any room

I would have a metal detector at every entrance of the school and have people with metal accessories put them in a tray before entering the building then to head to the metal detector scan for any weapons/lethal items.

I would have a police officer on campus.

I would have a police on campus.

I would have a security walking around the school.

I would have a security where you put your backpack to see if any weapons and check backpacks and to walk through a door that would beep if you had metal like a weapon.

I would have a talk with the teachers about the way certain teachers choose favorites and the way they treat other students very poorly.

I would have a yard duty almost everywhere at recess including a yard duty in the basketball courts.

I would have a zero tolerance for fight like if you fight on time you get expelled no matter what unless it was self defense also get better food so the kids don't go hungry for a day

I would have all classrooms have a body detector to see if any students have brought weapons just in case there could be a school shooting or a student could stab someone, etc.

I would have background checks on every student.

I would have banda at the school rallies, also they should have the rallies at the stadium so we can see the whole school not at the gym because it is small and it gets hot fast.

I would have barbed wire on the fences

I would have better safety officers in case of a school shooting or someone roaming the school without permission. It's my duty to keep kids and adults safe at all times.

I would have better security and take away activities if being caught fighting or bullying.

I would have better security.

I would have cameras and securities....

and allow the school to have hot chips!

I would have cameras in the school.

I would have cameras around the school

I would have cameras everywhere. I would make sure when everyone is inside of class that the whole school hates gates all around it. To also to have bulletproof windows on all teachers classroom windows.

I would have cameras to make the school feel safer

I would have days of fun to make kids feel welcome to the school.

I would have dogs at every school gate in the mornings and after school.

I would have each grade get their lunches at different times

I would have either more or stricter security guards.

I would have every parent have a card to know you do have a child in the school.

I would have everyone go through metal detectors.

I would have fences that could not be easily climbed because the fences that we have are climbable.

I would have fun days 2 times a week and allow phones.

I would have group conferences to help the students that need help with school or at home. I would allow certain things that can make students feel more free but safer and start programs that allow students to grow confidence about themselves and teach them how to be prepared for their future. I would ask counselors to frequently call up students and talk to them about school and ask how they are doing and help them more in career paths and show them the right way. I would also allow outside food on campus. I would have programs to talk about how a kid is doing and help them in anyway so that things like school shooting don't happen.

I would have guards watch our school.

I would have gun detectors and security and also put the teachers where it's mostly likely to go bad and not in the safe part where nothing happens.

I would have had all the teachers that say they love us fired because we students know that they don't.

(So stop with the lies!!)

And I know this is off topic!!

I would have higher fences surrounding the school.

I would have highly trained safety officers.

I would have kids that bully other kids get expelled because I do not accept the fact that kids get bullied for no reason.

I would have kids that bully students for no reason suspended for a week and if they do it again then expelled because people that bully hurt others and it's hard for them to stay focused when they are getting bullied. The bully is taking their education away and at school you shouldn't have people take other's education away.

I would have kids to be safe indoors locked shut so no school shooters would try to get in.

I would have law enforcement come and provide safety classes to staff or students who want to learn. For example, with the influx of school shootings lately, it would be very beneficial for law enforcement to demonstrate some "self defense" or "protection/ prevention of predators" so that students and staff know what to do if the attacker were to come to the class. We know to lock the doors and hide, but what do we do if we are found?

I would have less unfair things than other teachers do.

I would have like more cops and security with tasers.

I would have like real situations to see how students react and know how to do it.

I would have maybe more security at school because with more staff, I believe kids will feel more protected.

I would have metal detectors at the school's entry points.

I would have metal detectors at every entrance to the school and have a person there to check if everything is okay.

I would have metal detectors to see if kids have weapons in their backpacks.

I would have monitors on the classroom doors to see who is outside.

I would let them stay in class if they wanted to and I would Put more teachers out in the open to keep an eye on the kids so no fights happen because there's a lot of Fights at Jefferson and hardly any teachers are in the open.

I would let them use their phones because what if they are hungry they can also call dominos or if they are being raped or abused in the bathroom where there are not any cameras or call 911.

I would let them use their phone at recess and lunch recess but not in class.

I would let there be a half day at school and the older let older kids get more time at recess.

I would let us have phones out because if we have an emergency we might have to call home. For example with if you threw up in the restroom but felt to sick to go to class you could call your parents to pick you up.

I would like to change someone teachers.

I would like to change the lunch line because of the new system that is right now it is no good because of how everyone is in a long line and not everyone gets time to eat during lunch time so that is why they have to take it to class but some teachers do not allow food in their class so they make it throw away the lunch. And more tables outside would be better

I would like to do more drills.

I would like to eat mexican food like tacos, enchilada, quesadilla, burrito, hamburger from burger king, kfc, Takis

I would like to have security outside the school campus.

I would like to take away sharp objects for people in our school wouldn't get hurt.

I would like to talk more about safety and show us better examples about what to do.

I would listen to all my student ideas to make our school better and I will also listen to them to understand them and to have a communication so that we can have control and be cool with everyone and not trying to start wars students vs teachers.

I would listen to the students if they needed help and not just take one students side because that is not fair to the other student who might be the one who's telling the truth.

I would make all the teachers to lock all the doors and install security cameras.

I would make an indoor school to keep the kids and staffs safer.

I would make another area to get lunch due to the long long lunch lines now.

I would make baseball not allow.

I would make better rally's and have them out in the stadium so that everyone could see it at the same time and not separate us by grade just let us sit anywhere we want. For the rallys I wouldn't over think it too much us being freshmen we expect way more and we see south having these fun actives it makes us want to more over there since we do the same things over here.

I would make better rules and more security.

I would make better security because of what has been going on, and we will have drills more often.

I would make bigger fences

I would make bullying more of a problem because I got bullied

a lot before I got Instagram and started listening to rap and hip-hop music also improve the staff because most 5th grade teachers are very rude and curse and are impolite.

I would make certain rules stricter.

I would make changes like always having the gate locked at all times.

I would make changes to lunch making the line shorter since some lines are too long and takes half the lunch to get lunch and usually by then the food will be cold are start to get cold.

I would make class funner so the kids ccan enjoy their classes and I would make securtiy watch the kids more often.

I would make classes fun

I would make it easier for the kids to speak to adults about there problems and if they were getting bullied.

I would make it easier to contact someone when you need help.

I would make it harder to get inside the schools because someone could easily climb the fence and cause harm or do graffiti.

I would make it harder to leave and come into the school during school hours.

I would make it if you fight one time you could not go to the school for 1 week also if you fight two times you could not go to school for two weeks also if you get in trouble 3 times it will be you could not go to that school anymore.

I would make it more diverse so that the very few white students don't feel so insecure about being ridiculed for being white.

I would make it more fun

I would make it safe by locking all the doors and locking the gates.

I would make it safer by getting more security things that would keep out the people who want to do something bad to the students or the teachers.

I would make it safer by hiring security.

I would make it safer by making a better gate or moving the school somewhere else

I would make it so that if people are getting bullied, there is always someone to talk to because I don't feel like people including me get enough help for being bullied.

I would make it so that if you are caught bullying you get suspended for a day.

I would make it so that some of the security guards will come in classes once in a while and stay a little more time to see if kids leave school or need assistance.

I would make it so that the teachers and staff in whole would be more strict about rules, as I see that children almost never follow them.

I would make it so the kids are happy. Making the school a happier place would make the kids gravitate more to the teachers instead of giving attitude or fighting.

I would make it to where everybody felt equal and not different.

I would make it use better technology like windows 10 not chrome os, and real cameras not ipads.

I would make kids have lots of fun and so they forget about negatives like violence and bullying.

I would make school activities like breaking down the walls more often.

I would make school better

I would make school optional.

I would make school start at 8:00.

I would make secure classrooms.

I would make security's be at the gate when you walk in just in case so people wont bring nothing armed on them. Other security guards can be on campus to look around and they should punt cameras also.

I would make some major classroom changes

I would make stricter rules and i would take out all the bad people.

I would make stricter rules.

I would make students get along more to avoid bullying .

I would make students that are having a tough time able to take break from school. Mental and physical health is important to the human body.

I would make students wear a vest .

I would make students where there ID's to show that they belong on campus.

I would make sue there are no fights.

I would make sure that the that the kids causing probles would be put in diffrent classrooms.

I would make sure every threat and joke made on campus be taken into a serious matter just to learn from previous shooting in our nation.

I would make sure everyone follows the rules, so that everyone is more safer.

I would make sure everyone is getting along

I would make sure no would bring drugs

I would make sure people know the rules so they won't say I was unfair when I get them in trouble.

I would make sure security's watch students.

I would make sure students aren't bullying and see if they want to talk if they have a sad face on.

I would make sure students feel safe coming to school.

I would make sure that all kids are protected, and by doing so, I would put more security around the school.

I would make sure that anyone can talk to me if they are being bullied and make an end to the bullying.

I would make sure that bad students get in trouble more.

I would make sure that everyone gets treated good.

I would make sure that most things in the school are locked up like the gates except for the front gate so parents or staff people can come in and out.

I would make sure that not any bad things come in on campus.

I would make sure that safety officers were alert and doing their job at all times.

I would make sure that the coaches here at school treat everyone fairly and sit down for a practice and watch the coaches act so fake while I am their so they don't get fired

I would make sure that the kids aren't fighting and that they are playing safe.

I would make sure that the people who always fight are being watched

I would make sure that the students understood the rules and have more security. Maybe have more opportunities for us to come forward with problems.

I would make sure that there are security guards who not only scope around the campus, but also check up on classrooms.

I would make sure that there was no more fights going on or talking back to the staff because in some of my classes i can tell that the students get mad when they are trying to learn but one person is interrupting the class. Fights in TJ have gone up a lot and I would made sure that they wouldn't happen neither bullying because some of the staff doesn't know but there is a lot of bullying and they should fix it more.

I would make sure that there will be a certain amount of students in the school.

I would make sure the COUNSELORS are more involved with their students because I honestly feel completely shitty when I go visit my counselor, she makes me feel stupid because I don't know what I want to become, but then again I'm only a sophomore and she never tells me about any college opportunities like on campus workshops knowing well I'm more than interested about going into college. I just need a bit of guidance. So I would make college workshops for everyone interested and not just those that counselors decide to choose. Mostly all the kids from 9-11 grade are lost when it comes to college decisions and exposing them to colleges would be a really good way to motivate them.

I would make sure the kids are able to be watched a lot more. A slightly more amount of security and more than just one officer

I would make sure the kids are not doing anythng bad.

I would make sure the yard duty can see students at all times to ensure their safety.

I would make sure there is a lot of security all around the school watching who passes by just in case.

I would make the cafeteria bigger.

I would make the campus cleaner.

I would make the change to have more guards.

I would make the class smaller and less time

I would make the classes bigger and have technology.

I would make the classrooms bigger to fit more students in case of a lock down.

I would make the classrooms bigger.

I would make the classrooms bigger.

I would make the consequences way less strict. We make one mistake and you take away our lunch for a week. Most of the time it isn't even our fault. It causes us to build up anger and become restless. Without a lunchtime to let it out we often end up letting it effect the way we act in class, potentially causing disruptions as well as disrespect.

I would make the fence higher.

I would make the fence way higher, like 50 feet. We should also close up most of the windows because there is too much.

I would make the fences around the school higher.

I would make the fences higher and tougher and hire tough security.

I would make the fences taller.

I would make the field bigger and put 3 or 4 trees in the field for more shade

I would make the field were we play a little smaller.

I would make the food better

I would make the gates a little bit bigger and i will add a alarm if someone is breaking in.

I would make the gates bigger/taller

I would make the gates higher.

I would make the kides to get along with ther teacher.

I would make the kids expelled that go in a fight so they wont cause anymore conflicts at our school.

I would make the kids happy.

I would make the kids only do 1 page of homework each day.

I would make the locks on the doors stronger.

I would make the lunch lines shorter and have more grub downs.

I would make the lunch lines shorter.

I would make the nurse be working somewhat of the day.

I would make the playground stronger and better.

I would make the school a bit more secure by adding detectors of weapons and camera around the outside of the area

I would make the school always have their phones on but always on vibrate just in case of emergencies.

I would make the school an in side school.

I would make the school check students at least once a month for drugs or weapons or other harmful things.

I would make the school day shorter than what it already is.

I would make the school feel happy.

I would make the school feel more like home and have days were we can have fun and forget about whats going on out those gate.

I would make the school feel much safer by making sure everything is secure really good and ask to see if the kids feel uncomfortable about anything.

I would make the school feel safer by having more security guards on campus.

I would make the school feel safer by increasing secerity at the entrances and exits starting the school till the end of school

I would make the school have more security.

I would make the school lunches better.

I would make the school more safe by giving the secerivtiy somewhat of a weapon like a tazer or something

I would make the school open minded and fair to everyone and everything.

I would make the school safe by getting securities.

I would make the school safer by having more protection and higher fences

I would make the school safer by making it less ghetto and giving weapons to teachers so kids could feel more protected. Have more security and cameras. I would also not allow bulling of any kind and if there is then they will be expelld.

I would make the school safer by making sure their is no fights or violence.

I would make the school safer by putting more saftey officers and have acess to cameras everywhere at school and make sure that people aren't in gangs som that nothing bad happens to the school, like a shooting.

I would make the school safer by putting out better rules.

I would make the school safer i would have security checking up on the students so they know they have adult super vision.

I would make the school safer.

I would make the security office better like renovate it .

I would make the students go through this detector so that we know what things they have in their backpack to make things safe.

I would make the teachers around the school to be more aware of what's going on in school.

I would make the teachers be more helpful to children.

I would make the teachers get engaged with the studants.

I would make the teachers get engaged with these students

I would make the teachers smile every day.

I would make the teachers take a defense class and add better security around campus.

I would make the teachers talk more often to students like by themselves and not as groups and make them help or explain hard work in a slow and understanding way.

I would make the the lunch and yard duty people not get us in trouble for no reason like they always do.

I would make the wall was bigger so it is not crowded.

I would make the window classes dark black so no one can see

the classroom if there was a lock down or something.

I would make the windows bullet proof.

I would make the windows bulletproof, and have the teachers take classes on school shootings. We should build an underground basement where students can go to during an evacuation.

I would make the wood chips into sand and security

I would make two lunches instead of only one.

I would make visits to your counselor a monthly thing so that students can have someone to talk to in case any issues are happening.

I would make where you can where hats and hoodies

I would make windows smaller and give BREAK.

I would maybe see how students are in class and their behavior.

I would mke sure that people aren't getting bullied and make them feel comfortable enough to were they can tell me anything and feel comfortable talking to me bout things that their worried to talk about.

I would modernize our campus because its been around since the 1800's and it doesn't look like much changed. South has stairs and elevators & the new high school being built on road 26 looks like a college. Madera High can pass as a bigger Thomas Jefferson Middle School.

I would modernize the school because this school layout right now makes it harder to escape in desperate situations.

I would more securities in the front of the school.

I would more security and more clubs for students so that kids can get along and have fun instead of being bored.

I would more than likely call in students and ask them questions about if they feel safe,if they are getting bullied.if teachers are doing there job.or if they feel unsafe,etc.

I would move all the disruptive kids into another school for them.

I would not allow kids to carry any type of drug

I would not be one cause that in not my job .

I would not be so uptight about the students touching eacother unless they do not want to be touched by someone then I would feel like they should tell the school so we can expell or suspend the kid for harassment. I would also not be so uptight about the no cellphones rule. I would let kids use it for research or for fun time but not take the childrens cellphones just because I see one with them. I would also not get kids in trouble for either the littlest reason or something they didn't do because if you suspend them for a stupid reason they can't come to school and will not like school anymore. Also they wont be able to learn since they aren't at school. I believe if you suspend a child for a stupid reason all it will do is want them to cause more problems at school.

I would not change a thing

I would not change a thing at this school

I would not change a thing because I feel like the school is safe already.

I would not change anything

I would not change anything I think the school already feels safe.

I would not change anything at the moment.

I would not change anything because I already feel safe at this school.

I would not change anything because I feel safe enough about this school.

I would not change anything because the principal has already made it safe.

I would not change anything, everything seems fine to me.

I would not change anything.

I would not change anything.

I would not change anything.

I would not change anything.

I would not change nothing

I would not change the rules.

I would not change the school.

I would not change to make it safer because it is pretty safe but Ms.Martinez isn't that great of a teacher so I would fire her. She doesn't explain her lessons that well.

I would not do anything.

I would not give detention to students who are late to 1st period. At least they came to school... It seems like missing school is a better choice then having detention at school all though I would at least came.

I would not give milk I would give Water bottles.

I would not have so much outside at school.

I would not leave the gates open and check every classroom every 2 days.

I would not let any students leave their classroom unless it's an emergency or they are told to leave the classroom,as well as having some sort of agenda,planner,note,etc...,so they are known what they are doing outside of class.

I would not let anyone one on campus unless employed , and related to a student at the school.

I would not let the teacher make the student go outside when they get in trouble.If they did we would have a separate room near the classrooms.

I would not make a change because it is pretty safe to me.

I would not make a change this is a great school to focus on your studies.

I would not make any change. I feel very safe at school and don't think it needs any change.

I would not make any changes.

I would not make any changes.

I would not make any changes.

I would not make any changes.

I would not make climbable fences and security guards.

I would not make no new changes to make this school feel safe because it is already feel safe enough.

I would not make students feel like its their fault when it comes to a school shooting and maybe provide self defense classes as a course in PE. Also, just overall show my efforts in making this place a safe place to be.

I would not put anything else because I feel safe.

I would not take in the people who will just come to school and warm up the seat instead of learning. Let's be honest... There are people that are in gangs and smoke who knows what. My Name Is Raymond Armando Jacobo, you can't argue with my statements.

I would observe teachers closely because some of them are unfair.

I would of add more security and more drills .

I would of hire more security because we don't have that much right now

I would of put more security outside because in case of a fight and the security would faster stop them.

I would offer more psychologist so kids can get their emotions out in a positive way.

I would only like one person at a time in the bathroom during class time.

I would out more security guards.

I would pass rules against public displays of affection. That stuff is gross man we're trying to eat lunch here.

I would pay more attention

I would pay more attention to the kids to make sure that there isn't any fights because there had been some fights frequently. I would also make sure that the teachers wouldn't be unfair to students and not have favorites like how some teachers do.

I would pay more attention to whats going on around campus and get closer to the students attending.

I would personally have more security guards.

I would please to have people hug eachother and have more recces and that boys and girls may play or hug each other and they can will save to tell others about feels and heart breaks .

I would practice drills at least 3 times a month so students know what to do if any of these happen. Also because there is no problems because the students already know what to do.

I would practice drills more often.

I would probaably arm security guards because they have no weapon but pepper spray. What is pepper spray going to do against a gun?

I would probably make sure all doors were locked at all times and have the gate locked and give parents a combination to a lock.

I would probably change how there are no trees in this entire school and its dumb, oh also you should probably watch students a little more.

I would probably change some rules.

I would probably change the glass windows to a less to break window when you throw or kick a ball at it because last year someone I guess in the ASP kicked a ball at one of the teachers windows and there was glass on the floor and table and the kids could have cut themselves with the glass that they didn't pick up.

I would probably get better food for all of the students and make better playing equipment. New play grounds and maybe a sank bar.

I would probably get much better gates to secure the school.

I would probably have less security because underclassmen feel they are in a prison.

I would probably have more security on campus

I would probably have more security or more backpack checks.

I would probably have people come in once in a while to check kids backpacks. I would talk to every student that gets bullied i would make sure that they hadn't got hurt here before.

I would probably have security guards everywhere, especially in the spots that no one goes, just to see if anyone would be there getting hurt.

I would probably just up security more

I would probably make sure that the teachers that are working here are excited and willing to teach all the students that attend the school.

I would probably make teachers do more fun things :)

I would probably put a couple more security guards around the campus

I would probably put a security guard at the gate.

I would probably put better locks on the door that don't mess up with one gunshot.

I would probably put gates all around the school

I would probably put up metal detectors.

I would probably tell the kids to not bring any thing that would cause danger to school.

I would probably tell the students be be more nicer to each other

I would probably try to make food more available and fix up the stadium in quality along with the clubs and make them more known along with the sports.

I would prove the crowd that is seeing the fight.

I would put a gate.

I would put cameras in the entrance of the school.

I would put the students who don't like each other in other classes and lunch so they wont be seeing each other and have to worry about them i would know when someone don't like a certain person because I would get a student to tell me when a person don't like another person so they wont get into any beef with each other.

I would put More fences around the campus

I would put a better fence around the school like metal bars instead of a chain link that is easily climable.

I would put a big fence so no intruder would hurt the students.

I would put a concrete wall instead of the fences so no intruder can sneak in

I would put a gate near the recess area, like where the red line is so that when someone wants to hurt us it will be harder to hurt the students. So the staff will only be able to open it.

I would put a guard for every kid in this school :).

I would put a gym on one of the fields, another thing I'd do is good sports like TJ.

I would put a jail like gate so no one can try to jump the fence to harm our school and so students wont try to escape school.

I would put a large fence around the school.

I would put a metal detector and better security guards.

I would put a pond at the grass area with ducks and gesse.

I would put a rule stating anyone who is caught bulling will a referal and if caught bulling again will be suspended

I would put a rule that every stranger that enters the school has to identify themselves and say what they are doing there.

I would put a scanner at the door incase someone has something they are not suppose to have.

I would put a taller fence with the door locked when students at school.

I would put a wall in the middle of the field so we could get our own yard.

I would put a wall instead of fences because if you have a fence people could climb the fence and break in.

I would put a wall where the fence is for they cant clime up.

I would put actual locks on our doors.

I would put all the good/well behaving kids in classes together and all the misbehaving kids in a different class. Also, having a dress code that seems unfair makes me feel unsafe. If I have a problem I don't want to talk to a safety officer for fear that

they will think the holes in my jeans are "distractng".

I would put all the shirts for free if you have good grades to have more school spirit and would let any teacher take out anyone who acts chidish out of the room and i will change the teachers.

I would put an extra gate or something

I would put at least 1 officer on the blacktop to make sure that nobody would get into a phisical fight.

I would put back doors on all the classrooms and I would padding on a lot of floors and places in the school.

I would put better doors in case of a lockdown

I would put better gates

I would put bigger fence around the field.

I would put bullet proof windows for safety.

I would put bullet proof windows, and longer fences.

I would put camaras around the school not in classes but out in the cafateria or around the playgrounds

I would put cameras all around the school.

I would put cameras if someone was fighting and i would stop it.

I would put cameras in the classroom.

I would put cameras in the school because kids could do bad things and a teacher wouldn be able to see if they are not around.

I would put cameras on campus.

I would put cameras that actually work.

I would put cameras to see if someone is trespassing.

I would put cameras to see if the kids are bullying

I would put cameras.

I would put curtain for the windows so if there is a real lock down the person wont be able too look inside.

I would put either a fire alarm or a medical kit in basically every class in the school.

I would put electrical fences, cameras, and bullet proof windows.

I would put fences up so our school would have more protection.

I would put guard dogs

I would put guard dogs and security.

I would put guard dogs and security.

I would put in bullet proof windows.

I would put in metal detectors.

I would put in security cameras to see what is happening at all times.

I would put in the entrance on of those things that i think are called metal detector and higher fences.

I would put like everyone at every place people come in from school and like have them check people.

I would put lots of more security's and lock all gates at a certain time.

I would put meadel deatecters.

I would put medal detectors in every entrance to school campus and also have more security and more police personal.

I would put medal detectors in front of our school

I would put medal detectors.

I would put metal detecters

I would put metal detectors at all entrances/exits.

I would put metal detectors at the fronts of school.

I would put metal detectors by the gates to get into school so students can walk through them

I would put metal detectors for weapons and dogs to smell drugs.

I would put more Security guards.

I would put more areas to hang out at.

I would put more cameras.

I would put more people on duty.

I would put more police officers

I would put more secruity gards

I would put more securities all around the school.

I would put more securities in the school.

I would put more security and you would have to put locks on every door there is.

I would put more security cameras.

I would put more security gaurds.

I would put more security guards around campus.

I would put more security guards around the campus.

I would put more security guards on campus.

I would put more security officers in the school so that everyone could have a safe environment

I would put more security officers.

I would put more security.

I would put more security.

I would put more security.

I would put more stricter rules on what you can do and say at school. I would also make classroom safer. I would improve the gates and locks we have because they are not that safe because they can easily be broken.

I would put more yard duties outside so if a fight happens they can stop it.

I would put officers.

I would put on cameras on the school

I would put or newnaids out and about.

I would put positive signs

I would put robots as security's and everybody would wear robotic clothes that have trackers.

I would put rules for going to the restroom because some people don't get along in school and there might be arguing or even worse. So I would say that only like 2-3 people should go to the restroom in every class.

I would put security cameras around the school.

I would put security guards so nothing bad happens.

I would put security guards so they can be everywhere.

I would put security to make it safer.

I would put signs that say "NO BULLYING" or "Help Others", things that are telling people what to do and what not to do.

I would put some guard dogs.

I would put some security.

I would put some soft rug so when they fall they won't get hurt.

I would put some staff members around the yard as to help prevent bullying

I would put something where you are allowed to leave class and just go to a adult that is there for you and talk about how you feel without having to worry about anyone knowing what you are doing.

I would put tall gates so people cant jump them and hurt the students.

I would put taller fences around the school so nobody can come in.

I would put taller fences.

I would put the fence higher and let just anyone in without a pass and keep all the gate lock.

I would put the known bad kids in separate classrooms so they don't bother the innocent kids who come here to learn.

I would put the students that wished to learn in classes that want to teach the students.

I would put up a few cameras and up the security.

I would put up cameras and have security guards to prevent shootings and other things that could happen.

I would put up higher fences so other people won't come on campus.

I would put up security cameras outside the school and use pass codes to get into classes instead of using keys. Also to make more fire drill practices, lock down, earth quake etc.

I would put up signs that say NO BULLY! and put better gates and police officers to protect.

I would put walls

I would put walls over the school and around the school so know one can get in, but we would open the door gate for the children.

I would quit my job!!!

I would reassure that the students know that they are protected from any harm and if they are hurt I would take it to serious matters like calling the parents and their teachers and any other students that are harming them.

I would recommend more security's to watch over the kids at the school.

I would remove dress code for girls.

I would remove the gates and build brick walls, so no one could ditch and no intruder would get to get in the school.

I would renovate the restrooms to something private, comfortable, and clean!

I would replace some of the classroom windows because the ones by the english hallway are bigger than some any where else and that could make the students more noticable and the specific classroom in danger by the criminal.

I would request for more frequent fire drills and lock down drills so that way the students would know exactly what to do in that situation

I would require every security to always check students backpack very time they entered the school.

I would save money so the school can have more fun activities

I would say get more security and more police at the school.

I would say no matter what just make new friends even though your shy.

I would say not to run on the sidewalk when it is raining or if it is wet.

I would say not to run on the sidewalk.

I would say nothing, I feel safe here.

I would say that if a fight occurs, then whomever was in the fight shall be expelled or kicked out of the school and move to a

new school because it would be safer for the students here.

I would say to make sure to lock the gates when the students are in school and out of school.

I would say to not start any fights over arguments.

I would say, stop arguing or confronting each other, and if they disobey the rule, they would get suspended for 4-6 days.

I would send letters home saying if you kid acts up 3 or more times in class or even on the field I don't want them back unless there attitude has changed and there absent's are not excused.

I would separate the distracting kids, from the ones who actually want to learn.

I would separate the good kids from the bad kids.

I would separate the lunches because it would be less crowded.

I would seperate students that have history/problems from the same classes.

I would set more program for kids to catch up on there work.

I would set up a metal detector thing in the front of the school so no school shootings happen.

I would set up more teachers in the hot spots such as a large group of people getting in huddles for no reason.

I would set up those things that scan you while you walk in school so they wont have any weapons.

I would shorten classes by a reasonable amount.

I would shorten the school day.

I would show them around the school so they now it is secured.

I would simply change the way classes are set up. i would try to make the classrooms a bit bigger. The rooms are rather small. Also I would add other classes after students would take a survey on what they would prefer as an extracurricular activity.

I would start new projects so that kids can be always doing things they like and so that kids stay busy instead of just misbehaving.

I would start school at 8:50 every morning it's safer and healthier for a teenager. I would also add a metal detector to the school.

I would start school more later in the day so students can sleep well.

I would stop bullying.

I would stop bullying.

I would stop focusing so much on the bad kids that are constantly getting into trouble.

I would stop kids fighting.

I would stop trying to secure the area so it would feel less like a prison and I would try to get a good security guard.

I would surround the wires with plastic or something

I would take an threat and/or accusation against this school seriously.

I would take care of bullies and make the bullies be nice.

I would take more caution in everything.

I would take off the orange vest.

I would take out homework

I would take things like drugs and presentations of violance very siriously.

I would talk to kids that are being bullied, or kids that are really shy. I would ask if there is a problem at school that does not help their learning or if it hurts their emotional feelings. Emotional feelings are very important.

I would talk to more kids and see what makes them feel safe and go from there

I would talk to students about how they feel and also put medal detectors for extra safety.

I would talk to the kids and ask them how they feel about everything that is going on in the world.

I would talk to the kids and make them kind ans helpful.

I would talk to the lunch lady at desmond becuse she always is unfair/mean to us and she always gets us in trouble for the smallest things.I would take talking to her in mind.

I would talk to their parents.

I would talk to them about how to be safe and how to take care of then selfs. I would have people come to them school and talk to them about how to be safe and not to be unsafe.

I would talk to them about the dangers that there are and how we can prevent them.

I would tell people that they need to hang out with the people who you like to hang out with. And I would tell them not to talk about other people that go to the school because it is rude and it doesn't make you friends.

I would tell staff to talk more to the students & have more trained security on campus.

I would tell the security's to check the students backpack every morning

I would tell the staff to not be assholes just because there are in a bad mood. and i would add music for lunch everyday

I would tell the students to not play on the monkey bars

and if they wanted to fight then dont even come to school

because the parnets will get mad at and i dont like that

I would tell the teacher to be more alert and protective for students around.

I would tell them that there is no weapons , drugs , or alcohla aloud in school and your not able to get into any fights or your suspended for 3 days or more .

I would the restroom policy.

I would think that you can lock the doors in your classroom.having guards at this school so we can be extra safe.

I would track down all the bullies to make the school better and safe.

I would treat the school just like other middle schools. Just because it's elementary the middle school students shouldn't be treated like that. I would also make sure every teacher comes prepared and in a good mood.

I would try probably get more security so people won't fight.

I would try raise money and get more things for the athlete and clubs to go to more races or for clubs to experience most things about what there clubs about.

I would try the my hardest in making sure that no one is being treated incorrectly.

I would try to add more security.

I would try to arm teachers or more police officers in school.

I would try to become a person that students would confide in. Not a principal that will be viewed as scary. Using a period where a qualified person would teach students about what to do in case of an emergency, whether it be natural disaster or a physical threat from a person or student themselves.

I would try to bring the school a little bit closer together as friends so everybody knows each other and is comfortable around the campus, and talk or have lessons talking about the land that surrounds our campus.

I would try to do bag checks more often.

I would try to eliminate bullying

I would try to get a stronger connection with all of the students and try to understand or help them in the time of needs. With the stronger connection they will be able to trust staff or anyone in campus. Maybe this can help you and staff as well.

I would try to get the holes in the fields covered up because many people can fall and get hurt if they trip over one.

I would try to have personal time with the kids to get to know them have a time during each day to relax, less homework, shorter school days.

I would try to hire more safety officers

I would try to make as many rules as possible but at the same time very little of them because too many rules are annoying sometimes and they are sometimes unfair. I would make a survey online like this for new rules and make students vote on the new rules if they would accept any changes.

I would try to make everyone get along, but that would be difficult because teens are teens they rarely listen and they're going through a stage in life where they hardly get themselves.

I would try to make fun event happen during lunch so that everyone will focus on the events rather than any negativity at school.

I would try to make it bigger and make the teachers help the kids more with problems their having

I would try to make sure all my students felt safe by having rallies to reward them for their behavior and I wouldn't always focus on the negative student ALL the time I would make sure the positive students got the same attention.

I would try to make sure that people don't bully

I would try to make sure that the teachers weren't making the students feel attacked in any way.

I would try to put a camera room that overlooks the whole school.

I would try to put more staff outside so they can watch if anyone is being bullied or if they are all being treated fairly.

I would try to stop bullying so kids can feel safer at school.

I would try to stop fights before they could even happen.

I would try to talk more to the students.

I would try for kids in the school to be more involved in clubs and for kids to know each other more for it to be a much friendlier place. I think there should be more club fairs.

I would unlock the bathrooms during break that way middle school students don't have to use the little kid bathrooms.

I would upgrade the food and have there be better rallies.

I would visit classes and see how students are doing, put bad kids in a separate room and put a teacher that can control the students.

I would walk around and see what kids are up to.

I would want a safe lock gate and have like a card in order to pass in.

I would want bullet-proof windows and walls.

I would want for the school to have more security like maybe one in each area like one in the 100 building and in the 800 building ect.

I would want more security.

I would want the understanding of students to change because we stress a lot and I feel like teachers don't care at times. For instance I try to get some help or give a suggestion and teacher either gets offended and tells me to sit down or doesn't care at all.

I would want to be a principal.

I would want to change the mood teachers have towards their students. Also I would want to talk to the students one on one and not in a group so that they can have more trust in me (principal).

I would want to get surveillance cameras to watch over the school to make sure that nothing bad will happen.

I would want to have security and better fences.

I would want to have special events at sports games for example blackout games, certain fun dress ups, and making halftimes more fun by having games that include the crowd.

I would want to let more people work in the school because they could be fighting and there this people fighting over there so they will need more people to work,

I would want to make sure that no kids are being bullied and make things a little bit safer, like making one of the structures safer.

I would want more security.

I would want him to talk to my mom to send me to homeschool since I'm terrified of school lol.

I wouldn't change anything but keep the same rules.

I would, seeing as we are now required to lock all classroom doors while school is in session, get better doors with stronger locks and more secure gates. As, just last week the lock to my science class broke and the door was secured with a padlock, and, last year, some strange man walked onto the school grounds during 7th grade lunch and started screaming, he was detained, but he should not have been able to get so close to the students (or on school grounds) at all.

I wouldn't change anything I think our school is already safe.

I wouldn't allow dangerous things into my school .

I wouldn't be a principal in the first place.

I wouldn't be able to do anything as far as bullying or physical violence goes; Mainly because i know that the teenagers here will do it anyways no matter what punishment they get. Whether it be a warning or a scolding or a lunch detention; nothing is going to stop teenagers from being teenagers.

I wouldn't be so soft on the kids who constantly give trouble, I'd rather focus on those who really care about their education.

I wouldn't be so strict about people being late to classes.

I wouldn't change any rules there all good how they are

I wouldn't change any thing for me.

I wouldn't change anything

I wouldn't change anything

I wouldn't change anything

I wouldn't change anything

I wouldn't change anything about the school.

I wouldn't change anything because on my experience the school is safe as it is.

I wouldn't change anything because the school is already safe.

I wouldn't change anything because the students should be respectful to each other

I wouldn't change anything cause it feels safe I guess.

I wouldn't change anything honestly.

I wouldn't change anything if I was the principle because what the principle is doing now is amazing for the students and the teachers. The environment at this school. I love this school because it makes me feel safe that there is always an security in sight. At south i got into a fight and out of the minute of him beating me no security showed up ,I was the one that had to go to them for help and at Furman I feel that that situation will never happen. At Furman Highschool I feel safe and amazing. Like I said, whatever the principle is doing keep it up!

I wouldn't change anything the school is safe enough.

I wouldn't change anything, Howard School is a lot better than Dixieland is. ( Dixieland was my old school that I used to attend.)

I wouldn't change anything, because my school is perfect, and I don't think it has to change.

I wouldn't change anything.

I wouldn't change anything.

I wouldn't change anything.

I wouldn't change anything.

I wouldn't change anything.

I wouldn't change anything.

I wouldn't change anything.

I wouldn't change anything.

I wouldn't change anything.

I wouldn't change anything.

I wouldn't change anything.

I wouldn't change much, we're pretty safe here at my school.

I wouldn't change nothing.

I wouldn't do anything as i feel safe at school.

I wouldn't do anything because I already feel pretty safe.

I wouldn't do anything because i feel safe all the time

I wouldn't do anything different.

I wouldn't do anything.

I wouldn't do anything. Our principal is doing pretty well right now.

I wouldn't do no changes.

I wouldn't hire a lot of security because kids can be scared that they will coming after them

I wouldn't make a change at all.

I wouldn't make a change.

I wouldn't make any change

I wouldn't make any changes . I feel pretty safe.

I wouldn't make any changes because I feel like school is already safe.

I wouldn't really change any thing.

I wouldn't want any of the classes to be outside except for the Ag classes.

I wouldnt change anything

I wouldnt change anything

I wouldnt change anything

I wouldnt do any thing i would leave it how it is.

I wouldnt make a change because my principal has made sure our school is as safe as possible

I wouldnt make no changes because no matter what anyone does things wont change as much so all the staff just need to realize the truth

I woulds make sure to always be on check of the school and to make sure no threats or even the sign of a threat happens.

I wound put security cameras and people to guard the school

I wound use police so it cound keep the school safer

I wouold change that student don't get homework.

I'd enforce stricter rules that would make students think twice before they cause trouble.

I'd fire Farkas

I'd get more security to come on campus and have them look out for any troublemakers.

I'd have resolutions for every situation and have the students practice in case of evacuation from the buildings in an occasion.

I'd have the adults make the kids feel excited and welcomed to go to school everyday.

I'd let people complete missing work with help.

I'd let students listen to music

I'd make an anonymous chat online free for any student having problems with peers.

I'd make any students who were excessively in trouble or was overall making the school experience for other people bad either repeat the school year or miss out on recess everyday until they go a week or 2 without getting into any fights or any trouble.

I'd make kids stop throwing stuff all the time before they kill somebody.

I'd make stricter rules so students would actually follow them.

I'd make the quarter treats better.

I'd probably put more security around the campus.

I'd put a stop to all bullying at the school to make kids feel comfortable at school and welcome.

I'd put more security around because it's stupid if you have a kid getting bullied and beat so how are they supposed to "run to a adult if they are like buildings away and an enormous group of people surrounding to watch? I'd put more security.

I'd start PROPERLY locking the gates.

I'd try to make the kids feel more at home

I'll have a suggestion box so when a student feels unsafe they can talk to me in private about how they feel. Students can add suggestions of how to make the school safer for them.

I'll leave the school the way it is right now.

I'll make the classroom more safer, give kids more break time like at least 45 minutes for lunch time. And make the school more fun and safer.

I'll put an eight foot fence all over the school.

I'll put cameras and help students who are having trouble with another student.

I'll put security cameras hidden in the building or on the fences

I'm not sure what would I do as a principal I will maybe change some rules that they don't lesson.

I'm not sure, I don't necessarily feel unsafe, and having a lot of security guards doesn't make me feel safe, but more like uncomfortable

I'd have more lock down and fire drill practices , so if there was a fire or a lock down students would know what to do in that case.

IF I was the principal , I would let only a little kids go across a street because someone was speeding yesterday.

IF I was the principal I will change it will be that to more fence.

IF I were principal I would fire some teachers and I want to teach some respect.

IN my opinion I would have more security guards.

I'd change Mr. Lanford

I'd make a dog day care.

I'd make sure students dealing with anxiety, depression, and other unhealthy mental states are treated like human beings and not isolated or treated like they're a creep. It's just no help at all. In fact treating someone differently because of how they feel makes it worse. Also teachers, other staff members, and even students should be more educated on depression. We should learn about how to help someone with depression without triggering and hurtful words. We should also learn that anxiety isn't just worrying. It's so much more. We should learn how to help those with anxiety and methods to calm them down. Another thing that seems to be focused on but really isn't is that bullies are making people even more anxious and depressed. This problem needs to stop so we need to find better ways to stop it. Simply calling home or giving someone S.R.C. doesn't always stop the bully. Also those who are bullies need to be helped because it's clear that they've got some problems as well. People need to be helped for their needs and treated like actual people. Human kindness needs to be rewarded. For example someone who stands up for someone being bullied should not be punished by suspension for fighting. Sometimes you do the bad things to make them right. A helpless little girl is getting bullied and you decide to help her by telling them to leave her alone and the bully decides to try and hit you. It's self-defense to hit back.

If I was a principal I would change the rules a little bit.

If I was a principal I would get guards or make teachers carry guns

If I was a principal I would make sure the gate are closed and much higher for people not jump over the gate and murder some kids.

If I were the principal, I would let the student know they are welcome at the school.

If i was a principal i would change that would be no fights or any dama

If i was a principal i would have lots of gates so we can be safe.

If i was a principal i would put cameras outside the school and inside the school.

If were a principle i well get more security for the school

If I was a principle I would find my self some seceritys for the school.

If I were a principal I would have more security around campus.

If I were the principal I'd change the rules quite a bit. For example have strict rules on how people act.

If I Was Principal And One Change To Make The School Feel Safer Is No Littering.

If I am a principal I would try to make kids to believed in their teachers and help them if they think something is wrong.

If I am the principal i will send a police to each room and each part of the school to make it safer.

If I can be a principal I think that I would change the food and I would change that the students can go in the academics and I would change that on Wednesday the students can bring some food to school.

If I myself were principal of Madera South High School, I would inform the students more frequently and give students the ability to have poles or debate over school decisions.

If I was Principal one thing I would change is to block out all bullying.

If I was Principle I would let out school early.

If I was a Principal I will change that to not have a lot of people fight/hurt people in the school.

If I was a Principal at my school or any other school Id make a some changes to the school campus and classes, like making the school fences taller so that no kid thinks of ditching. Another change Id make is to have More security for the school because It won't feel safe only having like 4 security in our school.

If I was a Principal i would secreaety and have camare.

If I was a Principal one thing that I would change is letting students pick their class with who they want.

If I was a pricipal I would make school safer by putting security in front of school so no one would ever get hurt and if they see something bad the bad person will get into trouble.

If I was a principal I will change something else

If I was a principal I would allow students to use there phones in the case of an emergency.

If I was a principal I think I would have a talk to the kids that look like if they have trouble or talk to the ones that look like if there scared or quite all the time.

If I was a principal I will get guards and cameras.

If I was a principal I will get security's to be at gates and around campus.

If I was a principal I will have at least one police officer in campus.

If I was a principal I will said eat hot chips.

If I was a principal I would add some security guards around the fence and near each hallway.

If I was a principal I would always be aware and take action when something unfair happens on campus such as teachers who do not like a student personally so they get them in trouble more often then other kids. Another thing I would do is improve school spirit, the rallies and events are so dead.

If I was a principal I would bring body gards.

If I was a principal I would change about the school to make it safer is keep on having polices and people to take care of the kids out side so there would be no fights even if the school is really big.

If I was a principal I would change by having more security at the school

If I was a principal I would change how much security there is to prevent fights from happening.

If I was a principal I would change how the gates are always open, once school starts I would lock the gates and only certain ones could be open for parents coming onto the campus.

If I was a principal I would change that the classrooms can have stronger roofs so they can tie things to it, because our school only allows to tie things on the roof for open house.

If I was a principal I would change the rules and make it more safer.

If I was a principal I would change..

If I was a principal I would do fences on one isle and when the student need to go to the restroom they can't go and wonder around.

If I was a principal I would get a security in case something happens.

If I was a principal I would get more security guards for the school.

If I was a principal I would get more security to make the school safer.

If I was a principal I would have a lots of meeting.

If I was a principal I would have punishments for every problem that occurs with the student like for example I will take away lunch, break, no restroom breaks, stop selling, etc this will help because the kids will get tired from it and as they do better they will see that the punishments will go away and they will stop the bad behavior and have good behavior

If I was a principal I would have very good gates.

If I was a principal I would let them have gum and I would do every thing I to stop people from getting bulled because it is really bad here and there is a lot of cussing here and i wouldn't get the kids in trouble for not having their P.E clothes I would do every thing I can to make the lunch lines shorter and I would not let the teacher's hold the kids in at lunch because it makes them late and then all there is are sub samwich.

If I was a principal I would make higher gates

If I was a principal I would make on change that the school would be safe is have some helper in class that could help the

students be safe and out on recess too.

If I was a principal I would make the fences more taller so the ball doesn't have to go to the street when the ball goes over the fence.

If I was a principal I would make the school feel safer to the students is to let them know they are in good hands and to not let negative energy around them.

If I was a principal I would make the windows bullet proof.

If I was a principal I would meck students passe by a meddle detector in case a student brings something he/she shod not have.

If I was a principal I would not change any rules I would just keep the same old rules.

If I was a principal I would not change none of the rules because the rules do work.

If I was a principal I would put boolit perof windos.

If I was a principal I would put more cameras.

If I was a principal I would separate certain people if they don't get along.

If I was a principal I would try to make the people who bully other stop.

If I was a principal I would want to talk to people that seem alone and talk to someone that looks like they need help or want to talk. I would also do more about when people get in trouble and notice more things that always happens.

If I was a principal If someone was bulling someone I would need cameras to be my witness.

If I was a principal a will get more cops.

If I was a principal and I had a change to change something about our school it would be having more new thing st school.

If I was a principal and I had to change one thing to make the school safer I would encourage not bullying

If I was a principal and I have one thing that can make the school safer is that I would take care of the people. One thing is because sometimes people talk about people and they don't feel safe around then. Then is that I would also talk to kids that will need help or if they just need to talk to me about people.

If I was a principal and had to make a change to make the school safer I would lock the cafeteria door outside where the office is after all the kids are inside.

If I was a principal at Sierra Vista Elementary School I would treat the kids fairly and nice to know they can be safe at this school.

If I was a principal at Thomas Jefferson I would hire more security guards to watch outside.

If I was a principal at my school I would hire guards to protect the gate.

If I was a principal at school I would try to make more activities, make sure the school is secured, put cameras almost everywhere so I can catch a bully or who started a fight.

If I was a principal at this school I would change nothing.

If I was a principal here in T.J. I would let people use phones before school in the morning and on Campas after school and

that is all I would change in this School.

If I was a principal here, I would change the lunch setup.

If I was a principal i would change the dress code because, the way we dress is the way we express how we fell or look.

If I was a principal i would have big concret fences that are very tall so people could'nt harm the children that are out side ore inside classes

If I was a principal i would let students watch youtube that are censored.

If I was a principal i would put in metal detectors and have drug dogs on campus at all times.

If I was a principal i would tell the staff to respect the students.

If I was a principal one change I will make is be nice to other.

If I was a principal one change I would add to make the school safer is to make the anthology books weigh less because, some kids back might be sore because,of the weight.

If I was a principal one change I would do to make this school safer is to that we should have security guards .

If I was a principal one change I would make is that the window would be bulletproof.

If I was a principal one change I would make is to make a rule that says no bullying.

If I was a principal one change I would make to make it feel safer is to send kids to the office if they are bullying someone.

If I was a principal one change I would make would be to have security guards.

If I was a principal one change I would probably make in order for the students to feel safer I would have guns hidden just in case of a shooting.

If I was a principal one change that I would do to make the school safer is talk to students about how important is to treat others with respect and kindness.

If I was a principal some changes I would make to make the school feel safer is adding cameras.

If I was a principal that I would change to make it safer is that there will be security around the school.

If I was a principal the one change is I will get security guard.

If I was a principal the one change that I would change the rules is don't let people pi k on you/ bully you.

If I was a principal the one rule that I would change is you can have gum at school.

If I was a principal the one thing I will change is I will make the fence more stronger and taller so nothing bad happens.

If I was a principal to make the school safer I would have more security to make sure nothing can go wrong.

If I was a principal to this school I will lock all doors school hours and have securities.

If I was a principal what I would change is to have uniforms so very one can be equal because some kids make fun of the shirt what the pictures it is and I am just look why will they make fun of a pictures.

If I was a principal will had security guards at the gates to protect us from people that are bad.

If I was a principal, I would add more security cameras so that I can see what's going on in school.

If I was a principal, one change that I would make to make the school feel safer is to lock all doors and gates.

If I was a principal, one thing I would change would be to have more contact with my students.

If I was a principal, the one change I would make to the school to make it feel safer is have some of the security stay in class.

If I was a principal, what I would do to make the school a safer environment would be making rules very specific to students, making them very clear. Confusion can be dangerous as ignorance can lead to unnecessary conflict.

If I was a principal I would do a lot of counseling for students.

If I was a principal I would give students more of a say. Especially when they get in trouble or get accused of something. I would give them more of a chance to say what they need too. Also not only that, I would be way more open minded to what the students have to say. Not just listen because I'm obligated too.

If I was a principal I would make sure all the rooms were locked and that there is a certain knock to get in and all doors were shut all the time.

If I was a principal I would make sure that it's new what to do in emergencies.

If I was a principal I would put security. I would put security outside so there is not that much fights after school or even in school.

If I was a principal I would put security camera on every building so if someone intrudes the school we know when to do a lock down.

If I was a principal I would put security guards to make the school safer.

If I was a principal one change I would make is to put locks on all of the doors.

If I was a principal one rule I would change is to not bring toys from home because if someone brings a BB gun to school they could have shot someone.

If I was a principal, I would hire workers to change the gates to the safest gates that have a remote control.

If I was a principal, the change I would make to the school would be having one lunch all the time. I would want one lunch only because some students aren't able to hang out with other students who have a different lunch than them.

If I was principal I rather change the fact how there are many cars passing by so I would add a stronger or taller fence so no cars could burst into the fence.

If I was principal I will have security to look around the campus for no one can fight or get bullied.

If I was principal I will have security.

If I was principal I will tell kids to stop because I will have a metal detector to make the school safer. We should also have bodyguards.

If I was principal I would 2 counselor that they would help the kids with their problems and they would call kids fast and not get bothered.

If I was principal I would add more fun stuff to show that we're confident about our defenses and to comfort or entertain them.

If I was principal I would add more security to make it safer.

If I was principal I would change how the students dress.

If I was principal I would change no more playing games while you are working on a assignment and also no more bullying to people, teacher, and sub's.

If I was principal I would change that students can use their phones on breaks.

If I was principal I would get more security.

If I was principal I would get more staff.

If I was principal I would get rid of the bad kids.

If I was principal I would get security guards.

If I was principal I would have more security.

If I was principal I would leave the school the same.

If I was principal I would let kids talk to adults.

If I was principal I would let more safety officers to come in so that it would be safe at school.

If I was principal I would make it a point to make everyone has someone to play with.

If I was principal I would make it were people cant get in and I would stop all fights before happening.

If I was principal I would make many changes in this school, for example better lunch food

If I was principal I would make sure all doors are closed at all times.

If I was principal I would make sure that we have people out side of the school so people with guns and other weapens don't come in the school.

If I was principal I would not let kids get bullied how kids get bullied here and go into the restrooms and fight.

If I was principal I would put cameras around the campus when we have a lock down.

If I was principal I would stop playing harmful games.

If I was principal I would try and find better and more efficient ways at trying to prevent or prepare for an active school shooting, rather than just pretending like hiding under a desk and telling us to keep quiet would keep us safe.

If I was principal I would try to make the school feel safer by having more drills so everyone is prepared in case of an emergency. I would also discuss more of the problems our school might be facing and addressing the bad behavior more formally and efficient. I would do this by looking at other schools and seeing what they have problems with and at our school I would address them and see how we can improve.

If I was principal I would will hire security guards with tasers and batons

If I was principal a change I would make is to put security.

If I was principal and I want to have the school more safer I will make sure that all kids are in there class and not do something bad.

If I was principal and the one thing I would make a change to the school is if people are bullying other students they should get in more trouble than usual.

If I was principal at my school, the one thing I would change about the school is have some officers at every gate. It would make me feel safe as long as we still get to have fun and not get in trouble by them.

If I was principal of a school I would hire more security guards.

If I was principal one change I would make is nothing.

If I was principal one change I would make to the school so it could feel safer is have the gates closed.

If I was principal one thing I would change is the security, I would add more security and make sure that there are at least two security's around at all times.

If I was principal one thing I would change to make it feel safer is going over active shooter drills because when the shooting in florida happened the school didnt do any drills which made me feel a little unsafe.

If I was principal the first thing I would change is nothing.

If I was principal the one change that I would make to make the school feel safer is, I would put camera's all around the school in case something happened then we would be able to catch the bad person.

If I was principal to make the school safe is to be less class time.

If I was principal we would have secrecy outside where we play, in the front gate, and in the office.

If I was principal, I would change no rule because our school feels really safe.

If I was principal, I would have a lot more of guards on the school.

If I was principal, I would have metal detectors installed

If I was principal, I would hire people to stay outside of the school and see if anything happens.

If I was principal, I would make rules that everyone has to agree and pledge, since we would all agree we must follow them too.

If I was principal, I would make sure that everyone is doing okay.

If I was principal, I would make sure there was a program for people to have a friend. For example, 5th and 6th graders could choose to have a buddy from another grade. The grade would be chosen at random, and get to go one a week. This is not forced, so they could choose. It would be like having a brother or sister.

If I was principal, I would put bullet proof walls, doors, and windows.

If I was principal, one thing that I would change would be to have security guards in the school.

If I was principle I would change the school by having security guards.

If I was principle I would encourage students to solve problems the right way and not to make it worse with fighting.

If I was principle I would make a safe environment based off what students suggest, and what they are comfortable with.

(To an extent.)

If I was principle I would make the fence of the back of the school bigger because people can get in very easily.

If I was principle, I would increase the security around the school since it is so easy to get on and off campus.

If I was the Principal I would change that their more people looking around school.

If I was the Principal I would add security gards.

If I was the Principal I would have teaches have a bat or a wooden object in case of emergy.

If I was the Principal of this school I will more Drills that seem real and people yelling and see how the children react but we'll call their parents that is is a drill but the children won't know that

If I was the pricipal I would make more rules that will help students

If I was the pricipal i will change the food from the cafeteria and give them better food.

If I was the principal I would have the cafeteria inside of the gates and not outside because then someone could easly come in

If I was the principal I would make it fair for all the student like be able to eat gum and allow phones and have more security

If I was the principal I would treat every one the same.

If I was the principal I will have more security.

If I was the principal I would hire more teachers to watch and talk to the kids.

If I was the principal I would actually listen to the kids at the school and try to some what understand them. I would make this school a bit more disciplined. I don't think there any cameras at this school because if there were all lot of kids would not get bullied, so i would put cameras. I would wants there to be a class for "troubled children." I would want that class because some kids want to learn and go to school, but if a misbehaving child disrupts his,hers, or anything in between's education then that would most likely be a problem, and if you were in that class you can get out of it.

If I was the principal I would add a little more security.

If I was the principal I would add in more security.

If I was the principal I would add more security on campus.

If I was the principal I would add more security.

If I was the principal I would allow certain teaches who would willingly undergo training and tests to carry a firearm.

If I was the principal I would change how the teachers feel about the students. If the teachers were more excited about teaching our class then they would get our attention to learn. The teachers I have sometimes bore us to death and they lose our attention and some kids act bad because they are bored.

If I was the principal I would change that we don't have those metal detector things for students to bring anything to harm anyone.

If I was the principal I would change the amount of security guards.

If I was the principal I would change the rule on the fitness days for P.E. Fitness should only be one day which could be Tuesday or Thursday.

If I was the principal I would change the school by hiring more people to be security and putting them everywhere.

If I was the principal I would change the school to be more interactive and make the kids more involved in activities and getting close to one another in the most safest way. I would also focus on our teachers , we need better adults to act like they love their job rather than feel like they do not want to be here it is just for the money , It would make the kids feel a lot more comfortable and wanting to try.

If I was the principal I would change the track because it seems a little to far close to the houses.

If I was the principal I would change when we go home like at 1:30.

If I was the principal I would get more security to make the school safer.

If I was the principal I would get security guards.

If I was the principal I would give better food to the students so Because i don't like there food and also i get sick.

If I was the principal I would have more teachers so they can watch the kids so they won't do anything bad like get in fights.

If I was the principal I would have more security.

If I was the principal I would help arm the security guards and teachers so if something happens theyre ready.

If I was the principal I would help to stop students from bully each other because that just isn't fair for both students at all.

If I was the principal I would hire more guardians in school.

If I was the principal I would host self defense classes.

If I was the principal I would let all grades play on the playground.

If I was the principal I would let anyone wear what the please as dress code because some people get made fun of if they get dress coded for unwanted clothing. Make sure the school is a safe and happy place by making sure if there are threats for the administration to know imediatly.

If I was the principal I would let students have fun and eat but not fight or push or bully anyone.I got bullied many times before and i don't want anybody else to go through that.I was scared because I did not know who to go to but now I know so I would prefer that the teachers should be helpful and nice to kids so the kids are not afraid of the teachers.

If I was the principal I would let students not get bullied get treated bad by teachers.

If I was the principal I would make security or teachers check students backpack for dangerous objects or make a list of what they can and can't bring to school.

If I was the principal I would make sure people have just in me for if some thing goes wrong i could help them.

If I was the principal I would make the fences stronger and taller.

If I was the principal I would make the fences taller so that it is harder to get in the school by jumping the fence .

If I was the principal I would make the school safer by having the school an indoor school.

If I was the principal I would put cameras all around the school.

If I was the principal I would put like bigger fences for people can't like jump in the school at night to do something wrong.

If I was the principal I would stop arguing a lot with parents, so the parents don't become mad.

If I was the principal I would want to have more fire drills or Lockdowns so that we would have a better understanding of what will happen if something bad happens.

If I was the principal I wouldn't change anything regarding being safe at this school.

If I was the principal a change I would make for the school to make students feel safer is have security guards around the school just to keep intruders out.

If I was the principal a change I would make it safer is have more teachers look out for students

If I was the principal at Alpha my school I would change all of the fighting, when a student fights I wouldn't take-rate it and send them

If I was the principal at TJ I would've hired more security and more cameras to make the school safer.

If I was the principal at my school I would add a sort of device that in case of a lock down would activate and any student or adult could press that button and it would alert the authorities to help.

If I was the principal at my school I would help any student right away with problems they are having because no student wants to feel like no one is going to help them with problems, I would not wait a few days to help the student I would not care how busy I would be I would help right when someone told me about what's going on. I would show that I care about them because that is something my principal does not do when you talk to her about certain things.

If I was the principal at my school I wouldn't have to change anything because my school is safe ready.

If I was the principal at my school, I would change the way that the fire alarms are positioned on the wall, to make it safer to other students since some students tend to pull it.

If I was the principal at our school one thing I would make it feel safer is pay more attention to the kids.

If I was the principal at this school I would try to get everyone to get along so there is less fights or less violent.

If I was the principal for Desmond Middle School I would get an alarm so if someone tries to do any harm to our students the alarm will go off.

If I was the principal for the school I would make people not fight in the school.

If I was the principal here at Madera South High School, I would keep doing the same thing and adding rules like the new if you run towards a fight you're in trouble as well. Also a random backpack weapon check in random classes might add a bit of safety.

If I was the principal I would change the food here they are making us more and more fat.

If I was the principal I would have people learn how to use the class fire extinguisher just in case if there is a fire or do more lockdowns and have security guards in the front and the back guarding and I would have the front locked all the time so you will feel even more safe and you can have your door open most of the time.

If I was the principal I would have those metal or steel detector and a machine that they use to confiscate drugs and have a guard dog that sniffs the backpack of someone who is suspicious of any weapons or drugs.

If I was the principal of Madera High School, I would change to make this school safer that would be to put in metal detector's and check students for any weapons or anything that's not suppose to be on school property.

If I was the principal of this school I would be more involved with social media because that is what causes most of the

drama.

If I was the principal of this school I would interact more with the kids to make them feel safer than they already are.

If I was the principal of this school the thing i'll change is we need more security guards around the school

If I was the principal of this school, I would suspend the kids who are naughty like being bullied or violent and suspend them.

If I was the principal one change I would make is every Friday I would create fun and learning activities of all the class subjects. Also have a bullying class students can take to prevent bullying.

If I was the principal one thing I would change to the school to make it safer is band the violence and make the time that you get out to like 2:45 or 3:05.

If I was the principal one thing that I would change to make the school feel safer is to get more securities and cameras.

If I was the principal the one change I would make is to get rid of the swings. I would get rid of the swings because a lot of kids get hurt from those. For Ex. Some kids jump off the swing and might not land correctly. 2. Kids might run on the wood chips while other kids are swinging and might get hurt/kicked from the people swinging.

If I was the principal the one change is to have more scerife

If I was the principal the one thing I would chang to make the school safer is that there will be police officers surrounding the school.

If I was the principal the one thing that I would do to make the school feel safer is to have the camera on at all times.

If I was the principal what I would do is to put some camera in the locker room, restroom, and in some classes where most of the kids behave bad or if they try to hide something.

If I was the principal would add polices.

If I was the principal, I would change on how big the playground was.

If I was the principal, I would engage with the school more and see the problems, if any at sight instead if internet. Also I would get more security.

If I was the principal, I would have more police men on campus.

If I was the principal, I would have teachers do something about it when a kid is disrupting a class because some of the teachers here seem to not care and ignore it.

If I was the principal, I would make the school feel safer by making sure that people are not mad and do something with bullies.

If I was the principal, I would one thing to make the school safer by alarms around the school.

If I was the principal, I would put a sensor around the campus and school grounds that senses if a gun or weapon has been brought to the school, an alarm would go off and doors would automatically lock.

If I was the principal, I would say to all of the student to stay away from a stranger's that you don't now.

If I was the principal, I would try to have more security guards surveying the area, because if 1 security guard is on one side of the campus, then there could most likely be fights across the campus or somewhere where they can not see.

If I was the principal, I would try to help and talk to people that don't feel safe in their school to make them feel safer.

If I was the principal, I'd get rid of the lock down drill. It didn't give that classroom in Florida safety. Instead, they were sitting ducks expecting nothing bad to happen. The lock down drill doesn't keep us safe. Sitting down in a class room with doors(probably) and windows that can be broken down so easily doesn't sound or feel safe or secure. The fact that there's nothing that the teachers can do except lock a door and a window to make us feel "safe" makes us feel 100% vulnerable and scared. If there is another way besides sit down on the floor and wait for the shooter to kill me and the school, I'd use it in a heartbeat.

If I was the principal, one change I would make to feel safer is have 1 or 2 securaties at the school just in case a lockdown or fights.

If I was the principal, one change that to take out all bad or trouble makers out of the school.

If I was the principal, one thing I would do to make the school feel like a safer place is nothing because the campus is already a safe place to me.

If I was the principal, one thing I would do to make the school feel safer is not sure what I'd do actually, I mean I already feel safe so I don't know.

If I was the principal, the change that I will do is to bring more thing that could save kids life.

If I was the principal, the one change I would do to the school to make it feel safer is that I would put a brick wall and then put the fence in front of the brick wall.

If I was the principal, the one change I would make was seating in the cafeteria (lunch time). We sit in alphabetical order which causes losing your appetite because you have to sit by a impolite / gross eater. Maybe you have to sit by a bully or somebody that does not like you, you cold tell an adult but that might cause the person not to like you even more so they keep on bullying that person. Lastly, you might be seated next to a physical bully that will never stop and ends up threatening if that person tells. That is what I would do to make this school feel safer if I was the principal.

If I was the principal, the one thing I would change is the fact that we can't have our phones on campus. I understand why and that we can't have our phones out in class, but the fact that we can't have phones on campus bugs me. We can't even use our phones afterschool. What if we were waiting for our parent on school campus and can't walk home. We would need to use our phones and call our parents. Some people say that's what the office is for but some parents don't answer unknown ID. I would really like to change that rule at school.

If I was the principal,one thing i change is the gates to make them like blocks to it could be safer from gun shooting.

If I was the principal,what is one change that I would make to make the school a better place? Well I would change the bully program and make it stronger.

If I was the principle I would change the way people enter the school area.

If I was the principle I would have more security officers that are looking out.

If I was the principle I would have the k-9 unit more often at school to sniff out the drugs

If I was the principle I would inform and have more drills for the students because most of the time students are not informed of anything.

If I was the principle I would make teachers come out during break or lunch and make them supervise everyone.

If I was the principle I would only have the kids that want to learn to have the good classes. Thats why the teachers here are less existed to teach because of all the bad kids they have deal with there sposed to teach us not yell at the bad kids that

dont want to learn. I feel like they need to make huge room and just put all the bad kids in them every day until they finally learn there lesson.

If I was the principle I would probably get 1 or 2 security guards to make the school feel safer.

If I was the principle I would probably not know what to do because the problem and environment change constantly and we cannot always prepare for whats going to happen. We can try to prevent bullying and suicide etc but we can only do so much. It is truly up to the individuals who are going through it and they are the ones who have to truly want to change we cant want it for them.

If I was the principle is to start a talk about your feelings program. When kids come in they could sit down and talk to the principal about your feelings.

If I was the principle of the school and I could make one to the school I would put cameras around the school property so the security and principle or principles can see what is going on at all times.

If I was the principle of this, the rule I would change to make the school feel safer is to have tremendous amounts of security officers all over the school.

If I was the principle one change that I will make is if someone looks their having a rough time I would go to them and talk to them and make them feel that i'm their friend because that's something I never see any adult do at this school.

If I was the principle one way I change I would make to make the school feel safe is by the fences turning into gates for people not to break in.

If I was the principle something that I would change that would make the whole school a bit safer is that I would make all the students talk to their counselor once in a while to make them talk to their feelings or talk about their problems to help to seek help.

If I was the principle, I would get more security guards.

If I was the principle, i would make the school feel safe is to bring more cops..

If I was the princpal, I would stop the bulllys from bully people and spread rumoar.

If I was to be principal I would have security to protect our school and keep us safe from danger.

If I wear the principal I would add security cameras to feel more safer.

If I were principal one change I would do to make the school feel safer is keep an eye on disrespectful students that are harassing other kids instead of just leaving it alone.

If I were Pricipal I would have an officer to protect the school.

If I were Principle of the school I would want a safety officer in every hall way like English , math , science , history and elective . I would want the P.E teachers to know what to do when someone is there when their not suppose to be , instead of hiding from it .

If I were a principal I think that i would have a better fences so that the kids could feel safe.

If I were a principal I would have securities incase of a lockdown, fighting, or people ditching school.

If I were a principal I would actually give my students the ability to learn more. For example, provide them with the necessary technology IN CLASS.

If I were a principal I would but I would be more strict with the students.

If I were a principal I would but bullet proof windows.

If I were a principal I would care more about the problems that happen at the school. For example, if a student is not getting along with another I would handle his/her problems a little better.

If I were a principal I would change that the gates be closed when students are out for lunch or break and students pass through security inspections to make sure there are less chances of any shooting to occur.

If I were a principal I would change the doors and have more security

If I were a principal I would get security to watch out in the field and in the front so kid won't ditch school. I mean no one has done it but just in case.

If I were a principal I would have 1-2 lock down dills every month. I would have better rally's like south such as banda, have people out of the stands and have fun and only have one rally of all grades together instead of two rally's

If I were a principal I would have a one month check on the students to see how they are doing.

If I were a principal I would have everyone be safe nd more positive at the school.

If I were a principal I would have make the windows and doors bullet proof.

If I were a principal I would have more adults on school grounds.

If I were a principal I would have more security guards .

If I were a principal I would have more sercurity guards that are not strict cause then they would probably feel uncomfortable. More security guards like jason

If I were a principal I would have security guards.

If I were a principal I would hire more security guards.

If I were a principal I would hire security guards for the school.

If I were a principal I would interact with the students a lot more so that they would feel like the were in a safe enviroment.

If I were a principal I would make a button for lock downs that lock all doors on campus.

If I were a principal I would make new rules for the students such as having security guards around the school making sure no one is fighting.

If I were a principal I would make sure there are more securities so there wont be to much danger happening.

If I were a principal I would make the classes shorter because no one likes to sit down for a long time.

If I were a principal I would make the school safer by solving their problems.

If I were a principal I would make there be more security guards or more principals so there wont be anymore fights.

If I were a principal I would not give the homework and let them use their phones to play fortnite.

If I were a principal I would put more gates around the school.

If I were a principal I would show off more the clubs for everyone could at least be in one club

If I were a principal I would stop the insults that bullies say to other kids.

If I were a principal I would take immediate action and often do drills for any circumstances that can be caused by an armed person or a threat. Depending on the situation I would go over the drills often for the students to understand which one is important at the right time.

If I were a principal I would, sometimes go to their classroom to check if the kids are safe and I would check if there is anyone outside so I could leave the kids to play.

If I were a principal and wanted to do something safer for the school it would be having some kind of underground basement for every class in the school in case of a lockdown we can hide underground but it has to be camouflaged so they won't notice it.

If I were a principal and wanted to make my school feel safer I would not make it seem like our school is not safe but to make it a happy place to forget all that negativity. Like having a break before a period. Selling different kinds of snacks and foods during lunch everyone would enjoy.

If I were a principal at a school I would try to plan fun activities at school so they know school can be a safe and good place to be.

If I were a principal at school I would be more stricter on the kids that are constantly getting in trouble and give them no more chances.

If I were a principal at school I would change the bullying to stop and to stop the students from being disrespectful to the teachers and other students. :)

If I were a principal at school I would change the bullying to stop and to stop the students from being disrespectful to the teachers and other students. :)

If I were a principal at this school I would change all these people in gangs like people that are in big groups and talk a lot of smack.

If I were a principal here at Madera High, I would better the food and increase less cell phone activity unless listening to music because there are kids at school that can only focus with music as a distraction.

If I were a principal I would have students carry a lanyard with their ID to see who they are.

If I were a principal I would make changes to the doors, so that all doors on campus would be bulletproof and automatic lock when a situation occurred.

If I were a principal I would not tolerate bullying, unfairness, and I would suspend or expel the students the 2nd time I tell them

to stop bullying.

If I were a principal one change I would make is making sure there are security at every gate and building.

If I were a principal one change I would make to have a school feel safer is to add securities that really protect my school.

If I were a principal one change I would make to make the school feel safer is to interact with the students and try to see from the students perspective.

If I were a principal one change I would make would be to find the classes with the worst grades and survey the students on their grade and see what is happening and hire more security guards do more drug checks, have student spies.

If I were a principal one thing I would change to make the school feel safer is have security guards all around the school and have cameras place to place.

If I were a principal one thing I would make safer is not having any people getting bullied.

If I were a principal one thing that I would change is how others treat others.

If I were a principal one thing that I would change to make the school fell safer is by making sure who enters the school and have pictures if they are on the picture list.

If I were a principal than I would put security cameras on every building that has a police caller when ever it sees a scary man with a gun or knife.

If I were a principal the changes that I would make would be to make more dances for 7th and 8th grade and for the 8th grade promotion I would make a dance.

If I were a principal the one change I would make is to add guards.

If I were a principal the thing that I would do is to have more security in all the entrances of the school , it can help that no one can get inside the school . or they can make sure that the people who come don't bring weapons or things that can hurt others

If I were a principal, I would make separate elective classes for 7th and 8th graders because I believe students would feel more comfortable with students their same grade level.

If I were a principal, I would definitely provide more power-points about bullying and harassment to show to 4th periods classes or provide more posters around the school about anti-bullying so it makes more awareness that students get help. We do not have enough of that.

If I were a principal, I would establish a rule about having security guards inspect the campus for anything suspicious or if anything violent is occurring.

If I were a principal, I would have a school nurse on site more often because we almost never see a school nurse on our campus.

If I were a principal, I would have metal detectors before they enter and more security on campus.

If I were a principal, I would have more security guards just in case anything would happen because there is almost always a lot of negativity going around.

If I were a principal, I would hire more staff tho watch over the students at recess.

If I were a principal, I would make a rule that indicates that all the security have to be their at lunch and that their has to be more security.

If I were a principal, I'd stop worrying so much about kids having their phones out during the morning, because were not even in class yet, meaning it isn't bothering or hurting anyone in anyway and what if we need it for an emergency.

If I were a principal, one change I would make to approach a safer school would be to make sure that EVERYONE has someone to talk to. Too many times I see people by themselves and I know what that feels like... it hella sucks.

If I were a principal, one change I would make to the school is that I would add more security guards.

If I were a principal, one change I would make to the school to make it feel safer would be to check everyone before going into school.

If I were a principal, one change I would make to the school to make it feel safer, is nothing.

If I were a principal, one change that I would do to make the school feel safer is to have more security for the students. ex. security guards.

If I were principal the one change that I would make to the school to make it feel safer would be by having more Second Step lessons because they help raise awareness, and I would also let the students have a say, it would be a nice change.

If I were principal the one thing I would do to change the school to make it feel safer is make panic rooms so when there's an emergency we can just go in there.

If I were principal then I wouldn't really change anything. It might only be me, but this school in general makes me feel safe even if I am in the front of the school or the back i feel safe.

If I were principal, I don't think I would change anything from the school because I somewhat already feel safe.

If I were principal, I would add more security and metal detectors at every school entrance. There would have to be multiple metal detectors and securities in order for the process to go by faster, but what matters is our safety more than anything.

If I were principal, I would add more security officers and on campus police to roam the grounds. This would give students a feeling of security.

If I were principal, I would at least add more security to the job.

If I were principal, I would buy a lie detector so I know if someone is lying.

If I were principal, I would change the punishments for fights harsher.

If I were principal, I would have a police dog on campus to help keep people safe.

If I were principal, I would increase the the number of times for random backpack checks to ensure the safety of our school.

If I were principal, I would interact more with kids and just let them know that they are welcome. Having a busy schedule could make it difficult and I understand that it can be difficult at times, but by interacting with all students I would hope that they start to feel some sense of comfort.

If I were principal, I would make school start a little late.

If I were principal, I would make sure everyone got along and that there was no conflict between anybody in order to prevent fights which would make the school feel safer.

If I were principal, I would make sure that helpers around the school would walk around the campus for anything that might hurt the kids or do something to them.

If I were principal, I would put is metal detectors at the entrance of the school to look out for any weapons. I would also put bodyguards.

If I were principal, I would put more students in every class.

If I were principal, one change I would make would be to have to have new food in the cafeteria.

If I were principal, one thing I would change to make the school feel safer is to have responsible students help out. These students could tell officers daily about some of the things that they see. They can also help students who are having a rough time.

If I were principal, the one change I would make to make the school to make it safer is to get more connected to the students. This is so they feel like they can trust you and so they know they're in good hands.

If I were principal, then the one change I would make to the school to make it feel safer is have another lunch line so that there are enough time for students to get their food.

If I were principle I would hire more possitive teachers like Mr. Hernandez who would make the kids more comfortable being here.

If I were principle I would tell the students to tell the teacher that I don't like to be brought down when I get a bad grade or do something wrong.

If I were principle I would try and interact with students at lunch more not just supervise making it feel like a hostile environment,for instance I would try and get to know different group everyday but not just that, try and remember the names and who they are.Not only that I would open up the gym and weight room for those who want to play off or work off any problems.To keep equipment from going missing I would recommend a sign in sheet for all equipment.

If I were principle the changes I'd make for safety would be to change the locks on all the doors of classroom and buildings to where you can lock them from the inside and not the outside.

If I were the principal, I would tell the gardener people outside to tell them to lock the gates so nothing bad comes in, and also check their backpacks so they have no weapons in them.

If I were the Principal I would make sure to hear both sides of the story because not often but sometimes they get you in trouble before hearing the other side of the story because some people lie to get people in trouble.

If I were the director, the only thing that aria is to put more security cameras and have three or more police.

If I were the principal I would add more security gaurds to make students feel safer.

If I were the principal I would change longer breacks because some kids aren't allowed to eat once the bell rings.

If I were the principal I would do practice test more often that are more serious than usual. The students know when the practice is going to take place, so they don't take it to seriously.

If I were the principal I would ensure that kids who cause fights could be in their own classes with others that cause problems as well. They would have security in those classes just in case someone got out of hand. To me, I would feel safer without the troublesome kids acting out in my classes. That is what I would do make the school safer.

If I were the principal I would get like 4 security guard and barbed wires for people can get in the school and cameras.

If I were the principal I would get metal detectors at all entrances of the school which would prevent weapons like knives or guns to enter the school zone. Yes this seems more of a "jail-like" scenario but it is what will make the students safer, and plus it is what the society today is basically forcing us to do. The students' safety is valuable and no student should ever be afraid to enter what is known to be a "safe place."

If I were the principal I would get more security guards and send them to check our class 2 times a week.

If I were the principal I would have body guards around the school to keep things safe and if any of the kids get out of control they can deal with them.

If I were the principal I would have more security guards at the gates.

If I were the principal I would have more security guards.

If I were the principal I would have security guards

If I were the principal I would have stricter discipline rules because most kids that don't always behave still behave badly because they think that they can get away with it when the teacher isn't looking. Also, there's a lot of drama with my peers and I feel like that's the reason there's been so many fights.

If I were the principal I would hire a lot more safety officers. also I would make students wear a uniform so no one wears inappropriate clothing or gang color clothing. Lastly I would for sure have metal detectors to enter the school in the mornings mostly for students but teachers too. I would do this so it could show if any one has a weapon or anything that can hurt others. This would really make me feel a lot safer.

If I were the principal I would hire more security guards to patrol the hallways and the perimeter. That could make the school safer for students.

If I were the principal I would include a day of the week to be a "No Bully Day" or a kind of activity that would make us all feel equal.

If I were the principal I would let kids have their phones only for Emergency use.

If I were the principal I would let students sit where they like, be with who they like, dress how they like, and be open to the students if they have any problems or concerns.

If I were the principal I would make people look at the dates of the food before the student gets it. I have recently drink 3 day overdue milk and it was nasty. it made me feel sick.

If I were the principal I would probably make sure that the district allows more security guards in the school to insure the safety of others.

If I were the principal I would put a security cameras around the outside of the school and i would hire one more security guard.

If I were the principal I would put security guards around the school gates to make it safer.

If I were the principal I would rebuild our school to give us more physical space along with play music everyday for lunch instead of only on certain occasions.

If I were the principal I would say that there can not be eye contact games. Such as: tag and dogdeball.

If I were the principal I would take off the LOP list make this school lit.

If I were the principal I would talk to every student just to make sure there okay .

If I were the principal I would wouldn't really change anything.

If I were the principal I'd wouldn't let kids be bullied.

If I were the principal and change one thing to make the school safe is will be having the person friends to be there.

If I were the principal and if I wanted to make my students feel safer I would do a number of things. First, I would make it clear that I care about everyone's safety and well-being. Then, would take actions to make them feel at home. In other words, I would get involved and introduce myself to everyone. Lastly, I would make sure it is my personal mission to see every single student has a successful school life even if that takes a lot of effort.

If I were the principal at Madera high the first thing that I would do to make it feel safer is the dogs that some other schools already bring out, the ones that can sniff out drugs and such, although that would probably send many students here to jail probably.

If I were the principal at our school I wouldn't change anything.

If I were the principal at this school to make the school safer I would go make sure that everyone is feeling safe about their learning place.

If I were the principal i would may rules more aggressive. Meaning only one opportunity , because in all of the experience the i have most of the people i almost fight , have already fight with other and learn nothing from what the school does .

If I were the principal i would talk to the students

If I were the principal of the school I wouldn't let all the people enter to the school

If I were the principal of this school I would change how kids are being treated.

If I were the principal of this school, I would have the security guards at every gate during school hours, so that intruders can not get in.

If I were the principal of this school, I'd like to add a few more security guards to make the students feel safer in case of a school shooting, etc.

If I were the principal one change I will make is have more teachers to take care of the kids on recess time.

If I were the principal one change I would make is that we can sometimes have our phones out during some school hours because for example we can be in a lock down and our parents would like to know what's going or are we safe and some students take out their phone are the teachers going to take them away during an emergency because it's still school hours?

If I were the principal one change I would make to make the environment safer is to spend two days for the whole school to learn how to protect themselves and how to handle certain situations.

If I were the principal one thing I would change about the school to make it feel safer is that I would be checking in in classes when I would have time so I could check if the classes are okay.

If I were the principal one thing I'd change is the classrooms. We need more classroom.

If I were the principal the one thing I would do to make the school more safer would be I would add more security to keep students safe at all times.

If I were the principal then I would want more Security

If I were the principal what I would change is that I would make sure no one brings sharp things to school and watch the computers all the time to see if they are doing anything they are not supposed to be doing.

If I were the principal, I would add a place where students can go if they have any questions but don't exactly want to talk to an adult.

If I were the principal, I would create a kind of calm environment. My school has a lovely environment, but it could use some fixing so the children don't have such strong violent tendencies.

If I were the principal, I would have counselors with personal experience so they can understand what some students have to go through at home, because some kids only hurt others or bully because they had a hard life.

If I were the principal, I would have security in front of every hall so then when the teachers need them they just call them.

If I were the principal, I would have the student's practice drills of any kind ALL YEAR ROUND. The students may forget what to do during a drill and provide drills all year round will help them be more prepared in case of an emergency.

If I were the principal, I would invest in metal detectors in the front and back gate because someone could be dangerous. Also I would invest in higher fences and maybe barbed wire if necessary.

If I were the principal, I would make less people get into fights.

If I were the principal, I would make sure everything is okay with the students, like check on them once in a while.

If I were the principal, I would maybe have security guards like they do at other schools.

If I were the principal, I would not make any changes. It is fine the way it is.

If I were the principal, I would put security cameras in the classroom or check in on classes occasionally to see the behavior of students and teachers. I would also have the counselors check grade trends of classes to see if certain classes have an issue developing.

If I were the principal, I would try to add more security to make school feel safer. It would also be to stop any fights that would happen.

If I were the principal, I wouldn't change anything. It's the students of the school that make it unsafe, not the staff.

If I were the principal, a change I would make would be for all teachers to keep their doors closed and locked during class time.

If I were the principal, one change I would make is to get rid of the windows in the hallways and have a metal detector at least in the front of the school.

If I were the principal, one change I would make to the school to make it feel safer is probably to add more security.

If I were the principal, one change I would make to the school to make it feel safer is that I would make sure bullies and mean kids are nicer and more respectful to others.

If I were the principal, one change that I would make for the school to feel safer would be for every student has to be at school at a certain time so those students can be checked for weapons being brought into the school.

If I were the principal, one change that I would make to the school to make it safer is let students have their phones with them at all times so in case of an emergency, students can contact their parents.

If I were the principal, the one change I would make is I would change the door lock. Instead of it being a key you would have to use a pin.

If I were the principal, the one change I would make to make the school feel safer is to get more adults around the school.

If I were the principal, what I would do was I would make better time schedule in the morning, so kids won't just be waiting early in the morning for the cafeteria doors open.

If I were the principle I would let people be able to access a phone from the school for any problems or emergencies.

If I were the principle I would let the students leave there phone on in case of an emergency.

If I were the principle I would make the school safer by adding more drills to the school calender

If I were the principle at Madera High School, I would let the students here have a WIFI connection to their device.

If I were the principle one thing I would change would be is to have security out all the time.

If I were the prinicpal I would actually do my job and take care of situations better.

If I were the school principal , one rule I would change is pretty much everything.

If I were the the principal I would add more playground.

If I were the the principal I would close the front gates and be outside with the kids to keep watch.

If I were to be a principal I would try to make the school safer by putting more securities

If I were to be a principal I would tell the students to respect.

If I were to be a principal, to make the school better I would put alarms if something was to happen.

If I were to be principal at my school I would have more than

3 friendly security.

If I were to be principal at my school I would make a small little break after 4th period if anyone wants to talk about something then they have the chance of going to the office or to their counselors to talk about what is going on.

If I were to be principal to make the school feel safer is to do drills often to have my students prepare.

If I were to be principal, one thing that I would change to make this school feel safer is have more security on campus rather than two or three.

If I were to be principal, the one chance I would change is the bully have safe benches at school.

If I were to be principle at my school I would have a passcode for every room like a security system.

If I were to be the principal I would add safety rooms so that if something is going on the kids could be safe.

If I where the principal of my school I would let kid make a phone call to their parents if something very bad happened to them or to everyone in this school.

If I will be a principal, one change that I would make to the school it would be, the dress code and have more safety for this school and also have our own counselors.

If I would be a principal i would get 3 or more counselor for they could talk more often with the student.

If I would be a principal i wouldn't allow bullying.

If I would be the Principal of the school I will put new activities, I'll put all the kinds of instruments for the students that they might want to learn how to play them.

If I would be the principal I would install security cameras all over the schools and class rooms.

If I would be the principal I would put more security in the school.

If I would make one change that would be, all student would respect teachers or they would go to the principals office. Without any warnings.

If I would the principal I would put the fences more up and close he front gate because there is always kids coming in and out.

If I would the principal of Madera High, I would enforce security. I would have several security guards at each entrance of school. I would also prepare/arm the security better. According to how school is, if an event where a person would enter an start shooting, I personally think that we would all die, honestly. Our security guards are not prepared. I have noticed that some security guards just talk, and sometimes I see them on there form. They need to be more alert.

If a kid has a safe space like a club room,drama room, or a band room let teachers release them to go there. If a kid is being bullied and on the verge of a breakdown and the class adds more stress letting them go to their safe space allows the student to release the stress in a non violent matter.

If any student bullies one another they should be suspended for 2 days with a apology letter to the person.

If anything it feels safe.

If certain students have a contract against someone, then that contract should be respected unlike here at our school. (Speaking from experience) -Brian Ortiz

If i see anything that is not supposed to happen I will try to stop it.

If i was the principle for a day i'll go check how the students are doing in class.

If i was to be the principal one thing that i would change to make the school to make it feel safer is to keep everyone out of trouble

If i were a Principal and i could change anything to make the school a better and safer place I would not allow kids who come to school and joke around everyday. It's affecting me and not only me its affecting this school. Teachers spend there days and time to help us learn and to get a good scholarship and this is what we give in return we should give the teachers respect and a positive mode to make them happy and to let them no we appreciate the things there doing to help us learn. So if i were a principal i would change.....

If i were a principal I would get more securities to make the school feel safer.

If i were a principal I would, get security dogs so if someone comes by with a gun or drugs the dogs would sense it right away and the children would't have to worry as much.

If i were principal one thing i would change to make the school feel safer is add more security around the enterance gates.

If i were principal the one change that i will make is to put cameras.

If i were principal the one thing I would change in this school to make it safer is I would want students to be able to stand up at lunch and be able to talk to their friends while standing.

If i were principal would change the amount of times we have drills. We should be practicing lock down drills once a month so that the students already know what to do when in this situation. More often kids don't know what to do and sometimes forget because they haven't practiced in a long time.

If i were principal, I would make things more exciting so people could loose the thought of not being safe.

If i were principle one change i would make to the school to make it feel safer would have to be to have security in all entrances.

If i were the director,would give them the same rule as obeying the teachers and that,do not say bab words and put more reles in the school also be good or good with other children, new grils or already have in the same school

If i were the principal i will care about the students and stop bullying.

If i were the principal i would

If i were the principal i would crack down on drugs.

If i were the principal i would get more security gaurds.

If i were the principal i would have security check bag every month for anything bad.

If i were the principal i would have weapon detectors so that no weapons would be allowed on campus for sure.

If i were the principal of a school one change I would make is to put better observance systems outside and inside school grounds to limit the blind spots for violent acts on other students.

If i were the principal one thing i would change in school is

If i were the principal one thing i would change to make the school safer is more on duty police officers.

If i were the principal one thing i'd change to make the school feel safer is get the holes in the grass filled in so no one can hurt their leg if they fall in one.

If i were the principle I would make sure everyone feels comfortable at school so students can feel safer.

If i were the principle of this school I would give the students more opportunity.

If i were to be a principal i will put more security's in the school so that the students will feel safe in class or while being in campus.

If i were to be a principal i would hire more security, to make sure there no fights at least not in school, and to make sure there is no ditching to stay focus in school.

If i were to be a principal i would tell every to respect each other & i would wanna do fun activites that would get people active.

If i were to be a principal, i would have more security. Also, pay attention to the students more often and what they are doing. There are many changes that i would do as a principal, the last thing would be to end bullying once and for all on campus.

If i were to be principal i would have better protocols in case of an emergency

If i were to be the principal in this school, one thing I would change is if having really bad behaved students, then they should be removed, This students can cause very much trouble that can affect every in someway.

If i were to be the teacher at a school I would let kids be use their phones. Because would've their parent ask them a question and they get no reply back. They will get mad because would've it very important.

If i where a principal at this school give more drills like what would happen in this situation and for the school shooting not keeping them in one spot and being able to run of campise if really nessary.

If i where a principal then i would have guards and big fences all around the school.

If i where the principal I would change the kids see thing all these things like school shootings and all other stuff, is because the kids feel that they are outcast and don't belong. if we change that thing like that would happen less.

If i will be a principal the change that I would do is get more security

If i would be the principal i would probably not add anything just because we already have the stuff we need.

If i would be the principal i would put a security so i can know that the kids will a lot more safer.

If kids have fights they need to have sepret things.

If I was a principal at the school, I would get to know every student which is hard to do with so many. Getting to know the students gives them a safe place to go to when they are bullied or know of someone that is getting bullied or anything else that can be harmful so you can target that area of need quickly.

If o was principal i would make metal screen doors over the windows like blinds so if someone is a school shooter they cant shoot the the metal screen doors over the glass

If someone got into a fight they should get suspended for about two weeks if they hit first and the person that didn't hit first shouldn't be suspended because it is self defense.

If the principal could change one thing is that they need to tear this whole entire school and build a new and more advanced and technological high school.

If there was a change, the change i would make is sepreate school lunches.

If was principal one that more safer would put watch tower.

If was the principal i would have police on the campues and have adults to talk to.

If were a principal I would make it a rule where all classrooms should have their door locked during class time.

If were principal, I would have more scurities.

If were the principal I would put more security watching at all times so kids don't get into fights.

If where to be a school principal one change that i would make is the security.I would add more security because when there are fight her at tj school the security don't come quick. Like n one fight the security came to late on she went to the hospital.so i would add more security.

If you are a bully at school you would have to go to military school

If you fight you expelled

If you get in a fight to be suspened for more than 5 days

If you get in a fight you get kicked out the school without warnings or suspension.

If you get into a fight you should be kicked out.

If you were principal and had to make the school a safer place I would add lots of cameras.

Ifi was principal and i make a change to make the school safer is to make the fence have like circle wires all around the school so no one can break in and try to hurt the students.

Ill bring more security guards.

Ill change have more security around the school

Ill kick kids out of school if they be raicst and ill make the school with more proection.

In all honesty, I would push for more school pride. As of now, I firmly believe MUSD is trying very hard to keep students safe at our school, in extreme situations, but if our staff would try to pursue finding new ways for students to take more pride in their school. I believe it would increase a safer atmosphere on campus, because people don't want to harm/disrupt something they take pride in. In short, if we were to get a majority of our students involved and excited about being apart of the Madera Unified School District, in would increase safety amongst our schools.

In my opinion it would be nice to make the classes bigger also it would be better if the school would not be that close to houces because there are some problems in P.E. class because of it.

In my opinion, I think more security.

In my opinion, I would want to change is to have safe/ emergency spots to go to in case of an emergency or natural disaster.

In order to make the school a safer place I would check kids for weapons.

In terms of recent events, more security, preferably armed, as that seems to be my main worry. This, and also our procedure for emergency situations should be modified: instead of throwing everyone into a corner, we should be on the ready to vacate the classroom from any exit, or if necessary fight back or counter whatever emergency is present.

In every class have a knife.

Increase security

Increase security

Install bulletproof doors and windows.

Install cameras in the entrances of the school and inside and have a full time security guard watching the cameras to make sure the school is safe from any threats.

Install cameras or get security guards or whatever.

Instead of emailing the students parents about there child's behavior maybe they should actually do something about it instead of just letting them know. They should at least call their parents to the school and discuss what needs to be done!  
AT LEAST.

Instead of punishment, I would introduce conciliation as a friendlier way to solve problems. It wouldn't make students feel bad at all if they did something not good, and it probably build good morals.

Interact with kids more and make them feel connected

Involve the students in more ideas and pay attention to the outcome of new ideas.

Is I were the principal I would have put out cameras so that if something happens we will know who did it.

It I were a principal i would get securities on campus only for 7 and 8 grade because that is when bullying, fights start happening.

It already feels safe enough.

It already feels safe.

It is alright.

It is good the way it is.

It is to go check all the classes and ask the students questions.

It would be safer if there were more security or adults on school fields.

It would be to add a soccer area.

It would be to have more security.

It's already safe.

It's safe enough already

It's safer how it is

JUST CHANGE IT TO NO SCHOOOOOL.

Just a little bit more security.

Just keep it the same.

Keep all doors locked

Keep an eye on people outside who are bullying.

Keep guns at school

Keep the cafeteria open all the time because what if someone with a gun comes and we have no where to hide because you guys keep the cafeteria close!!!!

Kick out students who don't try and are in gangs.

Kick out the bullies and also no waking up in the morning because i don't want to wake up every morning.

Kick out the kids that are trash and that don't care and the people who don't follow the rules.

Kick out the people who don't want education and give a chance to the people who want to be educated in life.

Kid will have to not play a lot of ruining game in the blacktop

Kids can sit with who they want at lunch.

La Vina school is already very safe.

Leave it like it is

Leave the gates closed during the day.

Leaving the teacher every where one campus?

Less class hour

Less fences because it feels like we are imprisoned.

Less hours

Let ever one leave during lunch doesnt matter what grade you are

Let every one be equal not unequal

Let everyone go out for lunch.

Let everyone have one lunch.

Let everyone play fortnite

Let everyone use their phones at lunch

Let everyone use there phone and have cops walk around the school for it can be safe igz.

Let kids bring munchies. Munchies = junk food.

Let kids have their headphones and phones out and make the gates have barbed wire.

Let kids have their phone in their desks because if something happened to someone then they have their phone ready so they can call someone also if something happens to the teacher and there is a lockdown and then all they do is get their phone from their desks and call their police or ambulance also their parents.

Let kids sell food. Have better lunches.

Let kids socialize more often. By making 1 lunch.

Let kids use phones before school starts

Let kids use their phones before, after, and during lunch.

Let kids use their phones.

Let me stay home and not attend school.

Let my students be on their phone more not just at lunch. I'll let them be on their phones morning, break, and lunch but if they have their phone out they wouldn't be able to be on their phones for 2 hole days and next one more day

Let phones be out in the morning.

Let phones on campus, just not in classrooms, unless you are given the permission too.

Let security be security and not worry about escorting kids out.

Let students sell

Let students wear their hood.

Let the students have a little bit more freedom. Maybe no assigned seats.

Let the students play video game if they have a 3.0 or higher GPA. Also help them with their problems.

Let the students use their phones. So they can contact people in emergency e.g. a school shooting.

Let them be .

Let them be more free and let them use their phones for emergency.

Let them play on their phones at break and lunch. Let them have Starbucks. Also let them have gum and sandals without straps.

Let them use phones

Let them use phones and let them have hair lines

Let them use their phone in class if there is an emergency call or text from their family.

Let them use their phone

Let there be less strict rules.

Let us bring our own food from home.

Let us dress as we want but properly.

Let us go on our phones

Let us have our phones out to help us

Let us have phones outside when we have recess or lunch recess so if there is shootings boom we have our phones right away but in classes no phones so we can learn.

Let us know if at any and all times we are in the little or most danger

Let us use our phones.

Let us use our phones.....pls

Let us use phones at school .

Limit the lunchtime to decrease the fights because they usually at the time.

Listen more to the students because the principle and vice principal don't really listen to us, and also instead of wasting money on useless things make the school way safer than it is.

Listen to the students more often.

Listen to what the students have to say like regarding P.E

Lock it down at night

Lock the doors.

Lock the doors.

Locking the school gates when the bell rings.

Longer breaks for students because 10 min is not enough for students to get breakfast because we have a lot of students and the places to get breakfast are small.

Longer lunch

Look for people that like their job

Lower the periods time and make lunch and break longer.

MORE ceerty gardes.

Maby cook some of there food on there own cause the pizza from the moring dont look so good and kids can get stomach ache. And maby let the girl show there bra strap cause like i mean its just somthing girls need for support and what is so bad about bra straps and boys sag and people dont seem to mind so why cant girls show there bra strap.

Make a lot of activities like rallys and assemblies and make all the students come together so some can get to know each other so they can come out of their shells to make it feel like a better school.

Make a safe area for kids to go to be able to talk to someone with out worrying about something bad happening, like being tormented by being bullied by their peers for "snitching" if a student feels they do not want to pull another in to the office and just vent, they should be allowed to do so.

Make all students show their ID's as they walk into a school gate.

Make all the doors locked in case of emergency and make sure we do drills for emergencies.

Make arlydays every day.

Make bigger fences and more security.

Make bigger fences around the school

Make buildings more availble

Make bullying less at school.

Make everyone feel equal

Make fences harder to climb.

Make it an indoor school

Make it feel positive.

Make it so that they have more time to get to class like a minute

Make it so you cant say anything or do anything to harm anyone.

Make less rules.

Make lunch and break longer .

Make lunch longer and lunch lines smaller

Make more activitys

Make more clubs and let us use our phone.

Make more fences.

Make more fun activities

Make more lunch lines

Make more poster of student to join club and explain to them how a club could change a person and convince them to join more activities around school

Make more room for lines so no one gets trampled on.

Make no running signs in the halls

Make people feel equil.

Make people not fight.

Make rules that kids enjoy and make them feel excited to come to school

Make school somewhat enjoyable

Make school start a little later.

Make sections on where certain students can play.

Make security check every students backpack to make sure they don't have anything bad that could harm others

Make some new rules

Make some sort of announcement over the comms at lunch saying something like "treat others with respect and compliment one another."

Make sure all gates are always closed

Make sure all gates are locked at all times and have security posted at each exit and entrance during passing, break, and lunch time.

Make sure every one is careful and no littering.

Make sure everyone gets along and make positive remarks and facial expressions and be fun to make students think your trustable, cool and funny.

Make sure everyone has positive thoughts.

Make sure everyone is in their class.

Make sure everything is locked.

Make sure it wasn't as crowded.

Make sure the security guards weren't two-faced.

Make sure people pay attention to other people

Make sure students DON'T get yelled at for small errors. I've been yelled at just for wearing headphones once. Also make sure that teachers don't touch the students without consent.

Make sure that all the students feel safe

Make sure that guards are by gates at all times

Make sure the floors in the cafeteria are not sticky.

Make sure the staff doesn't have a bad background and is good and will show the kids a good role model.

Make sure to let students know that they can come to me with anything and they shouldn't be scared to speak up.

Make sure to make it more secure

Make the classes shorter lol

Make the door window in the back smaller and do not have the entire wall windows.

Make the fence's a little taller.

Make the fences a bit more bigger.

Make the fences better

Make the fences higher

Make the fences more safe so we have a low chance of having someone on school grounds.

Make the food a lot better to eat.

Make the food better and add another lunch line.

Make the gates thicker so noone can get in.

Make the general rules fair and apply to everyone fairly. Make sure that the security is not letting stuff pass for certain kids their "friends" with.

Make the internet available for students.

Make the lunch line faster and hire teachers that will actually do their jons, but instead you guys hire teachers that dont do the right job.

Make the lunch lines faster

Make the lunch lines go faster

Make the lunch lines more organized,

Make the outside of the school put more fencing around it.

Make the punishments for cursing and doing drugs on campus harsher.

Make the rally's better like south like have banda, have everyone go at the same time

Make the rules more specific for people can follow them.

Make the rules of harassment less harsh and make people do some volunteer work for the school.

Make the school bigger

Make the school less out on the open and more harder for a stranger to get in the school. Have a cop in the school.

Make the school lunch better

Make the school more bigger and make fun ativites.

Make the school more connected.

Make the school not as large so that we don't have to look at them from a long distance

Make the sewers more effective when it rains.

Make the students feel more comfortable.

Make the yard duty people observe more outside.

Make there be more security.

Make there be no school and get a new job.

Making less security.

Making sure everyone knows what to do at a life threatening situation. Like so a lock down you would have to know what to do at that situation.

Making sure that all bullying are unaccepted in school because most of the student were bullied and that is affecting all school so what to make it safer is anyone who bullied a student well be expelled from school so that way student will not worried about getting bullied.

Making sure the gates are locked.

Martin Luther King is a very safe school and I don't think I would change anything.

Maybe put more attention in the students that are slacking .

Maybe get some security's or officers every each corner of the school.

Maybe more security guards.

Maybe, oh I don't know, locks on the INSIDE of the doors!

Me not being principle would make the school safer.

Medal detectors

Metal Detectors

Metal Detectors

Metal detectors

Metal detectors at each entrance of the school.

Metal detectors at every entrance like a prison.

Metal detectors to walk through.

Mettle detectors

More security officers.

More Discipline

More Guards

More Security

More Security

More Security and More Break

More activities that involve the students and their teachers.

More adults at lunch time.

More adults to talk to

More communication towards the students

More cops because the people from other school

More cops.

More drills on if something bad happened.

More drills so they students know that we are prepared for everything

More drills, maybe more security and bullet-proof windows

More fences.

More free time

More fun actives

More guard and built more fence.

More guards???

More lockdown practices

More observance.

More officers

More people on the lookout because some don't see what happens when not looking.

More people with guns. (teachers)

More physical sports and a police on campus

More police officers, pat downs, more searches with the dogs.

More protective staff??

More punishments and security cameras

More rules

More rules.

More school safety that are physically fit.

More securities

More security guards.

More security guards.

More security guards.

More security officers

More security or safety officers

More security with weapons

More security's on Campus so there is less chances of a fight to happen.

More security, more punishments for getting into physical fights.

More security.

More security.

More security.

More security.

More security.

More security. With all the shootings that have been going on i would really recommend that, and bullying is a big part of it as well. I would take it really seriously if i really was a principal

More sicurity guards

More staff and Security

More staff members around

More supervision of certain areas

More teachers

More well-equipped security guards.

More23 phone allowed

Mores security around gates blocking the end of compass grounds.

Most likely nothing because a lot of things are good here.

My School Would Make Me Safer

My one change will be to make me principal forever.

My principal should fix the doors that lock on the OUTSIDE

My school is already safe.

NO Bully

NO DRESSCODE. and get rid of the overly dramatic vice principal here, everyone hates her here.

NO DRESSCODEEEEEEEEEEEEEEEEEEEEE!!!!!!!!!!!!!!!

NO SCHOOL ON WEEK DAYS

NO dress code

NO! gang

New fences and gates, new doors, and new railings.

No DressCODE!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

No Glass on tables

No Legacy project

Better lunch lines

Bigger kitchen with more helpers.

Tarps that are made for rain

Bigger library

No Ms Calhoun

No Teachers

No after-school activities for the rest of the year with detention for the rest of the year for the kids that get into physical fights.

No big crowds or huddles at break

No bullying

No bullying

No bullying or they will be in a room for 20 days that will be their class.

No change

No drama.

No drugs.

No fighting

No fighting.

No fights

No fights and everyone be nice to each other

No fights and more security guards

No gang policy

No gang relates to this school at all, not even gang contracts. If you are gang related or you're just a want to be then you should get kicked out too.

No homework

No homework

No homework

No hot cheetos or any hot food for students health.

No kids "that think are all that" can be at my school.

No lunch detention after 1 late.

No lunch or break for those kids who bully & dont want be friends with people.

No mean teachers

No more bad kids that bully

No more bullies

No more fighting and the fighting will not happen anymore.

No more hoodies.

No more school.

No physical action

No running in the hall ways.

No running on the grass when it is really wet.

No securityyyyyy

No to feel safer but to feel free I would change the dress code like with sandals that we can where Jesus sandals and we can have some rips above our knees .

No violence

No writing in the bathrooms.

None, in my opinion everything is fine with the school

Not Hurt the Kids at our school.

Not including a security number for ap testing

Not let bulling and dont bring guns.

Not make students seem like we're criminals.

Not make students wonder around

Not put the school by a bad neighborhood,or check backpacks everyday.

Not really anything but help get some better teachers.

Not to be so strict and let the student be more free.

Not to have refocus just lunch detention.

Not to have rude kids!

Not worry about so much of kids and their cell phones and worry about big thing like dangerous things could bring to school.

Nothing The school is already safe.

Nothing because it already feels safe.

Nothing because the school already feels safe.

Nothing because the school is already fine and security is good, it all depends on the actual students.

Nothing because this school is perfectly safe and nothing unsafe has happened ever since the school opened.

Nothing because when it comes down to it, its the student not the teacher and no matter what you do there will always be that sense of being unsecured.

Nothing it is already great

Nothing it is good as is.

Nothing it is good the way it is.

Nothing its just the teachers fault

Nothing its safe enough.

Nothing its safe enough.

Nothing just have no rule.

Nothing really

Nothing really because everything is set to make us feel safer.

Nothing really cause my schools fine the way it is right now.

Nothing really i like it how it is.

Nothing really it is pretty safe in the school.

Nothing really the schools already strict enough

Nothing really this school in my opinion is fine just how it is.

Nothing really, school cant be safer no matter how many security guards or strict rules, people will get into fights and people will talk bad about someone.

Nothing really.

Nothing that i can think of at the moment.

Nothing the school is already safe and nothing has to be done to make it safer.

Nothing the school is safe as is.

Nothing this school is as safe as its going to get.

Nothing, all the rules are pretty good and keep us safe to a great extent

Nothing, due to the fact the more we attempt to make the school a safer place the more students will make you feel like there prison.

Nothing, it is okay as it is.

Nothing, the rules here seem pretty safe and there is nothing really to add.

Nothing, their is nothing to change it already feels like prison.

Ok do you get me i really think that spirit week sould be alot more out there then theses weak little things like jersey day i know that alot of people look and wait for that day but i think it should be sport day so its a lot more than just jersey because some people don't have that but they do the sport gear which is a lot more diverse. And to make the school a lot more safer is to not have mrs. moreno as a english teacher because i feel like she really doesnt teach us and it bothers me because i want to reach my full potential and this human stops me. I would love for you men and women at the board to fire her thank you, sincerly Rogelio Ramirez

On the days that we have lunch with the 8th graders i will seperate the 7th from the 8th.

Once a month monday -wensday let all teachers and studends have a day off.

Once in a while go to each class pick random students and do a pat down

One Thing I Would Change Would Be Getting 2 More Security Officers At This School.

One change I would make is that to not get the kids in trouble for some thing they never done.

One change I would make to the school to make it feel safer is to reduce fights and drama at school.

One change I will change about this school is having special periods for those who have have trouble learning or have a line of disrespectful behind them. Because kids think if you get into trouble , you get attention and they love attenttion. I believe a talk with their parents and if they don't care to report them and have them away from from any internet and send them to a boot camp school instead of suspention.

One change I will do to make the school feel safer is to close the back gates.

One change I will make is put higher fences so the balls cant go out .

One change I will make was online textbooks because the text books are heavy and the cant be lost or damaged

One change I would change is put cameras and build the bigger fences.

One change I would change is to be positive to your teacher so they can help you.

One change I would change to make my school safer is have securirty all around the school.

One change I would do is put security gars around the schools.

One change I would do is to get another security because the security we have in our school does not really do much.

One change I would do to make the kids feel safer is to add a talking about feelings program. So they can talk to the principle about their feelings at school.

One change I would do to make the school a safer place than it already is would be to have the building more safer from strangers.

One change I would do to make the school safer is make the fence from around the school taller so no one could come in if they don't come to school here.

One change I would do to make the school safer is make the students feel more welcome at school.

One change I would have Monday,Wendnsday,and Friday be early out

One change I would make at my school if I was a principal is I would have all the teachers treat the students fairly and hear both sides of the story before assuming something.

One change I would make at school would be to make the playground safer.

One change I would make for kids to be safe is that kids should just stay with the kids the same grade as them.

One change I would make if I was the principal I would put camera's outside of the classrooms.

One change I would make if I were the principal is to talk to the staff and help them be more happy and more progressive.

One change I would make is for lunch to go first and then recess.

One change I would make is get more securty

One change I would make is have more security persons.

One change I would make is have more yard duty and more security.

One change I would make is have security guards around the school.

One change I would make is having our phones out to make it safer.

One change I would make is make more clubs.

One change I would make is make sure other kids aren't getting bullied. The why I would do that is talk to the kids once a week and see how they are doing.

One change I would make is put a security.

One change I would make is that I would empower them to make their own decisions

One change I would make is that I would more clubs and activities so lots of people can participate in them.

One change I would make is that i'll put cameras so we can now when something is about to happen.

One change I would make is that students should not have an eight minute run and instead make the run a little shorter. This is for kids that have asthma. Sometimes they get too tired and they are barely able to walk. Also getting water is hard because there is always a long line.

One change I would make is to actually have counselors to have a personal connection with the students, not just grades.

One change I would make is to have securities.

One change I would make is to have the doors locked at all times.

One change I would make is to have the lunches be split up, this gives a chance for conflict that may be brewing to settle down a bit.

One change I would make is to make sure kids don't get bullied. To make them know they can talk to me about anything that makes them upset. To help them figure out themselves and figure out their lives.

One change I would make is to make sure there were activities that the whole school could participate in.

One change I would make to have students or the school safer would be to have students check their bags and make sure that they don't have any dangerous items or anything harmful to themselves or others.

One change I would make to keep the school feel safer is to have teachers see what kids are doing in class and recess

One change I would make to make the school feel safer is probably making a lounging area for students during break or lunch including shade and little benches out of the sun because most of the time the cool shaded areas are being used by other people and there ends up not being enough space for everyone else cooking in the sun. It's been hot this spring and I don't like being burnt to a crisp in the sun.

One change I would make to make the school feel safer is to have a little bit more higher security at the school so there won't be fights or more violence.

One change I would make to make the school most safe I would make safe classrooms maybe in every building so when an emergency kids could run into.

One change I would make to make the school safer I would make the kids that are bad to get punished.

One change I would make to make the school safer is to put locks in all the doors on campus so that when there is a shooting we lock it.

One change I would make to my school is put metal detectors at the entrances of the school.

One change I would make to school to make it safer is not bulling students.

One change I would make to the school if I was a principal is to have rules when you drop off your kid because there have been accidents when a car hits another.

One change I would make to the school if I were a principal would be to have longer time to switch between periods.

One change I would make to the school is allow the use of videos that display what to do or what options a person has in certain situations.

One change I would make to the school is have more safty officers.

One change I would make to the school to make it feel safer is to have a little more security on the premises.

One change I would make to the school to make it fell safer is to have more police and security on campus.

One change I would make to the school to make it fell safer is to make big fence.

One change I would make would be to hire a security and get cameras that keep watch 24/7.

One change I would make would be training teachers on what to so when there is a shooting happening.

One change I would make would be, to have doctors at school just in case people get very sick or have a mini hospital just in case someone breaks something from they're body.

One change I would try to make is not watching the children and what they say to others because if other adult say don't talk that way adults should watch what children say.

One change i will do in school is to have better restroom and better stuff for the kids.

One change i would change to make our school is big bigger thicker walls.

One change i would do is let students have phones.

One change i would do is to have all door shut at all times .

One change i would do is to make sure kids don't come with drugs.

One change i would make is CLOSING THE GATE DURING THE MIDDLE OF SCHOOL!!!

One change i would make is bumping the campus security and around it's periemter. Maybe making them more trained in certain siautions.

One change i would make is that to stop bullying other.

One change i would make is to have everyone in a place that can be seen or where adult can somewhat monitior kid in the high school.

One change i would make is to try and reach out to the kids that go to my school and try to make them feel more involved or more comfortable here.

One change i would make to make the school a little bit safer is to have like seperate lunch.

One change i would make to school, that would make kids feel safer is address everything seriously and increase the police on campus. Check everyone's id before entering campus.

One change i would make was to have security cameras

One change i would make would be is for students and teachers to be a bit closer and talk more so they could be comfortable enough to when it comes to dangerous situations.

One change i'll would make to this school if i was a principal. Is kids that get bullied can go to another class room and when they are bullied that can learn there in instead of a normal classroom that people get bullied.

One change I will make is put cameras

One change is to have security guards.

One change is in case someone is shooting up the school we could put a safe room that looks like a cabinet

One change is that for PE girls and boys shouldn't be trying to touch each other.

One change is to add like about 4 more securities.

One change that I can make the school feel safer is have security guards.

One change that I will make is more teachers to watch us and recesses and lunch.

One change that I will make is that kids work harder.

One change that I will make is to security in the school so they can protect the school

One change that I will make to the school, so it can be safer is to get rid of bullies. If we get rid of bullies there will be no more fights and the students will be safe.

One change that I would do is to not let students close to the gate because there could be someone watching them.

One change that I would do to help make the school feel safer is to make sure that everyone feels wanted, protected, and in a tranquil learning environment.

One change that I would do to help the school be more safer is have more teachers on duty.

One change that I would like to change is when you want to enter school whether it be bus, walking, or your parental guidance has to stop at a gate and type in a code that is assigned to your student, the code that we type in for lunch, and once they enter the code the computers will send it to the office and the people have to pull up the child's records and see who is picking it up and confirm with the records, or the names on the emergency card. Then the person could come pick the student up. And to get back out the gate go through the same process. I feel like this idea would make kids feel safer from school shooters because they could put cameras to see the vehicle. And NOT the cameras that banks have because they video if blurry and hard to see what is what. Get a good camera like the ones on roller coasters because on a roller coaster you zip by it at probably +60MPH and it gets a VERY clear photo of you. I would also not like to be afraid of who I am and not be afraid that I am going to get hurt or bullied and not be able to defend myself because of my size so I feel that the school should start a self defense class to certain people and to make sure that they won't abuse it to check their background records.

One change that I would make and it would be to make all the fences higher and get security officers.

One change that I would make if I was a principal is to put more police officers to secure the safety of the students inside the school.

One change that I would make if I was principal would be that the students would also be able to have an opinion in what will be happening or what will happen.

One change that I would make in order to make the school safer would be more interaction between the peers and the students and create more clubs in order for the campus to be inclusive. With more clubs and inclusion, students will feel comfortable at school.

One change that I would make is have more security on campus, the reason being that with everything that is happening around us, I wouldn't want that to happen to us.

One change that I would make to make the school safer is to have officers.

One change that I would make to the school to make it feel safer would be to increase security inside and outside of classrooms.

One change that I would make, is I would have more security guards in case of an emergency to help get more students to a safe spot if there were someone on campus that is a threat.

One change that i would do if i was the principal to make the school feel safer is 5 min break.

One change that i would do would be to probably have more police officers on campus to make sure its safe enough.

One change that i would make would be have more protection at the school

One change that i would make would be to help students.

One change that would make the school feel safer is to not have easy access inside the school

One change the I would do if I was a principal would be that kids could play anythings at recess with supervision.

One change to make the school feel safer is to make sure there are no birds flying around to poop on you.

One change would be have alarms to notified the police department if there is something dangerous happening.

One change would be how easy it is to access the school grounds.

One change would be security cameras (more than 2). This would be important since we would know what bad things students are doing.

One change would be to watch the children get picked up by a parent safely.

One charge I would make if I were principal would be that we should have more school spirit and whomever is bad, they should be send a phone call home and SRC (this includes yelling across the room to your friend).

One i would do to make the school safer is to have a day named "fun day" and everyone gets to go and have fun and meet some new people.

One is ill invest money to get cameras for the outside.

One of the changes that I would make is getting more security.

One of the thing that will make them feel safe is to get them everything they need.

One rule that i would change is for students should be able to use their phones during break and lunch time.

One rule that i would have is no phones in class.

One thing I would add is adding more security and making sure that no one gets in fights and that no one crowds through the lunch lines. Another thing is to add cameras around the school to let students know that they shouldnt do bad things.

One thing I would change as principle of the school is either how clean the bathrooms are, or the amount of homework that is given to the students, who are already stressed from other things. The stress level is very high, to the point that i never want to come to school, but I have t anyways.

One thing I would change if i were a principal to make the school feel safer would be nothing since I think that the rules are already safe as they are.

One thing I would change if our a principal is to have Security guards.

One thing I would change is how the grade levels go together I would put 6th graders with first so they wouldn't be next to or near their enemy.

One thing I would change is that there would be more security around the school.

One thing I would change is the fencing around the school.

One thing I would change is to have more security

One thing I would change is to have more security.

One thing I would change is to put more staffs outside .

One thing I would change to make it safer is make the fences actually high and not so little.

One thing I would change to make my school feel safer is having security actually care about the good kids and not prefer the bad kids because they know them.

One thing I would change to make the school feel safer is to not allow kids to bully other kids.

One thing I would change to make the school safer to get security guards.

One thing I would change to the school is make the fence taller

One thing I would change would be to have longer breaks so students have a time to relax.

One thing I would do is add guards to our school.

One thing I would do is let the kids do what they want and to be able to trust them.

One thing I would do is make the students feel happier by making fun events at school to get their minds off of feeling not safe.

One thing I would do is to always lock the gates.

One thing I would do to make my school safer is have passcodes to get into classrooms.

One thing I would do to make our school safer if I were the principal would be to have more communication with the students and help them solve and comprehend their own social, physical and emotional problems. Like have someone the students can talk to with more freedom.

One thing I would do to make the School safer would be to have more security guards and teacher keeping an eye on students.

One thing I would do to make the school better is to have more security guards .

One thing I would do to make the school feel a lot safer is to have teachers be aware about what is happening in your class.

One thing I would do to make the school feel safer is have more security outside and teachers watching the hallways so nothing bad would happen.

One thing I would do to make the school safer is to stop fights.

One thing I would do to make the school safer would be to more security.

One thing I would include to make our school safer would be to make a plan of evacuation in case something major

happened in our school.

One thing I would make a change to the school to make it feel safer is more security.

One thing i would change is helping kids not get bullied.

One thing i would change to make this school safer is to have security guards

One thing i would do for students to feel safer is to keep security guards walking around often and actually being on the look out and not just standing around.

One thing i'll do is stop the bullying at school.

One thing is to have more security .

One thing that I could change would be to allow better school lunches that is more filling.

One thing that I will change is better staff

One thing that I will change is change how the teachers point of view because they make the student feel better and will not fight.

One thing that I would change if I was principal is to get a better security that is more on top of things.

One thing that I would change is to make some of the rules better like having earphones allowed.

One thing that I would change, is that I would make the students do drills and make sure they know what to do in case of an emergency.

One thing that I would do is take all the bully and mean kids to one class and teach them that bully and being mean is not a good thing to do.

One thing that can be altered, in order to make the school safer, would be...

One thing that i would add to the rules is that whenever a person enters the school they must be checked for any dangerous items.

One thing that i would change from the school is that make more activities that is more into the students, and that is more into current topic.

One thing that i would change to make the school feel safer is to have more security.

One thing to make it safer would maybe to have a backpack check so that there's no drugs or guns or anything violent they're thinking about.

One thing to make the school safe would be to make the fence a bit taller.

One thing to make the school safer would be for teachers to monitor students behavior and report if someone is behaving strangely.

One think I would to make people safer put police to protect are school.

One think if i was a principal i would make it safer by getting officer's.

One way is to get better security.

Opening the gates during lunch.

Opening up the 6-8 bathrooms so the 6-8 kids mess with the little ones (Also the little kids bathroom has no trashcans)

Outreach program for troubled youth

Parents should pick up important letter because students won't give it to them.

Parents that come to pick up or deliver something they get check if they have any weapons on them .

Pay more attention to who walks on and off campus.

People would just talk to everyone .

Phones allowed in class and a safety officer in every classroom.

Phones allowed or dress how they want to

Place more security guards or police officers on campus to stop fights

Police

Possibly have one or two security guards. Sometimes there are arguments on the black top that can lead to physical pushing and we need someone more legal to do that.

Possibly more security watching the campus.

Practice drills more often and also check on the students to make sure they are doing alright in and out of school.

Practice lock downs

Practice lock downs and fire drills once a week

Practice more drills of everything.

Practice more lock down drill during lunch or break

Prevent Bullying from ever happening again.

Preventing fights

Probably by locking the parking lot gates for the student parking.

Probably to have securities be around more often instead staying in the office

Probably would change how the teachers are. Most of them are asked for a pencil and they don't give it and respond with "You should come prepared to school".

Provide more security around the campus for those who can't speak up.

Ps si yo fuera el director lo unico que haria para sentirme seguro es poner camaras en todas las esquinas

Push the rules so no one can get hurt.

Put bars in the front of each window.

Put More security around

Put a electric fence around the whole school

Put a higher fiance around the school

Put a security guard in each classroom.

Put barbed wires.

Put bigger fences.

Put bullet proof windows and doors.

Put dogs in each corners.

Put medal detectors at every entrance of this school.

Put metal detectors and cameras

Put metal detectors at the entrance

Put metal detectors in every entrance of the school.

Put more boys teacher

Put more cameras.

Put more fences at school.

Put more order and security to protect students

Put more police on campus.

Put more safety cameras.

Put more saftey rules and start teaching little ones of the saftey rules.

Put more security.

Put more security .

Put more security guards

Put more security guards.

Put more security on campus.

Put more yard duty.

Put recycling bins outside during lunch to make the campus safer and cleaner. We will also be helping our community.

Put security cameras.

Put security guards in front of our school

Put security guards.

Put stricter rules on drugs and bullying.

Put the Security more spread out

Put working cameras around.

Putting cops at every open space of the school .

Quit

Random backpack checks every week or month

Random backpack searches every couple weeks

Real police guards.

Regular backpack checks and I would also have either more staff or security guards outside while we have free play.

Remove the bright orange vest because I feel as if those make us easy targets when we are out on campus. If there was an active shooter on my trip to the restroom I think I'd much rather blend in than stand out by wearing a super bright colored vest.

Replace windows for bullet prove windows and doors.

Reward students for their positive behavior. It could possibly make them less aggressive, which will result in a safer school.

SI FUERA YO SERIA LA SEGURIDAD DE LOS ESTUDIANTES .

STOP BULLYING! And have everyone else stop judging each other and communicate with everyone in our school campus

STOP PUTTING THE IDEA INTO GUYS HEAD THAT , the clothes girls wear are a distraction . women should wear what they want without feeling like theyre doing anything wrong

STOP SCHOOL SHOOTINGS

SWATS

School does great job when it comes to safety.

Scruty guards checking students backpacks every morning.

Secured fencing...? i guess ..

Security

Security

Security

Security gaurds

Security guards

Security guards

Security guards patrolling in AND out campus.

Security guards that actually look like they can defend you . Make security actually walk around the school and not the lunch line

Security guards.

Securty

Seperate grils from boys so then we can actually tell when there is gonna be a fight or something bad is gonna happen.

Sercuitys to stop standing around when they see a fight.

And when theres a fight and nobody gets caught to leave it alone because its been solve nobody has to get susspended.

Shorter classes

Shorter classes.

Shorter days,more technological advance robotic security droids (Securatrns)also hover craft transportation.

Shorter school time.

Slightly more security.

So I would probably have more adults on campus, even just to be walking around during school hours. I believe that just having more adults on campus would just make students feel more secure.

So far, I would not make a change.

Some changes I would make is that teachers should be more helpful and they should make activities more fun and that we should change some rules because some rules are unfair.

Some changes that i will make for this school, is to get more table because it looks like we have a lot but we don't they get fill so fast so some people have to eat somewhere else and its not the best time because its every annoying. The other thing is to give more shade it sunny outside and we get hot and all the spots are taken.

Some thing i would get more teachers to guard us ?

Something I would do to make it safer it would be to not let the kids close to the fence.

Something hat they could do to to make it feel safer is for them to do there job corrtectly.

Something i would change is if we don't get any referrals for a week we get an extra hour for recces.

Something i would change is that i would try and tell the students that threats are not funny and show them how real they can be and what would happen if there was actually one

Something i would change to make school safer is put more security

Something that I would change to make the school safer is having people know what to do in any type of emergency like us practicing how to and by having cameras in every room.

Split lunches so 8th graders have their own lunch and 7th graders have their own also.

Split the lunches with 8th graders one lunch and the 7th graders another lunch.

Spread out the security so theres less fights

Start a forum where students can discretely share information to authorities over warning signs that certain students have displayed. However, this would not be an officially documented complaint until the student warned of doing wrong action has committed a wrong action as to lessen the threat of trolls or misunderstandings. The warning signs alerted by other students can help teachers keep an eye on certain children's behaviors.

Start having security checks for any metal weapons or any weapons at all.

Start school late and get out early

Start school late so we can get more sleep for our education

Stop all of the fights at our school .

Stop assuming that only the troubled kids need help, and start looking at the bigger picture. I understand that not everyone shows just how troubled they are. I would focus on all students equally not just on the gangsters or cliques like that.

Stop favoritism from overall staff, let people bring food in.

Stop making up dumb rules

Stop more fights and if something bad happens do more about it.

Straight up have more security than what this school has because if something is about to go down we can have someone there that can stop it before it even starts. They can have bullet proof windows. They can also have nicer teacher here because some of them are very disrespectful.

Stricter rules on campus fighting.

Stronger glass in case of school shootings.

Students can wear hats and hoodies.

Students could go to school at 9:00 people will be refreshed in the morning everyone has there mind straight and ready to learn.

Students not getting dresscode.

Students that are bad multiple times get sent to a different class for the rest of the year to stop the constant interrupting and talking out loud distractions and can only see their friends at lunch .

Students that are bad will get sent to a other classroom and they will get a phone call home.

Students would be allowed to have access to their phones at a certain period of time.

Suspend bullies

THE FOOD

To have more officers and piolet

Take Stupid safety vest that appropriately wont get you shot

Take away the gangs

Take more action.

Take out all the kids with 3.0 GPA or lower.

Take out the bad kids and never put them back to this school.

Take out the disruptive kids out of class to help those kids who want to learn and take out the stress off of teachers.

Take out the fences so at lunch kids can go to their homes and eat what they want

Talk to students and see if they feel safe and if they don't, to give me advise.

Talk to students individually

Talk to the students.

Teach kids to first learn to handle a problem on their own, if they cannot, adults are aloud to step in and help. It depends how long it would've been going on for and what it was about.

Teach the students about respect and discipline. More than a power point, show the kids manners and politeness.

Teaching students some safe knowledge.

Tell parents to check their kids backpack before they come to school.

Tell the teaches to interact more with the kids, most teachers lag when inputting grades and dont talk much.

That Have your phone on u so you can call 911 if something is happening.

That I will have at are school to make it safer is to have to put lockers so no one can still are stuff.

That everybody would pay close attention to other people.

That i will add more securty

That kids should be able to use there phones to call parents in a emergency.

That line weren't a mob o people and that it was one person at a time waiting for food.

That students could have there phone out on campus only during lunch or break.

That they make better rallies like make more fun and more music

That to have bullet proof widow or armed secerity something to make the school safer

That we can chew gum because it helps handle our stress and it can be accepted until someone sticks it under something.

That we could use our phones during school

That we have less fights and less people gets hurt. Check on classes

That we would have more security's all around campus and cameras.

That when thiers subs I would really want them to be respectful with the students at every day at all time.

That when we come in to the gate that the person should cheak our backpacks so that they dont have anything in there

backpacks that there not supposed to have

That work more security

That you could wear hats or hoodies in class.

The Playground structure

The School lunches

The bad kids would be separated from good kids. They would get the attention, if they want.

The basketball court needs to be smooth.

The bus stop to not let the kids go at the same time.

The change I will do will be to make the school fun.

The change I would do is that I would fix the water pipes

The change I would make is that I would have security guards in the back in the front in the middle and by the restrooms.

The change i would make is that having police men on duties along with more security guards along the school and out of the school.

The change that i would make is to handle the bullying situations more better by actually disciplining the kids who are bullying others instead of giving the kids both harassment contracts when the kid who isn't even doing anything except sticking up for themselves is getting punished

The entrances of the school would have metal detectors

The fact that the rallies are separated into two groups doesn't make the school feel unified. If they were hosted in the stadium as a whole the school would feel more together.

The fence i guess

The food

The food, we always have the same thing every day and kids get tired of eating the same thing everyday the same that's why people been throwing food because their bored of eating the same food and they want to be able to have fun in our junior high because the teachers did to so why can't we have fun to because we won't have fun in the future because we will have bills and maybe kids so we have to have fun before it's too late.

The food.

The food.

The grading problems. Or people that you have problems with not to be put in your class.

The grading system is all messed up. School is hard some students need help.

The high school needs respect, especially with teenagers. That is one important thing that affects learning, students, and teachers. But it's also hard to keep respect at this school when lots of students do not care about it. It will also decrease physical fights and create more positive atmosphere here, that students will like.

The lunch line is unsafe make lunch longer

The lunch lines its all of a sudden crowded

The one change I will change to make the school feel safer is none of the students will say bad words and them names.

The one change I will do to make the school safer is to make sure that at every one is treated equally.

The one change I would change is have breaks once in a while to use our phones or just relax.

The one change I would change to make it feel safer is just making sure to have security scattered around the campus for safety reason other than that it is nothing.

The one change I would make at our school is that you could wear some things the school doesn't allow us to wear now

The one change I would make at the school is to make sure no one plans a fight after school on campus. It's common for students to do that and no adults taking action because they don't know what's happening.

The one change I would make is ID to use to come in out of the school like to come in and we show them our ID to come in.

The one change I would make is a very rude child.

The one change I would make is better security .

The one change I would make is do not bully .

The one change I would make is practice the drills more often.

The one change I would make is security

The one change I would make is that I would have securities.

The one change I would make is that we need more resdroom.

The one change I would make is they can make security all over the school.

The one change I would make is we need more security to protect it.

The one change I would make to the school to make it feel safer is add more security.

The one change I would make to the school to make it safer is I would have encouraging security in all areas at all times and some back up to help with injured students so they do not need to leave their position because what I have seen here is that when there are no security gaurds around bad things start to happen and I start to wish they were there because I dont really like the things that happen.

The one change I'll make if I was principal is to make the school more like a slave camp for all of the pesky "students".

The one change i will make to the school to make it safer is more teachers around the camps.

The one change i would change is to have Police Officers around the school to watch the students.

The one change i would make is that we need laner to keep are id for saftey.

The one change i would make is to get cameras for the gates

The one change i would make is to have security all around the school.

The one change that I would make is more security officers in the school grounds.

The one change that I would make is to stop the selling of candy on school grounds.

The one change that I would make would be to tell teachers they be more active and get closer to their students so the students know the teacher to trust.

The one change that i would make in school to make it safer is having no fights.

The one change would be getting more security guards around campus.

The one major change I would make is I would interact with students to make them feel they can always come to me and that they wont go through anything alone.

The one thing I will change if I were the principal will be the rule I think is a rule is were you can play ball tag.

The one thing I will change is that teachers will be armed.

The one thing I will do is to have security guarded

The one thing I will do is try to stop bullying.

The one thing I would change if I were principal would be to maybe add more security.

The one thing I would change is that make classrooms bigger because it gets small in the classrooms.

The one thing I would change is to have more security because we need them to protect the students.

The one thing I would change to make Parkwood safer is get security by the gates and back gates.

The one thing I would change to make the school safer is by being more connected to the student so they feel comfortable taking about what is in their life.

The one thing I would do is get security to make it more safer.

The one thing i will change to keep the school feel safer is to make the gate bigger.

The one thing i would change about this school to make it safer would be more security

The one thing i would change that would make me feel safer is to stop the bullying sometimes.

The one think i will do to make my school feel safer is to not bring bad stuff to school and to get well with one other.

The rallies are kind of boring there isn't really any energy invested. There is nothing that is interesting. I would like something that would just surprise me and that is hype . And also we are separated from most of our friends since the classes are split according to teachers.

The rallies here suck because they use the same four students every time to play the games. They use them some much I remember their names. They should have more student open games and not always pick the seniors to win... like seriously it's rigged. Also no more rally A or B why can't we all be together like in the stadium. Also can we get a bigger cafeteria and make lacrosse a sport because I would 100% join that. PLEASE. Lacrosse is fun and a lot of students agree. PLEASE. And again please make the rallies better. LACROOOOOOSSE!!!

The rule i would change if i was the principal is on ruing on the wood chips.

The rules

The school feels pretty safe as is. I can't really think of any change I would make.

The school feels safe enough, so nothing.

The school is already safe all I would do is make staff changes.

The school is already safe with all the security's

The school is already safe.

The school is pretty safe as it is

The school to not moewt you woes it some choess

The student should have a yarduty watching them wherever they go until they go home until they lean there lesson.

The teachers are so annoying and strict like omg like fr no one likes them

The teachers having pepper spray.

The teachers will be nicer. Also that if a student don't want a teacher to change her or to not be with her.

The thing I would change to make the school safer is that I would change kids to be nicer

The thing that I could change if I was principal would be lock the gates so no stranger can come in.

The thing that I will have to make the school feel safer is have more security.

The thing that I would change would be changing some of the rules.

The thing that i would do too make school safer is to give students more fun activity

The truth is I don't really know.

The way that I would make the school safer is to have secerty gruades.

Their should be at least 5 police men here on campus

Their would be dogs comming to classes once in a week

There is a lot of people hiding in this school that feel unsafe to be themselves. Either do due other students or even teachers. If I was principal, I would try to make everyone feel comfortable and try and calm all the drama and fighting. That is only making the school's reputation become worst than in already is. Pus, students might leave if they feel unsafe.

There is no way to make a place safe and more when a school has around 3000 students.

There is not anything that would help.

There is not much I would do.

There is not much a principal could do except help people get to college and ensure they are having the best education they could receive and that everyone is treated in most positive way possible without forcing anyone to act a certain way.

There is not to change.

There is nothing I think I could do with what I know to make this school safer. I do feel unsafe that we need around 6 security offcirs and one real police officer on campus at all times.

There is nothing I would change.

There is nothing that i would change

There is nothing that we need to change .

There is nothing to change

There is nothing to change because it is already safe.

There is really nothing to do because no matter what someone is going to fight or get jumped.

There isn't really anything else our principal always makes sure we are safe in all ways.

There isn't something i could do to make school feel safer.

There no such thing as being safe. Its just life

There will a week of fun day so everybody can take stress out.

There will be no violence and no fights in the school.

There will be zero tolerance for bullying

There would be a metal detector before the students go to class.

There would be at least 5 securities at every building armed.

There would be more safety drills.

There would not be one change because there is a lot of things that need to be changed like how there a kids that interrupt the lesson which distracts other kids and the teacher doesn't do much.

There's not really anything else I would do to make the school even more safer.

There's nothing I would change because I feel pretty safe at this school.

There's nothing i can do to make anything safe because people will always do whatever they want.

There's nothing you can do...

Theres nothing to change

Theres nothing you can really do

These not much we can do I already feel like the principal(s) do enough already.

They can help the students by helping them with there problems and spend more time with them.

They should have a teacher come and talk to them so they could have to talk to them how they are feeling and if they need anything so they could help them.

Think it would be to have more security

This school is already safe.

To have a lot of cop

To actually abide to a harassment contract between to student they don't even help, nothing changes.

To allow any type of games so that there wont be arguments between students and adults

To apply rules that keep them safe.

To at least have more people outside so no bad people come to the school and have more gates.

To be aleart when a student is getting bullied

To be honest I would'nt know cause we have allot of safety.

To be honest the change I would make to make the school feel safer is I would have scuirity and make sure everthing is okay

To be more fair

To be more resposible

To be safer i would put I a little bit of widow because if there a lock down drill we will be safer so they won't see the student.Or security that will make the student safer.

To bring more staff to breaks or lunch

To check classes twice a week to make sure nothing bad happens.

To check grown people when the enter the school to see if they carrying any sort of weapon.

To check people back pack and have body guards.

To check the food if they're not hairs or bugs in the school lunch.

To do what ever i what

To encourage kids to report anything bad that's happening.

To enforce the safety of those who might be targeted by others to get in a fight.

To feel express them self i would not in force the hair code . The on that say They cant dye anymore 10% to me it stupied because you guys thing they are doing something bad really . Having your hair dye pink purple because that isnt really serous . That the school teacher should get a 5% percent raise because they are dealing with differnet kind of kids and there job are really acttion hard. Although the new grading sytem because there are kids that do great on classwork but you have kid that are horrible on test . You can have an A in the class but if you fell the test it drops you down to D and F .

To feel safer I would probably be a little bit loose with the rules.

To gat more secerity gards.

To get more cameras and for the secriuty to be more aware.

To get rid of the people who were fighting

To get spaghetti at lunch and fries.

To hav guns in case of a intruder that has a gun with them.

To have more security and make the students more safer.

To have a little more of people to take care of us

To have a lot of teachers out looking around than normal amount of teachers would be because they're usually like 5 or 6 and then one on grass

To have access to phones when or if a real danger or threat occurs.

To have bigger gates.

To have cameras in rooms to know who is acting up or being mistreated

To have desserts every ones a week.

To have early outs on 3 times a day and have better foods and have more school party's.

To have guard and a great wall.

To have more adults at school to help students

To have more cameras in class

To have more cross walk teacher and to have a stop sign so when cars are coming.

To have more police at our school

To have more protection.

To have more security to make it safer.

To have more security at my school.

To have more security on campus.

To have more sturdy security guards around the school property.

To have more teachers walking around classes

To have security around campous to have an eye on the students.

To have security's with guns .

To have some programs for students to catch up on work

To have some security around the school to keep the school safe and protected.

To have the gates closed during school hours

To leave home more early and to have less time in class .Also to have less class.

To let kids use their phones

To let students have phones during school time.

To let us use our phone for emergencies which is like always.

To let you use your phones after school because its after school not during school.

To lock all the the doors of all the classrooms and have security cameras all over thee school.

To lock the gates of the schools and not leave it open

To make bigger gates and make bigger rooms and bullet proved windows.

To make cameras everywhere around the school so we know where if kids go to class or if there is a person on campus we will know what section of the school he/she is at.

To make change some of the food.

To make it feel safer I might put cameras at school.

To make it more safer I would put more police.

To make it safer I would say more security.

To make it safer is by having the gates locked up

To make it safer you could enforce more policies.

To make kids actually feel safe.

To make me fell safer I would put a security guard to patrol the school just in case if someone try to get in.

To make more space and more fun so people don't have any have to it.

To make my school feel safer I would have not as many security guards roaming around at once. I always feel sort of scared like there's always something bad about to happen that, so many officers are out and about.

To make my school feel safer, one thing that I would do is to increase the safety programs at our school.

To make our surroundings in the class room more accurate to being undistructable

To make sure all the talkative kids sit and learn in different schools.

To make sure everyone of the students follows the rules and safety rules on the campus

To make sure none of the kids are being bullied or getting into fights at school or online.

To make sure that there are plenty of security guards to protect everyone, just in case.

To make sure there is no bullying here.

To make the school feel safer I be connected more with the students.

To make the school feel safer I will add guards to protect and stop fighting in the school.

To make the school feel safer I would get more safer officer.

To make the school feel safer I would get more security because students tend to get close with security as friends and feel like they can talk to security if they are cool with the students. If their was more security students will have someone to talk to when they are in trouble and need help or even just needing someone to talk to in general.

To make the school feel safer I would have to have less kids at the school and only let the people who want to learn in a quiet class.

To make the school feel safer I would have there be a nurse at the school all the time.

To make the school feel safer we can have more security.

To make the school feel safer, I would have more security guards around so that less fights would happen.

To make the school feel safer, I would make sure everything is locked and provide company.

To make the school feel safer, I would possibly split the lunches like lunch 1 freshman and sophomore then lunch 2 juniors seniors or something so they could not get trampled if something were to happen

To make the school feel safer, I would do practice lock downs daily so students are prepared for danger.

To make the school feel safer, security should take aggressive children out of class when they are overstepping their rights.

A suggestion for the school would be allowing sophomores to eat outside of school if they have good grades and not have behavior problems, and teachers understanding that students have sports and extra activities that we participate in. Shorter lunch lines will be efficient for students who are in clubs and making lunch periods longer and tutoring offered more.

To make the school feel safe, I would help students out with anything they need to feel like their in a safe and secure place.

To make the school more safer is to tell all the kids in this school to turn off their phone so in case no bully is texting them and also to lock all these doors.

To make the school safer I would hire about 4 to 5 body guards.

To make the school safer I would implement some metal detectors.

To make the school safer I would put add more security.

To make the school safer I would add more security

To make the school safer I would put security to protect the kids.

To make the school safer I'd add security.

To make the school safer is that I will put more security and some cameras just in case.

To make the school safer is to have more adults.

To make the school safer they should search the students often when they assume they're up to something. Also, one change I would like to make in this school is to probably let students use phones during lunch because they have no teacher talking to them at that time and it'll be just like breakfast. What does the school have to hide?? That they treat us wrong or something??...

To make the school seem safer I would make the actual campus feel less like we are trapped and more open.

To make the students safe I would lock all gates, not let students out without a safety officer.

To make the student feel safer is treating them nice

To make this better and safer I would get better teachers

To make this school safer I would have the teachers tell me the problems they're having, so I could fix them.

To me things feel very safe in this school.

To not be a bully

To not be bad in school.

To not bring backpacks

To not bully other people.

To not get into a lot of fights.

To not have pot holes on the ground.

To not ignore the students at their worst moments. Have counselors ask students if they feel comfortable in the classes they're in. Help out new students more and make them feel COMFORTABLE!!!!

To not let kids interupt when the teachers are talking because it can make you lose focus on the work.

To not let people in class while we are learning.

To not make other people feel bad because they made a mistake when its their first try.

To not run on the grass with it is wet.

To pay attention how a teacher really is around students. If they have seniority it shouldn't make it almost impossible to discipline them.

To please check everyones bag when they come in to school.

To put better foods, and putting card pass activater in this school so only students, teachers, principals, custodians, and other people at this school will enter and not other people.

To put bulletproof windows

To put cameras on each corner.

To put locks at the gates so no one can enter to hurt us or put someone at the door.

To put stronger fences and to at least make more types of food because the fences are weak and you can easily jump over them also the food sometimes gets boring and sometimes it isn't even cooked right. Also to make some desserts.

To put tougher security guards and cameras .

To sell food at are school like hot dogs, burgers, and chips stuff like that

To stop bulling and discrimination

To stop bulling because some students make fun of people in class and the students get upset wanting to not be here at all.

To stop fighting and for animals.

To stop kids from "Bullying" other kids or to make kids stop talking smack about others.

To stop treating us like if we are really small and to stop treating other people differently.

To take student in the class

To teachers have a firearm on there body at all times.

Too make the school safer I would change some of the staff because most of them are very rude, and if I don't think that I can talk to you in an emergency how can I feel safe their.

Trained teachers

Treat everybody the same

Try getting close to the students to get to know what is going in their life that makes them act a certain way. And the lunch lines :)

Try to get better food the the students.

Try to get more safety measures and security in places where they are lacking.

Try to understand the student

Try too speak to the students how they feel about their teachers.

Um honestly , there's nothing really happens so.. I wouldn't know more security doing there job.

Um, i would make a rule that kids can come after school to talk about how they felt and how their day went and any concerns they have

Underground room where it is safe from shooters.

Unlock the wifi password

Use one of those tracker like from the airport.

Watch the kids 24 7

Watch what kids do more than the principal frequently does so there is nothing bad happening

We NEED more ADULTS!

We can get security guards.

We can use are phones

We need at least 3 policemen.

We need more security

We should have a police officer on campus that should have a gun so the school can be protected.

We should have cops in our school .

We should have cops.

We should have securities.

We would let the security check parents or older people's bags for weapons or bombs.

Well I think that is to not allow bad words so then it could be more better and even safer.

Well I'll will put security police and leave early at 1:10 on Mondays Wednesdays

Well I would let anyone where what they want but gang related

Well if I were a principal I would probably have police or security guards to check your backpacks before you get in school just in case there is something bad in there backpack.

Well not to be so hard on students like yes I would give students consequences for their bad actions but also let the students want to enjoy school but still get the education they need.

Well there is often police on campus and sometimes I feel like something is going to happen

Well what I would do to make the school a safer place is that I would let kids express their feelings in a class so they don't go doing something that they might regret.

Well, for one I would put better grammar like, "If you were a principal", not, "If you were principal".

Well, to feel safer... that just depends. I guess the school can use more security because when there is a fight it takes them a while to get there because they are somewhere else. Although the school can be safer by the food! I mean it is gross... most of the fruits have gone bad and the salads have also gone bad. The pizza is burnt most of the time, and the hamburgers taste like ash. So, I am too afraid to try the rest of the food.

What I would change from school is to have more protection at school so that students do not know more and do not know so that they have good protection and safety at school.

What I would change is

What I would change is not to put everyone in trouble just the one who starts everything also I want to put a little cops to make us feel safe.

What I would change is the way to get lunch because people start pushing each other when the line gets packed.

What I would change to make the school feel safe was get security for the school.

What I would do is get security in every corner of the school and let them use their phones for 10 minutes.

What I would do is have more cameras.

What I would do is put more security men to take care of the school and the students.

What I would do is to have the gates to the school closed not locked, and I would keep all the buses inside the school gate, and if teachers need to leave it would be open for them and so when they leave they would close after but for the gates I would get a code locker and know the code and the teachers would know also.

What I would do to make this school safer is to divide the good and the bad kids

What I will change is have more security

What I would change if I was a principal is to lock all the gates for no one can enter unless there teachers or parents.

What I would change is to have the students/staff to show their ID card when entering school in the mornings or whenever they enter school campus.

What i would do if I was a principal, is that I would have the boys in one class and the girls in other classes

What i would do is but cops at the school.

What i would do is close the gates when kids are out side in case adults come. Also if there is a fight i will separate them or have different time of recess.

What i would do is make the students not wear the vest and have a little sticker that has the period and what subject your in . Then i will bring back the rule were you could use your phone after school

What i would do is that i would is that i would make the windows of the classes higher or less visible to see through. If not that then make the doors and windows stronger. like bullet-proof windows.

What i would do to make the school safer is that tell all the kids that if they get in to a physical fight that it will affected there whole education.

What we have is fine.

When it is a lock down drill, they must be quiet because last time they were laughing and that was not right.

With all the school shootings, I would suggest putting metal detectors at every entrance.

Wouldnt put wood chips on the floor on the playground

YOU can use phones anytime during the day because its the students grade that is going down when they dont pay attention not the teachers grade.

Yard dudes.

Yes I would

Yes, I would i would have more security.

Yo no cambiaria nada.

You are allowed to sell chips

You cannot really change thing in school to make it safer place.

You could make the trouble makers have a different time of lunch and break. You could also put them in a class were all the trouble makers are.

You would be able to bring phones to school and take them out in case a problem happens.

You'll be able to use phone only during breaks

home school

honestly i don't know the world we live in is so fucked up there's not much we can really do to make the school safer we can't change the school its the people that have to change

how teacher teach student

how to make the school safer is to have more sec to protect the school.

i would have more security so if someone is getting bullied they have someone to go to

i would put cameras

i already feel safe

i already feel safe

i cant do nothing because the people are the ones in control of there own minds so it doesnt matter you always be unsafe. for example prison are suppose to be secured and people still die in there.

i could make a ruler that they have to be respectful with the kinds and other people

i do not feel safer at school

i do not want to change anything

i don't know because i don't want to be a principal but if that was the last thing i could choose is to have fun activites and h

i don't know but i guess i will let the student have there phones on there self on time and charge for in case in enmergye

i don't know there are a lot of thing to to that you think could make a school safer but you don't know if it would work

i don't like to make a chance at school because i think the we are safe

i don't want to be the principal

i dont have no response because i need to students ideas

i dont really know how to make someone feel safe because i dont know how they are feeling and why they feel unsafe but i would try to talk to the students and see how they are feeling and depending on that they are all feeling make changes but as far as that i would just keep the people that are unsafe try to keep there mind off of it.

i dont really know what i would change

i feel safe

i feel safe already

i feel safe here!

i feel school is safe as it is

i honestly don't know

i honestly don't really know?

i honestly dont know

i honestly have no ideas.

i honestly think that people should help each other out

i love my school the way it is.

i make it safer by have alot of people working there. i woud also have alot of security.

i probably change up the rules a little different,make them fair for everybody.

i really don't know

i really don't know to be honest

i really don't know what to change.

i really don't see a need to change anything.

i really dont know

i think i would add some additional classes for students who have a hard time being around others, it could be because they feel unsafe or they see unfairness

i think i would change change the security, because i feel students will feel more safe with security

i think is good

i think that the school is safe for everybody.

i think the one change i would do is that kids can wear what they want and listen to music during break and lunch

i think the school feel safe already, there really nothing i could change to make it feel more safer

i think the school feels safe

i well make people not fight

i well say no fight,dont talk back to the techer becuase they use a lot of time not teacheing and the people who were playing around they well said in clas longer.

i will put hall monitors for no cud run at the halls and and buy more save thinings for the school.

i will chang nnothing

i will change to be butter and the each of the lamertan.

i will change to no fights

i will change to stop the bullying.

i will do no bulloing

i will extremly fence the fence and lock it with chain

i will get like 6 or 7 yard duties to watch the school.

i will get more security

i will get more security for the school.

i will have more yard doote

i will have polices around campus

i will have securtiy in each class room and protect the kids.

i will have security

i will let kids stay more in rices

i will make a better soccer field and put gym inside the school and lockers.

i will make new rules an be safe

i will make one lunch for 7th graders and another one for 8 grader.

i will make securtiy scan their id cards before they enter campus to know it is one of the students.

i will make sure every student is treated with respect

i will make teacher ask every student they have if they are ok

i will put a lot of security guard everywhere in the school.

i will put security with taser.

i will tell the cops to pass by the school

i will tke all the bullies out of the school so it can be nicer

i wold put more cops on camps and i wold pot more tethers.

i wolud put more cops at school

i wood make the fences biger

i woould proble have a beter medical sistum and have more class out side

i would give them good food so that they wouldnt have to eat discusting food because the food is not safe,

i would go out and check more on students.

i would have ,ore security and keep every single door locked.

i would have 9th grade teachers 2 assignments from each teacher every week and for 10th 3 assignments each week from each teacher and 4 assignments for 11th and 12th not that much.

i would have all the doors locked.

i would have check ups with all students and counselors every month to see how there doing.

i would have everyone get there stuff checked to make sure theres no drugs or weapons on then

i would have gotten more security guard to keep and eye out outside, some stay out and some stay in, make sure all doors are locked correctly.

i would have more activities that way the students don't hurt each other and would be more focused

i would have more advisors walk around campus while students are out to watch over them.

i would have more police around also i would cheak the students when they entered the school site.

i would have more security and have counslers call students like every 2 weeks to check on them

i would have more security

i would have more security

i would have more security

i would have more security

i would have more security and more drills to be ready and prepared. Also i would make sure there are more areas to get lunch because i can't get my lunch any more.

i would have more security guard and police officer so people won't get into fights or other things.

i would have more security.

i would have more space for children to be at

i would have music and fun activities at school more rallies more time for kids to have fun

i would have officers or the SWAT

i would have one cop here at school or undercover cop

i would have people meet each other.

i would have police on campus

i would have police outside the school just in case something goes wrong

i would have resources for students to be able to talk openly about problems

i would have security

i would have security

i would have security check the bathrooms for students that smoke or fight.

i would have security guards

i would have security guards on campus during and after school hours .

i would have security or someone at each opening and for them to be walking around not just standing around

i would have some police with their k9s but not too much of them because the students would feel like they have no personal space

i would have the older kids separated from the smaller kids

i would have the same rules.

i would have toys at the school.

i would have us come early out every day

i would check backpacks for weapons every morning.

i would help students with behavior issues so they aren't as rude and are calm.

i would hire security guards

i would hire some police or security to make it safer for kids and also give teacher to defend with something

i would hire more security

i would hire more security for the campus

i would hire more security officers

i would hire more security staff and make sure their backgrounds are thoroughly checked, i'd make sure present and new security staff are armed and are properly trained with their weapon and hand-to-hand fight for the safety of themselves and others

i would hire guards to be outside the school and make sure no intruders walk in or sneak in.

i would implement more activity before class so kids can interact and get focused .

i would improve lunch line & have more activities

i would just try to talk and help the people that seem mad or depressed because they are usually the ones that want to hurt other people.

i would keep some students separated

i would keep the gate locked and make the doors lock with good locks.

i would keep the school system the same

i would let kids have their phones out because they may need to keep in touch with their guardian or for something that may have happened at home and can't say what happened. also would let the kids sit where ever they want in their class.

i would let kids use headphones and listen to music to help them relax if they're having a bad day

i would let the students be themselves.

i would let the students do whatever.

i would let them all have one lunch so they can communicate with each other.

i would let them eat in class so they wouldn't be distracting the students and teachers that way they could pay attention.

i would let them use their phone at break and lunch and before class but when they are in class they must have their phones off.

i would like to be a principal

i would like to change the windows and the doors to bullet proof because someone with a gun can come on the property and they can start shooting at classrooms.

i would list the buildings.

i would lock every door in the school.

i would make a boxing rink so the kids who have beef they can just fight it out

i would make a gym so if any thing happens you can go inside when you are in recess

i would make a half hour recess so we have more play time. a new part of the jungle gym its to small and it gets to crowed so a bigger part of the jungle gym. more tether ball polls. there are to many kids and the take long playing. sometimes on purpose.

i would make a indoor school.

i would make a self defence class for teacher to no how to take care of an emergancy.

i would make a separate lunch for all grades if it means no club meeting, no lunch carnivals,and/or even no raffles.

i would make activities for kids to get to know eachother

i would make it feel safer is i would bring a secretary guard so he can watch out for a shooter.

i would make it fell safer by letting them have more time to play outside

i would make it fun with food frenzyz every day

i would make it safer by putting security guards that have dogs but they don't bite little kids or bigger kids only if big kids are being bully's and bullying like kids but the dogs not to bite them just scare them

i would make lunch and break more longer.

i would make lunch break longer than how it is because if students are more active they will feel more comfortable doing work when done running,walking,or running from lunch break.

i would make more lunch lines

i would make should that everyone learns in a fun way and stop bullying

i would make some students make wear the vest.

i would make some type of program to help the kids the are bullied.

i would make students feel confurtable around teacher

i would make students wear the id card everyday to school and if they don't have it they cant get in

i would make sure kids wont bring things that could hurt childrens

i would make sure students have access to work at home.

i would make sure that all student are safe..We would have practice of a shooting drill...

i would make sure that there is a lot of security

i would make sure the food is good so they don't get food poisoning

i would make sure the students know that its okay to talk about their problems and if they don't want to talk to a teacher they can talk to a student or make groups so that they know there not alone.

i would make sure they are ok every 5 minutes

i would make them get security

i would make us keep the gates locked at all times, and if a parent wants to come in i would make a doorbell so they can know.

i would maybe ask the students to know what they want

i would not buy dumb signs and have security's in each corner of the school.

i would not change a thing because the school already feels safe.

i would not change a thing the school is really safe as is.

i would not change anything

i would not change anything

i would not change anything

i would of make the school have security and have fresh food that they make in front of you. I would also do more stuff.

i would probably kick all of the mean kids out.

i would probably make sure all gates are locked during school hours.

i would provide more security in the front doors at all school hours and to who everyone who comes into campus will be checked before entering

i would put a brick wall.

i would put cameras

i would put a cop on school grounds just to make sure the students feel safe.

i would put a gym in the back of the field. and have tackle football.

i would put a lock down button in the safety office, that will automatically shut all doors even the doors to the academic

buildings. With just a push of a button. I would also put bullet proof windows for all bulidings.

i would put a other playground with swings.

i would put better locks on the door so in case of an emergancy some does not come in

i would put bigger fences and have more securty guards outside.

i would put cameras

i would put cameras all over the school so no one with a gun can come in

i would put cameras around the whole school.

i would put cameras so i can watch whats going on and add more security guards.

i would put drug or we pone dogs

i would put in meadl deteders at school

i would put metal detectors,and dogs that smell drugs.

i would put more cameras

i would put more security around the school

i would put officers walking around the school.

i would put security and make bigger fences.

i would put security at every intrence and they will have a hidden gun and taser and i will put bullet proof windows

i would put security cameras

i would put security cameras all most everywhere

i would put security guards in each gate

i would really change nothing there doing a good job right now

i would recruit more security guards around the school

i would say don't play so hard if u do u only get 2 warning then u write up.

i would serve better food, i would serve pizza and stuff like that

i would start school late everyday and end school early and have better food

i would stop the social media problems and rumors.

i would stop the violence at the school.

i would suspend the people that get into to fight all the time.

i would take out extended learning so we have shorter classes

i would tell teachers if they can ask students how was their day going.

i would tell them to wear head gear and to carry a water bottle at all times

i would try to make everyone feel connected so everyone is familiar with each other

i would try to spread a lot of positivity in school

i would try to teach them more about what to do and have the cops know about a plan we can have something in case of an emergency

i would upgrade it

i would walk around the school to keep my eye out for things.

i would not make no change to this school

i wouldn't be principal even if i was offered i wouldn't take the job

i wouldn't change a thing because our principal does everything he can do to make it safe for everyone.

i wouldn't change anything

i wouldn't change anything

i wouldn't change nothing i already feel safe.

i wouldn't do anything

i wouldn't make any changes

i wouldn't make any changes our school is safe right now.

i wouldn't really change anything i would just make sure that the kids are being respectful to each other and to adults

i wouldnt change

i wouldnt change anything because students dont seem to respect it anyways

i wouldt change anything

i would give student benefits exchange for good behavior

id either try hiring more security at school or make the days of school times much shorter.

id have one day two week where everyone could just have fun.

id make the campus more beautiful

id quit the job

idk i dont want to be a principle

idk, i just dont want to be here

if I was a principal the one change I would make to the school to make it safer is to have extra recess.

if I was the principal and the one thing I would change about my school is having tall gates and having security to protect the school.

if I were principal I would just leave park wood the same it is since I don't know what to do on stuffs.

if I were the principal ,I would change is ...if kids are done doing there work they can take out there phones and play games and stuff if they're to loud take the phone

if anything bad would happen send security to check each classes.

if i was the principal , i would get people to stand in front of the gate.

if i am the principal was that i will have more police at my school.

if i as principal i would put barb wire on the top of the fences so bad guy don't hop the fence

if i was a principal and i could change one thing to be staff i would pick more teachers out in the field

if i was a principal at a school i would let students wear any thing they want for p.e because it doesn't matter you could still run in your own clothes.i would also let students eat chips like takis,and hot cheetos or other snacks.

if i was a principal i will let teachers look at the students backpacks

if i was a principal i willed have cops aroude the school

if i was a principal i would change a rule to putting some severity like on the schools to keep it more save for other students and parents would not worry about their kids.

if i was a principal i would let he students here at rose elementary have break for at lest 5 or more minutes.

if i was a principal i would let the students use there phones at break and lunch,and when they have free time.

if i was a principal i would put more cameras around the school.

if i was a principal one change i would make to the school to make it feel safer i would make sure we have a lot of security

if i was a principal one change that i would make for the school to feel safer is to make the school more respectful.

if i was a principal one thing i would change is putting the locks inside of class.

if i was a principal one thing i would change o make the school feel more safer is try to have more activity to make everyone feel like they belong

if i was a principal the one chance that i would had made to the school would be to put metal detector so that we can detect any danger weapons.

if i was a principal would talk to all stundents from all class to be good students and not to fight in resrooms and good kids and treat teacher right like their sopposed to because they do every thing for us.

if i was a principle i would add walls around the halls

if i was a principle i would higher more security and place them all over because what if there was a shooter, i will call them and they will all run and point a gun or attack or surround him.

if i was principle then to make the school safer would be having on duty security guards around the school

if i was principal i will make school a wonderful place to to learn and to have fun with other student .how by having presentation about impotent.

if i was principal i would get police officer in ever corner of the school.

if i was principal i would put securty

if i was principal one thing i would change is that the restrooms would be open in the morning, lunch.

if i was principal then i will change that is you get mad and start cutting your self and if you start cutting your self then i would suspend you.

if i was principal,eat chips, play in the playground for all grades

if i was principle and could make one change it would be to do nothing becuase sudents dont follow rules

if i was principle at school i would put more security guards

if i was principle i wold keep all gates locked

if i was the pricipal i would change two rules and only two rules the first one would be phones allowed in class but not durring teaching time or a test second rule would be that your allowed to defend yourself in a fight like pushing him of without being suspended because if u dont and no ones around which is most of the time you could legit bleed to death if u dont defend yourself

if i was the priciple i one thing that i will change to make it safer is to

if i was the principal and i was trying to make the school more safer i would install stuff to make the school as safe as possible so if there was ever a lock down the kids would be safe and didn't have to worry about nothing.

if i was the principal at this school i would put bulletproof windows

if i was the principal i will close the gate.

if i was the principal i will lock on of the doors.

if i was the principal i would change i would get more principal.

if i was the principal i would change from the school the back fence i would make it bigger so no intruder comes.

if i was the principal i would change the lunch detattion

if i was the principal i would make a change like on every Friday there will be a rally almost at the end of the year and at break time there will be face painting and there will be game like football or basketball

if i was the principal i would put bullet prove windows just in case something happen and i would also keep the doors lock from the rooms.

if i was the principal the one change i would make to make the school feel safer would be nothing because the school is safe

if i was the principal to make my self safer it will make the fence

if i was the principal what i would change to make the school safer is bully

if i was the principle i would change is add more rules.

if i were a principal I would give each parent a sign in card to they could get to the gate. Also something I would really change is to treat everyone fair. I Think that if someone is being bad they just don't blame that person they make everyone get in trouble when it was just one person. I would treat everyone fair.

if i were a principal i will make the gates taller and not see threw

if i were a principal i would be in the office and watch the kids outside

if i were a principal the one thing i would change to make the school safer is having our own gender classes.

if i were a principal, i would change the windows. i would like them to be see through on the inside and the outside not see through.

if i were principal i would hire security gaurds and get security cameras.

if i were the principal i would build a relationship with the kids.

if i were the principal i would do a backpack check every once in a while.

if i were the principal i would have more securities.

if i were the principal i would make the school safer by listening to kids who get treated badly and find a way to solve it

if i were the principal i would put metal detectors in the entrance of the school.

if i were the principal of the school i go to then i would add security guards.

if i were to be a principle i would change the amount of drugs there is in school because the securities only get some people with drugs in trouble not knowing who else has drugs

if i where principal of a school i would order uniforms so that we wont have some much trouble with dress code .

if i will be principal i will

if i will be the principal i will make too much changes in this school but one thing i would change is that all the school need more safety and teachers that really want to teach.

if i would be the principal i would advocate fro metal detectors and have them at the entrance that way every student could pass through them and have a safer environment for the youth so we can make sure that no weapons are on campus also.

if i'm a principal i should change the policy like the teacher is more rule than students because the some student dont have respect to teacher they are only eacy to say b words to teacher

if they could use there phones

if u have goals or coping skills it would be a safe invriormebt to use them

if you get in a fight you get tazed

if you get into any physical fights you dont promote

if your caught being disrespectful at all in any way you will be given detention

if your late you don't have to go to lose your lunch

ill make the school more smaller.

im not sure.

im not sure

im not sure

im not sure

im not sure

im not sure

im not sure yet

im not to sure what i would do to make it feel safer

immediately stop the kids that are kind of bullying so the other person pop off and also when we tell you to stop them stop them.

in my opinion, I can't really say because I don't see anything wrong with the school now. maybe a slightly longer lunch

increase security

install metal detectors around the entrances to detect possible weapons.

intact more with the students

interact with some kid that have trouble for they won't do something dumb

ion knoww

is that the school should have security camera .

is to make students watch a video in every class in 1 st period every month an inspiration of learning to help them focus more in there education.

is to tell be the kids that to verey nice or try to be nice and if your class is more nice get a pizza party.

it already feels nice and safe in my opinion

it already feels safe

it feel safer to me

it feels safe, the staff controled the one situation we had.

it is good

it nothing u can do to be safer

it would probably be more scrutiny gourds or a blood hound or some kind of hound

it would ti have more gates

its a good school. nice people

its already safe

its not really safer i think but something i would change is to not have to be in groups of three

its perfect #stallion pride

its safe enough.

just kick back and chill.

just let the kids go on there phone at break and if were too walk in a class room and kids being on there phones i would let them if only its okay with there teachers

just put and electirc fence with door that can only be opend by a controll panel ( like prisons)

just to upgrade the school a lot.

keeeeep theeee girlllllssss bathhhhhh roooooom cllleeeeeaaaannnnn!!!!!!!

keep an eye on the students

keep doors close

keep gates lock at all time in school hour

make the fence more higher than now.

make the fences bigger so no people will get inside of the school

make the fences bigger

make the punishment worse for the kids that fight.

make the safety officer stop going into the restrooms

make the school a little big. Just one or 2 chances for every student.

make the school bigger

make the school communicate better

make the school feel more welcoming

make the school have security

make the school have security locks

make the school more modern

make the school safer.

make the space bigger and rooms where kids could hide in case of emergency

make the students have two lunches 8th/7th

make the teachers feel trustworthy

make the teachers nicer

make the windows bullet proof

make them wear their ID cards around their neck to know they are actually students

make bigger gate

making the lunch lines faster because everyone is pushing each other and some fall

maybe better walls like stronger walls

maybe have more security

maybe higher gates and more gates

maybe like 1-2 more security guards. I see students opening up to the security guards and expressing their feelings which always helps. and plus there is only like 3 for the whole campus

maybe more security

maybe more TA's in classes kids complain about.

maybe put stop bullying signs everywhere

maybe putting stronger gates and fencing would be better and maybe a password that you email to all the parents so that no other people come in.

maybe to get real security and to train them.

nun

one change I will make to make the school safer is to more security around campus

one change I would change is helping more with bullying. I would change this because there are a lot of people that get bullied end up hurting them self or worse.

one change I would do to make this school more safer is metal detectors.

one change I would make if I were principal is to make a little more safe playground rules

one change I would make is less minutes in the classes and have at least one break between second period and third period.

one change i would do is get a security guard.

one change i would do is no more bullied

one change i would do is no running on the blacktop

one change i would make is for kids at this school to start class a little late.

one change i would make is provide more security

one change i would make is put cameras

one change i would want more safety officers around our campus

one change is there would no homework and we can always be on are phones.

one change is when it is really cold let people go inside to keep warm.

one change that we could be safer is that to close all the grates and we all have to be treated the same

one change you would make to the school to make it feel safer will be take our phone out.

one day u can do anything u want

one of the changes i would do if i were a principal was i would tell them to make sure the doors are locked

one of the changes i would make to this school is probably make one more gym.

one of the changes is a card to come in and out

one thing I would change to make my school safer is to security in each class to make sure no students have their phones out during class. and before the students enter a classroom the security has to check their backpacks.

one thing i would change to make it safer is have more guards

one thing i would change would be that to check back packs more often

one thing i would do to feel safer is to do more school activities or rallies.

one thing i would do would be for to more fights.

one thing i would so as principle is to get more security an a metal detector so no harm woud com into the school

one thing that i will change is have kids not bringing gang colors.

one way i would Change my school if i was the principal is i would walk all the kids to the car so if there mom or Dad did not pick them up and they were waiting in the office and they said that's my car i would have a teacher walk them out safe .

one way to feel safer is to have more security around the school.

only one boy teacher per grade

open the gates.

opening the restrooms so kids don't argue about going to the restroom one at a time

our school is already safe enough

potato chip

pay attention to everything

pay attention to students.

pay attention to the students more try making conversation with them

pay more attention to the lunch lines because of how squished people get and the amount of crowding makes people feel like they have to crowd too.

pay more attention to the students and not let them do bad things and thus they feel protected

people ot to litter so the segals don't come back

people getting mature

people that get in fights with others ill go into a different classroom

people to get along

phone could be used in class.

phone privileges

phones allowed at school.

phones and better food

phones are allowed on campus but not during class periods. also at lunch.

phones so when there is a lock down kids can call their parents.

place metal detectors

play five vs five in basketball

play games

play music

play safe

police

police guards

police officers

police officers security SWAT

police on campus

police on campus

police units on campus

polices

police in every corner of the school to make it safer.

practice lock down more

practice school shooting drills more often

probably have more activities and involve everybody

probably use your phone during school to text

probably have a high punishment for fights

programs

provide internet for students

put a metal detectors

put all the kids that go to src in a different school . or a different class and tell the teachers to kick out the kids that dont want to learn. also the kids that are always disrupting the class.

put better gates

put big wall for no one could climb on them

put bodyguards

put brick walls instead of gates

put cameras

put cameras

put cameras

put cameras all over the school

put cameras everywhere

put dogs on guard.

put fences

put guards in the school so nothing get i her and we can stay safe

put gold around as the fence so it blocks everyone

put guards at the front gate.

put in blinds so that way if we are on lockdown we can hide safer.

put in security cameras

put locks on the 6th grade bathroom stalls

put mirrors in restrooms,

put more boy teachers

put more cameras in the halls to see grownups or bullying

put more gates

put more gates

put more security

put more security

put more security

put more security

have people more nice to each other

put more security but with no uniform so students won't feel in prison

put more shade

put more than one officer

put police officers outside the school so it can make us feel safe.

put polices outside the school.

put safer gates around the school

put securities

put security camera in front of gate and back and sidewalk outside

put security guards all around the school.

put some guards at the entrance nice teachers and cement walls all over the school so we be so protected

put strong fences

put the trees away from the playground

put thing in the door so that the students or teachers could see who it is before opening the door.

put up cameras

put up posters and paint the hallway.

put watchtowers to check for dangers

putting cameras

que todos se tratan por igual , que se agan respetar unos a otros .

reach all the students before going in school at the doors

really nothing it's already feels safe

remove robbery as a pe teacher quick and from mud

remove the kids that bully.

rope for the climbing wall so you don't fall

safe places

safer no more fight

safer tools

scan your ID before entering late or coming back onto campus for of campus lunch

security with guns

securtiy gauds

self defense classes

separate freshman and sophomores from seniors and juniors during break or lunch like different times

separate the bad kids from the good kids.

separate the bad kids from their classes

separate the grades just like middles school

seperate all the kids

seperate kids

short lunch line

shorter class time and more outside time

shorter classes. longer breaks. another cafeteria.

si yo fuera directora tendria mas seguridad.

slightly more gaurds by the lunch line so they can catch the many people that cut the lines that shoove them selves into the line and gets to close to others and they begin shoving and causing a small conflict between students which may lead into cusing which to an argument and so on

some larger fences

some people don't like closed spaces or bring in a crowd, so if i were a principal i'd make more lunch line

some people in front of the school

something that would better is more security

something with bathrooms

sophomores can go out for lunch

speed up the lunch lines!

start coming to school at 12:00 PM.

start school later

stop bullying

stop bully's

stop bullying

stop bullying

stop giving warnings

stop kids from curseing

stop kms

strap security guards with pepper sprey and a gun.

stronger discipline

students are able to use cellphones

students should be givin the right to say something freely with out knowing they would get in trouble

students should have extra recess.

students would be able to go on their phones before the bell rings.

sucurity get guns

sucurety

suspend the bullies, make much bigger punishments.

take all bad people out and the ones that think there all that

take off the rubber lock on the door.

take off the safety vest off that apparently wont get you shot

take out all the annoying kids that think they are all cool out of the school so that people who actually care can have better benefits at school without being dragged down by dumb people.

talk to many student to see how there doing or if there okay

talk to more students often

talk to students

talk to students more

talk to the students a little more

taller fences

taller gates

tbh idek

teach the kids how to respond to bulling how to avoid it and prevent it.

teach the student how to be more organized so they could be better students and have better grades. To always have security to check everyone who enters the school.

teacher have guns for the teache

teacher shod have gun

teachers can have something to protect their students and themselves.

teachers to be more a-where to kids during lunch time. fix class room to look more clean nice. On rainy days there should treat it like any other day and let kids out so they could be with there friends but open the gym more.

teachers to be more involved with student so they can be able to go to them if there getting bullied.

tell the techer

tell people to be kind.

tell the security to actually do something .

that all the student will all be nice to each other

that every time you get a 3.0 or higher GPA you could play video games for a little bit of time. Also try to be fare with the students at the school.

that people won't fight and then they mite call down

that phones are allowed when you have free time because what if something majior happend and you need to call or notify someone.

that the kids dont fighth

that there is more security so that they are safe in school so that nothing happens to them

that there is more security.

that there should be no fights.

that we should take all windows out and put metles so no bulites will be able to go in . that is one way that they will be ale that students will be safe and no one will die.

that will not fight anymore

that you can were your hood in class

the break

the change I would do is put more security to protect our students.

the change to allow students to go hit the meth pen

the change to make it feel safer would be more security

the change would to get more

the class room

the dress code

the dress code

the dress code and no chewing gum and i would have one lunch that 1 hour and they play music and students should be able to date anyone without getting in trouble

the dress code and the rule of a boy and a girl can walk together.

the fence so no one can clime up and like u know and make fence biger

the food

the kids that bullied will get in trouble.

the lunch line

the lunch lines and let us get high and drink lean and pop pills

the lunch lines need a faster way to do the line

the lunch times because we get little time to ate

the new lunches cause the lanes to be chaotic, and hard to get lunch!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

the one change I would is cameras to the school.

the one change i would make is a security system after six o'clock

the one change i would make is practice the safety drills more often

the one change i would make is to have hundred security with dog s

the one change i would put two security people during the day.

the one change I would make is to make a bullet proof windows.

the one thing i will change the dress code so that everyone could pick something to take to school.

the one thing that i would let people go on the track

the playground

the principal can change anything he wants but stil wont make it safer .

the principal is charge to take care of the school.And to put cameras around the school .and in class room put all cameras

the privilege to eat in any class

the rules

the rules that we have

the school has everything to make it safe it don't need nothing else

the school is already safe

the school is already safe

the security should have better training.

the staff

the student don't fight don't play game the can be dangerous

the thing that i would do is to put all the bad kids with a strick teacher.

the time of class to be shorter

the was is change to school to make is if feel safer

the way I will make the school feel safer is by keeping an eye to watch for fights

the would have to metal ditectors.

there are no fighting and have security in are school

there can be more camers

there is nothing i would change

there isn't a lot wrong with the school, but there is one thing that i would change and that's the LOP list. If a student is one the LOP and wants to go to a football game or dance, they could get fed up and bring an armed weapon to school.

there should be recess for 30 minutes because I don't think kids get enough recess i see people playing around in class instead.

there should not be a dress code and everyone can wear what ever they want.

there's really nothing i would do because we have all the adult help we need and if their no help then i'll do something about it.

they can fight during lunch but dont kill anyone and you can use your phone and be on any website

they can get more sucartey

they need to change the lunch line they did not think it through.

to allways be good and nice.

to be able to have their phone on in case of an emergency.

to be carefull

to be nice

to be nice to other people

to bord all the way out

to build sometime that students can help from slether

to check if a kid has a wepon

to check once in a while if kids would have weapons or stuff that is not suppose to be at school.

to check your backpacks to may sure you have weapons or something to harm someone.

to everyone be happy in school and no one left out to everyone have fun to teacher be playing with kids

to get big fens

to get bodey garders.

get cameras.

to get more security

to get more security.

to get more staff member to help the school

to have a better control over gates

to have a better way to make your self safer if their is a shooter

to have a lot of yard duty/ security gaurds

to have an evacuation room like an underground bunker that's big enough to fit food gas masks and all the essentials and it could also fit the entire school

to have better locks on the doors

to have better teachers and not to be mean...

to have cameras around the school and have guards.

to have cops around

to have every classroom door lock

to have fast food available every mondays

to have guns

to have less time in class

to have more gates to product us

to have more people look at the kids

to have more safety stuff like more security guards, this is my opinion if u had 4 guards in the hallway and 3 guards in lunch time and when the gates open the 2 of the guards go outside and one stays inside just in case something happens.

to have more security at school

to have more security or have each security on each edge because that is when the unpleasant things happen

to have more work in class

to have no violence

to have people to guard the school

to have security around the school.

to have security

to have teacher take training class to protect their students in case of an emergency.

to help the kids that are getting bullied so that they wouldn't get bullied anymore i don't like when i see bullying.

to let people be what they who they really are =( i changed and don't feel good i used to be happy but now i'm just negative for the nuns and for getting suspended last year for something i didn't do and still no one believed me no one does.!!!

to let students be freely, whether it be the way they dress, their hair color, or however they feel their most comfortable

to let the students have more fun at school like for example extra curricular activities and more projects to work on during class.

to let the students use their phone at break

to listen to the students first and then judge what they are saying not because what they do affects about they are about to tell you. you know what mean

to lock all of the gates because sometime there are not open

to make Safer rules.

to make it seem more safer i would make the fields closed off so no one can get in i would make fences more higher.

to make kid safer in the campus

to make kids wear what they want to wear if they like those clothes so be it it's their style you can't take that from a kid let them be whatever they want to be let them wear whatever they want to wear

to make may school fill safer is to fire all the staff and higher ones that i would like so the kid won't have to worry about a staff taking every little too far and having fun.

to make people be respectful.

to make recess longer and put police in the gate

to make safer the school i would do the same things.

to make the area more bigger in school

to make the kids do more sports

to make the school better.

to make the school safer i think we should have our cellphone with us and have it on just in case something happens they can't use it but have on.

to me the school is already safe and i feel like nothing needs to be changed at all

to much active security shows us that something might be wrong.

to new friends

to not allowed drugs or any weapons around campus or in campus.

to not always follow people.

to not be bored in their classes

to not be cheap in buying things

to not break us up because they think we're in a gang because we have 5 people hanging out.

to not bring anything to hurt other people in the school

to not bully and try making students make new friends

to not go on other apps with out the teacher knowing and to not get in fights at school.

to not through any balls at the people if they are right in front of you.

to put security cameras everywhere, and in every room.

to stop bully

to stop bully at school

to stop bullying for real like i do not know mabye send the person to another school if that person bully's.or like a school for people who bully people

to talk to them

to the teacher to listen to use

to use youtube on the computers and have better lunch

to watch movies every day

treat peploe bhow you want to be tretwed

uhhhhh.....idk

um camers

umm maybe PUT THE FRONT GATE BACK!?! I honestly don't understand why they put it down now any one can enter the school.

umm more scereity fetuers

ummm better teachers and not have dumb rules and get evidence befor acousing a studint for something

ummm make sure that the bathroom doors can lock

understand the students and there situations.

update the buildings architecture, the school looks very negative.

upgrading the safety of the school.

use are phones

use phones at school without getting taken away

use your phones and bring ps4 only.

vending machines which won't take money and everyone won't argue and the students can get seconds of food

visit classes more often

waduheck

walls

warm the food because its almost cold every day

watch out for the snitches, snitches get stitches

watch towers

we can avoy fight by just beating them in a game of rock papaer siccor .

we can have are phones to help us

we can have more police.

we can hire more yard duties to the blacktop

we could have gum at school

we should be able to keep our phones in our pockets for emergency purposes.

we should get dogs for students that would bring drugs

we should have bulletproof windows

we will get security guard and cameras.

we will have security's .

we wont be as strict on the kids we will treat them like there highschoolers

we would be able to eat in class and eat during test

we would be allowed to talk back to teachers (only if needed) it would feel safer becuse sometimes when teachers yell it puts some kids in a bad mood.

weapon and drug detectors

weapons

well I don't wanna be a principal but if I was then I guess I would change that if a student gets in trouble then it don't matter.

well i will change the we have in lunch and walking around to see if every one doing.

well i would close the gates in the afternoon the one in the back and cameras around the school except for the bathrooms.

well i would have cops at the school

well i would probably next to a police or sheriff office make higher fences.Add alarms to opening doors or gate during school hours why would a kid leave why a adult would walk in.And hire sercuity so its a bit more safe.

well if i was a principal i would not have no fight or bully and make it better and safe

well if i was the prinicipal their no be no fight and lrean more

well maybe put camera to see if their an bully or an violence.

what I would change is I would have more securities.

what i think is really much nothing and i do feel safe in my school.

what i would do is change the dress code , because this prevents me from expressing who i am . like do you know how many clothes i have at home that i cant wear because of the dumb dresscode rules . it honestly irritates me and like how are cold shoulder shirts distracting . i just dont get it and for picture day at the beginning of the year i got dresscoded , so now in the yearbook im wearing an ugly shirt and thats going to haunt me for the rest of my life and im going to look back at that dresscode policy . many girls talk about this everyday , complaining about the dress code , and the clothes they cannot wear . so come on now and please do something about this .

what i would do is get better gates because they are easy to jump.

what i would do is serpate kids

what i would do is to try something new that i never had a chance to do in my life time

what i would is nothing because it all depends whether or not decide it to be safer.

when do are doing a worksheet we can let the students listen to music and be on the phones at lunch.

who cares about school. -\_-

wired fences

worse consequence

would have more activities

would make the lunch lines bigger and cafeteria bigger.

y pusi era nopelear noser pulin alos estudiantes

yes we should have bullet proof windows

you be able to eat when ever you want to but only chew gum sometimes.

you can bring chips

you can do anything
